

Artist Welcome Reception
at the Clifton Cultural Arts Center
3711 Clifton Avenue 45220

Friday, October 2nd
6 pm – 8 pm

“

I am a sculptor/installations artist.
I work with found objects.
How can we as *artists*, in good conscience,
continue to **create** using more and more of
our natural resources when so much material
around us has fallen into neglect and ruin?
