Administrative Insights will not be combined with other disciplinary actions, and shall be removed from the employee's personnel service record three years after the date of the incident, provided that no other disciplinary actions, charges of misconduct, suspensions, or demotion have occurred during the three year period.

This revision is effective immediately. Personnel should review Procedure 15.115 in its entirety. The revised procedure is available on the Department intranet and web page.

**2. REVISION TO THE MANUAL OF RULES AND REGULATIONS**

The Manual of Rules and Regulations has been revised. The revision to Rule 2.03 and Rule 5.01 specifically address an officer's level of neglect of duty and dishonesty. The Disciplinary Table, Section 15, has also been updated to reflect the changes to Rule 2.03. The Disciplinary Table regarding Rule 5.01 remains unchanged.

This revision is effective immediately. Personnel should review the Manual of Rules and Regulations in its entirety. The revised Manual of Rules and Regulations is available on the Department intranet and web page.

**3. INJUNCTION GRANTED REGARDING CITY ORDINANCE REQUIREMENT FOR SCRAP METAL VENDORS TO OBTAIN LICENSE**

Hamilton County Court of Common Pleas, Judge Robert C. Winkler, has granted an injunction halting the new City of Cincinnati requirement for individuals to have Scrap Metal Vendor Licenses. Department personnel should immediately suspend enforcement of the ordinance requiring sellers of Scrap Metal to have the required vendor's license. This ruling has absolutely no affect on the scrap metal "No Buy" list.

Additionally, the Department requirement for the district crime analysts to complete the Form 268B as outlined in the previous Staff Notes, is suspended pending the outcome of the above referenced law suit. Personnel with questions should contact Lieutenant Michael Fern, Policy and Procedure Unit Commander, at 352-4560, or by email: [mike.fern@cincinnati-oh.gov](mailto:mike.fern@cincinnati-oh.gov).

**4. POLICE CHIEF APPROVES WEAR OF NEW UNIFORM SHIRT AND PANTS**

The Police Chief has approved for wear the blue uniform shirt and side pocket pants based on the recommendation of the Uniform Pit Team. Chief Craig extends his thanks and recognition to all members of the Uniform Pit Team for their work and bringing the Pit Team to a successful conclusion.

New blue uniforms shirts, cargo pants, and updated Sergeant and Specialist insignia have been ordered for the Department. The new uniforms are scheduled to arrive in the early spring. Officers assigned to uniform patrol duties will receive four short sleeve, four long sleeve shirts and two pair of pants. Non-uniform assignments will receive one short sleeve shirt, one long sleeve shirt, and two pair of pants. The Chief has approved this allotment as the official issued quantities of uniforms for all personnel. Once these uniforms have been issued, a one-for-one replacement policy will be in effect. Supply Unit will not honor requests for additional uniform parts without a direct exchange. Two additional pair of pants will be ordered this year for all personnel, totaling four pair for all. Officers who wish to purchase additional uniform parts may do so from Roy Tailors after the new uniforms have been issued. A list of acceptable brands for purchase from other manufactures, including pants and shirts, will be published at a later date.

The new insignia for Sergeants and Specialists will be sewn on at the factory. Updating the insignia on issued coats, jackets, blouses, and Ike jackets will occur during the summer months. This process will be coordinated by Supply Unit and will be announced in the Staff Notes. **Personnel should not respond to have their insignia updated until told to do so.** Service stripes will also be added to the blue long sleeve shirts.

Although the Pit Team has ended, personnel who see a need for changes, eliminations, or additions of uniform related equipment are encouraged to submit their ideas through the chain of command to Supply Unit and Inspections Section for review and potential testing.

**5. PROCESS IMPROVEMENT TEAM ESTABLISHED TO IMPROVE THE OVERALL FITNESS OF THE POLICE DEPARTMENT**

Training Section has been approved to establish a diverse 10-15 member Process Improvement Team (PIT) to research, design and implement a Department fitness plan with the objective of improving and maintaining the overall fitness and health of Department employees. PIT team members are expected to attend monthly meetings, conduct research and share in the workload of the team.

**9. POLICE CHIEF'S COMMENDATIONS FOR THE WEEK**

**SERGEANT WILLIAM SUTER  
SERGEANT THOMAS MULLIS  
Planning and Development Section**

**SERGEANT DONNA DEES  
Policy and Procedure Unit**

Please accept this Letter of Official Commendation and my personal appreciation for your efforts in assisting with organizing the Department's Organizational Leadership Conference, held at Xavier University's Cintas Center, on March 5-6, 2012.

