

QUALITY ASSURANCE

The Home Health Program utilizes quality assurance methods to certify adherence to high standards of client care. As a result of longevity and reputation for providing quality care, the Home Health Program has established excellent working relationships with area hospitals, health care centers and community agencies.

HOME HEALTH PROGRAM

The Cincinnati Health Department (CHD) Home Health Program has a long tradition of providing comprehensive nursing services to City residents.

Public health nursing services have been provided in the home setting since 1920. CHD was one of the original two organizations in the Greater Cincinnati area to become an established Medicare-certified home care agency. The Home Health Program offers a full range of home health care services to all age groups.

HOW TO BEGIN

P 513 352 3177

A Public Health Nurse will schedule a home visit with you to assess your needs and plan your care with you, your family and your physician.
