CITY OF CINCINNATI, OHIO

MISSION

Through collaboration with our community and partners, we will work to preserve and improve our residents' lives by delivering effective, friendly, and efficient services.

We will employ the following strategies in pursuit of our mission:

People | Create disciplined leaders at all levels of City operations that are passionate and committed to our mission, and who work effectively to accomplish it.

Accountability | Develop a culture and practice that understands the importance of setting performance goals, measuring our progress, and following through on direction and obligations.

Focus | Create strategic alignment around a common set of outcomes and prioritize resources and actions to advance them.

Collaboration | Develop a culture and practice of collaborating, listening, and communicating with our colleagues, elected officials, partners, and community.

Impact | Maximize impact through efficient use of resources, leveraging technology, optimizing revenues, and continual evaluation of the effectiveness of existing resource investments.

Equity | Adopt an intentional, aggressive, and transparent approach to addressing inequities in our community through action at every level of city operations.

HOW TO USE THE BUDGET DOCUMENT

The City of Cincinnati's Recommended FY 2027 Budget Update document is designed to help the residents of Cincinnati and the general public gain a better understanding of the City's budget process by highlighting the City's past, present, and future operations. This document contains one volume, divided into major sections. The sections are described below to assist the reader with understanding the budget document.

Recommended FY 2027 Budget Update

Manager's Message:

This section provides an overview of the entire budget and highlights how the City is responding to the needs of our community and the policy direction of the Mayor and the City Council.

Budget Summary:

This section provides an abridged overview of the City of Cincinnati's Recommended Fiscal Year (FY) 2027 Budget Update. Tables and charts show an overall picture of the City's budget from several perspectives. The section includes: budget assumptions describing various factors affecting the budget; information provided relating to the City's revenue sources and expenditures; and the City's departmental staffing plan and historical comparisons.

Financial Summaries:

This section includes various tables and charts that show the budget from various perspectives, such as: by fund; all funds by department; all departments by fund type; General Fund by department; and the non-departmental budgets. This section also includes fund tables for various principal restricted funds that summarize the revenues (resources), expenditures (uses), and fund balances for the respective funds. This section also includes an overview of the Consolidated Plan development process and related budget.

Departmental Budgets:

Following the City Council's, Mayor's, Clerk of Council's, and City Manager's Offices' budgets, each of the City's departments' budgets are alphabetically provided. The department budgets provide the respective department's agency budgets and include a breakdown between the General Fund and Other Funds that support the agency budgets.

Capital Budget Update:

The Recommended FY 2027 Capital Budget Update is based on the City Council Approved FY 2027 Capital Budget with modifications and updates. The update provides changes to the Approved FY 2027 Capital Budget, which is the second year of the Approved FY 2026-2027 Biennial Capital Budget.

Capital Budget Exhibits:

This section provides summary reports of updates to the Capital Improvement Program (CIP) projects as well as projects by expenditure category, department program, and neighborhood. Details for projects that are new in the FY 2027 Budget Update or adjusted from the Approved FY 2026-2027 Biennial Capital Budget are also provided.

Appendix:

Glossary of Terms - This section contains an alphabetical list of uncommon or specialized terms used throughout the budget document.

HISTORY⁽¹⁾

The City of Cincinnati was founded on the north shore of the Ohio River in Hamilton County, Ohio in 1788, just after the American Revolution. It is the largest metropolitan area in a region totaling approximately 185 miles in diameter. Cincinnati was, for many years, the largest city west of the Appalachians. In Longfellow's commemoration, it was the "Queen City of the West." Churchill thought it was the "most beautiful inland city" in America.

Hamilton County is in the southwestern corner of the state and neighbors southeastern Indiana and Northern Kentucky, both of which are part of the 14-county region. To the east lies the Ohio county of Clermont, to the northeast is Warren, and to the north is Butler.

Development in Hamilton County was initially confined to a basin area consisting of 3.7 square miles that includes today's neighborhoods of Queensgate, West End, Over-the-Rhine, and the CBD-Riverfront (Central Business District-Riverfront). This basin area is surrounded by some of Cincinnati's best-known hills: Price Hill, Clifton, Mt. Auburn, Mt. Adams, and Walnut Hills. Cincinnatians eventually developed these hilltops and the riverfront to the west and the east. However, before this happened, the basin area was one of the most densely populated urban areas in the world. It was primarily the well-to-do who could initially move to these hilltops; people who did not have to descend into the congested, polluted basin each day. The geographic barrier represented by the hills of the Ohio River Valley continues to separate and define our neighborhoods today.

