## MSD NOTICE OF CONSTRUCTION

### CSO 191 7601 Production Drive Grating

#### In the City of Cincinnati, Hamilton County, Ohio

Cincinnati, Ohio, November 4, 2008 - The Board of County Commissioners recently approved funding for the CSO 191 7601 Production Drive Grating project. Managed by the Metropolitan Sewer District of Greater Cincinnati (MSD), construction is scheduled to begin November 10, 2008 and be completed by January 10, 2009.

The project consists of the repair to CSO 191 by relocating 208 feet of 12 inch sanitary sewer, installing a check valve in the new sewer, and installing 115 feet of 6 inch service lateral sewer. The project is located in the Roselawn neighborhood of the City of Cincinnati, Hamilton County, Ohio. The estimated cost of construction is \$96,954.00 and was awarded to TT Maintenance and Contracting.

This project is part of MSD's ongoing Capital Improvement Program (CIP), which is focused on continually updating and improving the operation of MSD's wastewater collection and treatment systems.

Every day, the Metropolitan Sewer District of Greater Cincinnati (MSD) manages the effective collection and treatment of more than 200 million gallons of wastewater and actively maintains 3,000 miles of sanitary and combined sewers that run through the 49 municipalities and townships of Hamilton County. Owned by Hamilton County and operated by the City of Cincinnati, MSD is committed to continually maintaining and improving its wastewater collection and treatment systems for the betterment of both public and environmental health.