Putting together an event of this magnitude and importance can certainly pose significant challenges. Thanks to Sergeant William Suter, Sergeant Thomas Mullis, and Sergeant Donna Dees, those challenges were minimized and the event certainly exceeded Department expectations. The information and recommendations gleaned from this conference will serve as the foundation in the Department's strategic planning process and will be taken into consideration during each phase of the future transition process.

Sergeant Suter, Sergeant Mullis, and Sergeant Dees are deserving of this commendation for their hard work and effort which exemplifies their outstanding work ethic. Once again, thanks for a job well done in making this event a real success.

**10. INVESTIGATIONS BUREAU COMMANDER'S COMMENDATIONS**

**POLICE SPECIALIST DAWN KEATING  
POLICE OFFICER LILGENIA WHARTON  
Special Investigations, Real Time Crime Center**

I would like to extend my appreciation and commendations to Police Specialist Dawn Keating and Police Officer Lilgenia Wharton for excellent police work in apprehending a Felonious Assault/shooting suspect.

On February 29, 2012, detectives from the Lexington, Kentucky Police Department, Robbery/Homicide Unit, contacted the Cincinnati Police Department requesting assistance in locating suspects from a Felonious Assault/shooting occurring at a liquor establishment in downtown Lexington. Detective Reid Bowles believed the suspects were from the Cincinnati area due to statements made after the shooting and Cincinnati Bearcat attire a suspect was wearing. In addition, Detective Bowles described a vehicle involved as a maroon Dodge Magnum with large rims. This information was forwarded to the Real Time Crime Center (RTCC), from the Lexington, Kentucky Police Department.

Shortly thereafter, Specialist Keating and Officer Wharton located a vehicle matching the suspect vehicle description in the License Plate Reader database. Detective Bowles confirmed this was the suspect's vehicle, and had video surveillance from the liquor establishment showing a suspect. In reviewing a Field Interview Report and other contacts associated with this vehicle, Mr. Quenton Johnson was identified as the primary suspect in the offense that occurred in Lexington, Ky. Based on the work of Specialist Keating and Officer Wharton, Detective Bowles signed criminal charges on Mr. Johnson for the Felonious Assault/shooting incident.

The outstanding investigative efforts, dedication to duty, and diligence toward the police profession of both Police Specialist Dawn Keating and Police Officer Lilgenia Wharton led to the removal of a violent criminal from the streets of Cincinnati and adjoining areas. Their actions and professionalism reflect well on the Cincinnati Police Department and they are deserving of this Bureau Level Commendation.

Dear Chief Craig:

On behalf of the residents of Morrison Avenue and the surrounding neighborhood, I am writing to thank Capt. Paul Neudigate, Lt. Gary Brown, and the members of the District 5 Burglary Task Force (Officers Julie Graham, Robert Perry, Jay Kemme, Paul Smith, Rommell Coman, Ron Stoup, and Doris Scott) for their prompt and effective response to problems of drug dealing in the Clifton Gaslight. As a neighborhood, we have witnessed numerous incidents of prostitution and drug-dealing over the past year, and many of us have been victims of burglary and theft. My two-year-old daughter recently discovered a bent, burned spoon, obviously used to cook heroin, in our front yard. These events and trends are disturbing to all who are invested in Clifton, and who, like me, have small children whose safety is our top concern.

On Tuesday, 2/28, I was returning home from the zoo with my kids in tow, when I noticed a drug deal in progress adjacent to the school bus stop where my 7-year-old son is dropped off each day. I reported this - along with another incident that occurred later in the day in the area involving the same car - to the CPD Hotline. I also emailed Capt. Neudigate directly, to inform him of the problem and give him the license plate number of the suspicious vehicle. Capt. Neudigate, Lt. Brown and their team were responsive to my complaints, and quickly took action to locate and question the suspects. Their diligent efforts led to the apprehension of the dealers just two days later, who were found to have a gun and significant amounts of heroin and money in their car. The neighborhood breathed a collective sigh of relief knowing that these "bad guys" were off the streets. District 5 Police also sent a strong message to those involved in criminal enterprise that our neighborhood is not open for their illicit business.

We are hopeful and optimistic that the Cincinnati Police Department will continue to be assertive in addressing the increase in drug and other crime in the Clifton Gaslight. We look to your leadership and to District 5 Police to make our community safer, through sustained, consistent, and effective enforcement efforts – much as we recently witnessed from the Burglary Task Force.

Kind regards,

R.G.
