

300 BASES

ITEM 305 - PORTLAND CEMENT CONCRETE BASE

305.01 Description

305.01 Description. Delete the first and second paragraph of Part (d) of this section.

ITEM 306 - ADDITIONAL PORTLAND CEMENT CONCRETE BASE

306.01 Description

306.02 Method of Measurement

306.03 Basis of Payment

306.01 Description. It may be required, under certain conditions, to install concrete base to a depth differing from that shown on the Contract Plans. The work under this item shall consist of placing concrete base to a depth differing from the specified depth of the Plans, at such locations as will be ordered by the Engineer.

306.02 Method of Measurement. The volume under this item will be the number of cubic yards (m³) of additional concrete base placed where ordered by the Engineer. When the additional concrete base ordered results in a base thickness greater than the specified base, only that quantity in excess of that in the specified base will be considered additional concrete base.

306.03 Basis of Payment. The accepted quantities of additional concrete base will be paid for at the contract unit price per cubic yard which price and payment shall be full compensation for all the labor, material and equipment required to complete the work of this item.

Payment will be made under:

Item	Unit	Description
306	Cubic Yard (m ³)	Additional portland cement concrete base

v. 11.1