Cincinnati began as a river town. Its busy port justified later investments in canals and then railroads, necessary adjuncts to the river transport system and ancillary warehouses along the river. While the river still handles more cargo than the Panama Canal, it is now merely an important component in the regional transportation system, and not the key component. As a result, the riverfront property that was dedicated to commerce 100 years ago has been gradually redeveloped for residential, recreational, and entertainment use. Neighborhoods with direct access to the Ohio River include Saylor Park, Riverside, Sedamsville, Lower Price Hill, Queensgate, the CBD, East End, Linwood, and California.

Cincinnati was initially dependent upon river traffic and later benefited from the construction of the Miami-Erie Canal. Currently, the Ohio River remains an integral part of the 25,543-mile system of inland and intercoastal waterways in the United States. There are 52 barge facilities along the banks of the Ohio and Licking Rivers in the Cincinnati area.

While most of Cincinnati lies between the floodplains of the Great and the Little Miami Rivers, another tributary of the Ohio played a more important role in the City's development than either of the Miami Rivers: the Mill Creek. The Mill Creek is heavily shaped by decades of flood control projects, and supplemented by storm water sewers, that one may discount its significance, and yet the Mill Creek Valley is as closely involved in Cincinnati's history as the Ohio River.

⁽¹⁾Plan Cincinnati, History and Past Plans, (2013):

<https://www.cincinnati-oh.gov/sites/planning/assets/2012%20-%20Plan%20Cincinnati.pdf>

Along the Mill Creek Valley are situated the Cincinnati neighborhoods of Lower Price Hill and North and South Fairmount to the west and West End and Camp Washington to the east. The Mill Creek hugs the base of the Clifton hill, with South Cumminsville, Northside, and Spring Grove Village on its western bank. It continues through the municipality of St. Bernard, which is completely surrounded by the City, and runs north between Roselawn on the east and Carthage and Hartwell on the west.

The Mill Creek provided an avenue for industrial development growing out of the basin in the 19th century, and all of the communities on the valley floor except for Roselawn are 19th century working-class communities. The industrialization of the valley was facilitated by the canal which ran through it and, later, Interstate 75, which traces its course.

The first railroad in the Cincinnati area was the Little Miami Railroad. Chartered in 1836, it connected Cincinnati with Springfield, Ohio. Railroads continue to play an important role in the region's transportation and economy. The north-south rail corridor has the most activity with lines connecting Detroit to Atlanta. Even today, Queensgate Yards handles over 5,000 cars a day. The railroads permitted the development of the first true commuter suburbs to the north. The City itself benefited most from these new transport technologies. Canals and railroads allowed Cincinnati to extend its economic reach to the north. After inclined railways were constructed to tie the basin area to the tops of Price Hill, Clifton Heights, Mt. Auburn, and Mt. Adams, the working class could finally live on the hilltops. The streetcar extended the urbanized area out as far as East Price Hill, Northside, Spring Grove Village, Madisonville, North Avondale, Oakley, and Hyde Park. Residents could travel downtown in 30-45 minutes from any of these communities. The streetcar system, with 222 miles of track in Cincinnati and Northern Kentucky, was dismantled in 1951.

The City grew by annexation and was largely built out to the edges of these neighborhoods by 1920. The automobile facilitated the development of Cincinnati's outermost ring of communities: Westwood, Mt. Airy, College Hill, Roselawn, Pleasant Ridge, and Mt. Washington. For a brief period from 1930 to 1950, Cincinnatians were building and occupying large numbers of single-family detached homes. Traffic congestion soon followed. Although there was an attempt to construct a subway immediately after World War I, the plan was aborted and today Cincinnati's primary form of mass transit is the bus. The emphasis on automobile traffic, however, did produce the beautiful parkways of Cincinnati: Columbia (along the river), Central (up the Mill Creek Valley) and Victory (to the northeast). In September 2016, the Cincinnati Bell Connector Streetcar (now The Connector) became operational. It is a modern streetcar system designed to link major employment centers in downtown with the historic Over-the-Rhine neighborhood. The route is 3.6 miles long and operates 16 hours most days, with a modified schedule on weekends and holidays.

The 1950s saw the beginning of the interstate system, and while the circle freeway (Interstate 275) was not completed until the late 1970s, the expressways eventually made it possible for people from well outside of Hamilton County to travel comfortably to work downtown in 30 minutes or less. The expressways also opened the "greenfields" of the surrounding area to a building boom that has lasted for more than 50 years and continues today.

LOCATION

The City of Cincinnati is located in southwestern Ohio on the north side of the confluence of the Licking River and the Ohio River. The Ohio River forms the border between the states of Ohio and Kentucky. Cincinnati is a city and the county seat of Hamilton County, Ohio.

BUDGET DEVELOPMENT PRINCIPLES

The Biennial Budget development process emphasizes budget policy review, budget education, and citizen involvement. The following principles guided the development of the City's Biennial Budget:

- The Recommended FY 2027 General Fund Operating Budget Update is structurally balanced.
- The City government encouraged citizen participation in budget development.
- The City government reflected efficiency and effectiveness in service delivery, asset maintenance, and capital improvements in the budget.
- The City government, at all times, emphasized sound financial planning and management.
- The Biennial Budget includes a multi-year General Fund forecast, with adjustments in the Budget Update.

Budget Engagement

The City revamped the budget citizen engagement process to gather a variety of information from the City Council, the Mayor, and Administration to rely on as the Approved FY 2026-2027 Biennial Budget was created. The same citizen engagement process was relied upon for the creation of the Recommended FY 2027 Budget Update.

The public engagement process included various information gathering techniques to maximize the input received including:

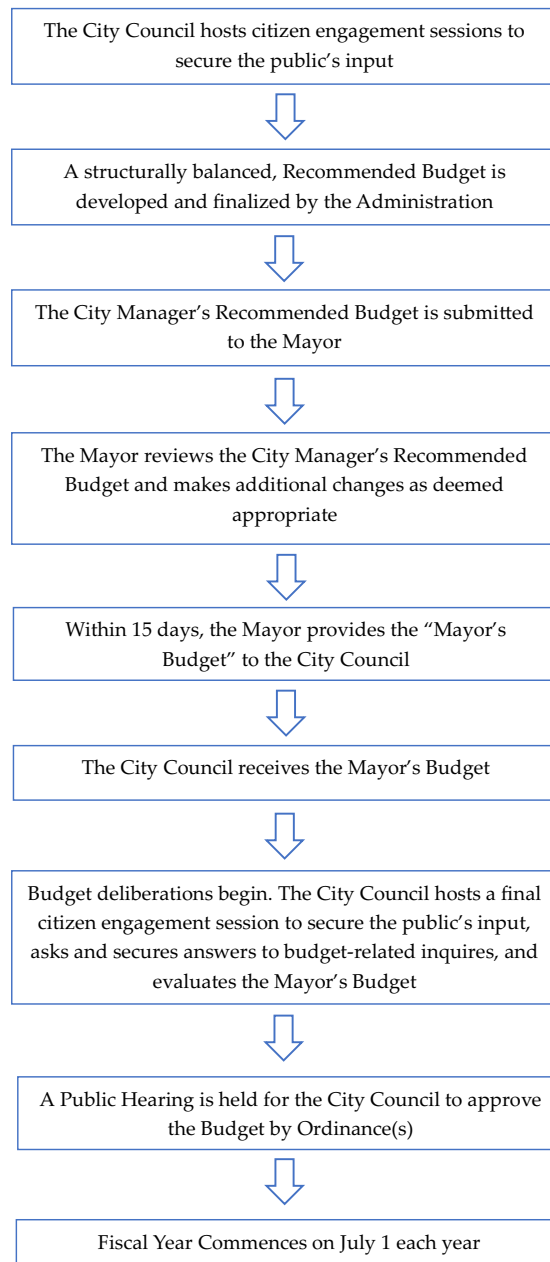

- Continuing use of the budget engagement website kept citizens informed of upcoming opportunities.
- Budget Basics presentations for various community and civic groups were held in person and virtually and made available by request. These presentations educated community organizations, boards and commissions and helped to collect feedback.
- Presenting "Balance: The City Budget Game Show - Community Budget Request (CBR) Edition" at the 2026 Neighborhood Summit.
- Coordinating with the Office of Performance and Data Analytics on the presentation of the Community Survey results as well as department budget and performance agreement presentations.
- Three Public Input Forums were held to collect citizen input prior to the creation of City Council's Budget Policy Motion and the City Manager's Recommended FY 2027 Budget Update.
- Holding a public hearing on the FY 2027 City Council Budget Policy Motion.

- A fourth Public Input Forum will be held to receive input from the public regarding the City Manager's Recommended FY 2027 Budget Update. This forum will be held in person and the public will be able to provide comments to the City Council at the forum.

BUDGET PROCESS

The following steps summarize the activities that took place during the budget development process.

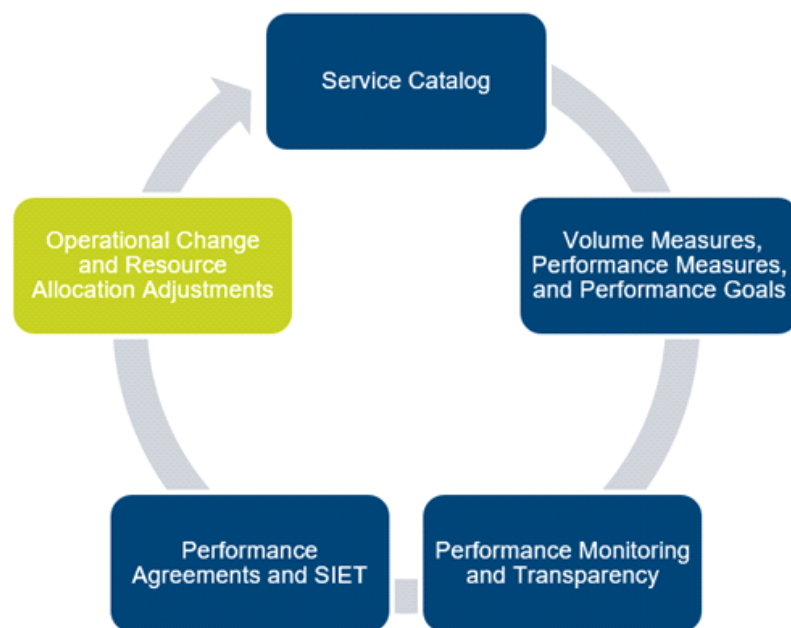

The City of Cincinnati's fiscal year starts on July 1 and runs through June 30. Every other year, the City develops a biennial budget. Following approval of the biennial budget, an update to the second year of the biennium is developed and approved.

Implementation of Performance Based Budgeting (PBB)

In anticipation of the FY 2026-2027 Biennial Budget, the City embarked on implementing Performance Based Budgeting (PBB). This was a critical period as it represented the first budget cycle since the COVID-19 pandemic when American Rescue Plan (ARP) Act resources would be unavailable to serve as revenue replacement. The City relied on ARP resources to balance the General Fund Budget from FY 2022 through FY 2025. This budgeting process provides a necessary and direct linkage between the City's performance management process and budgeting in order to make more informed resource allocation decisions in a post-ARP environment with projected budget deficits.

From a performance management standpoint, the City's Office of Performance and Data Analytics (OPDA) led each department through a process, over a two-year period, to develop a Service Catalog. The Service Catalog concept was designed to identify individual services that each department provides (both internally and externally) and then groups those services into categories (Service Groups). Performance measures, including data points (such as volume measures), and performance goals are identified for each service. Departments must track the data tied to their performance measures and provide quarterly reports to OPDA and the City Manager. A performance dashboard was created to provide insight and transparency into the process. Ultimately, each Department Director enters into a Performance Agreement for the upcoming fiscal year related to department strategic priorities which highlight both the milestones for success for each priority as well as data driven performance indicators that will inform the assessment process. Specific services that require a deeper evaluation may become a Strategic Initiatives Execution Team (SIET) Initiative which is a team-based approach to understanding a service's performance and making recommendations accordingly. Based on the quarterly performance tracking, operational changes and resource allocation adjustments may be necessary.

The linkage between performance management and the budget process is the Service Groups within each department's Service Catalog. The below graphic shows that linkage. The City's operating budget was then mapped by Service Group to show resource allocation.

From a process standpoint, Performance Based Budgeting incorporates four separate but linked processes to provide the necessary information for budget development. The first process is the Executive Finance Review (EFR), which allows the City to review various revenue streams including fees and charges for services. This is primarily the responsibility of the Department of Finance. The second process is the Executive Performance Review (EPR) which is led by the Office of Performance and Data Analytics. This process allows departments to provide information pertaining to their performance, which both highlights achievements but also identifies challenges that could be alleviated by process improvements or resource allocation changes. The third process, Executive Budget Review - Capital, was established in FY 2026. This process provided an opportunity for departments to justify their capital budget request with a particular focus on Cincy on Track (COT) spending. The fourth and final process is the already existing Executive Budget Review (EBR), which was revamped to incorporate performance management information and budget information by Service Group to aid in the resource allocation process.

Executive Finance Review	Executive Performance Review	Executive Budget Review - Capital	Executive Budget Review
An opportunity for departments to review current fee schedules and charges for services considering the true cost of services and to provide better revenue estimates.	An opportunity for departments to tell their performance story by highlighting achievements and communicating challenges and begin to discuss potential budget scenarios as they relate to performance.	An opportunity for departments to justify their capital budget requests with a particular focus on Cincy on Track (COT) spending for service delivery needs, neighborhoods, and underserved areas.	An opportunity for departments to justify their budget requests for baseline services and request exceptions to supplement existing services or request new services.
Who: CMO, Department Directors, Finance Department	Who: CMO, Department Directors, OPDA	Who: CMO, Department Directors, EBR team, Procurement	Who: CMO, Department Directors, EBR team
What: Review Historical Actual Revenues, Current Revenue Trends, Benchmark Data, and Fee Schedules	What: Performance Dashboard, CSRs, HR/ Workforce, Community Survey, other data points as desired.	What: Performance Overlay, Executive Budget Review - Capital Packet	What: Performance Overlay, Executive Budget Review Packet
Why: Provides an understanding of revenue estimates and expected growth for the following fiscal year budget.	Why: Provides an understanding of operational and/ or resource challenges to drive continuous improvement and potential exception requests.	Why: Provides an understanding of departmental deployment of existing capital funding, capital budget requests, changes to the six-year Capital Improvement Program (CIP) and provides City Manager with information for resource allocation decisions. Initial focus will be on COT spending plus fleet and equipment.	Why: Provides an understanding of departmental performance, budget requests, planned services and operations, and provides City Manager with information for resource allocation decisions.
When: December / January (Around Tentative Tax Budget [TTB])	When: Late January / Early February	When: Early February	When: Late March / Early April

The technical development of the budget commences with the assignment of available resources to a "continuation" budget. A continuation budget includes the resources necessary to continue the current level of services when adjusted for inflation, mandated rate increases, and/or applicable changes to salaries and benefits. The continuation budget is balanced with available resources and targets are established for each department.

Departments are directed to develop their proposed continuation budget within the established target resources. To meet this directive, departments conduct internal analyses of programs and services to determine service needs and delivery improvements, cost savings and opportunities, and required staffing levels. In addition, departments may identify possible trade-offs to balance resources between service and workload estimates.

Departments may find the resources provided are not sufficient to address new or enhanced programs, staff, or activities. They are given an opportunity to request on-going or one-time significant agency changes to the continuation budget. These are known as budget exceptions. One-time changes are expected to be requested and funded once. On-going changes are expected to be required annually and will result in a continuation expense in future years' budgets. As part of Performance Based Budgeting, departments may be requesting additional resources based on the performance management information reviewed as part of the Executive Performance Review.

Starting in FY 2025, budget exception requests incorporate performance management concepts. All departments are required to provide quantitative data to justify their requests, which is then used as an evaluation tool. Exception requests include information such as an explanation of current baseline metrics, an explanation of expected outcomes should funding be provided, an impact narrative explaining the service delivery issue(s), a budget neutral alternative solution to address the issue(s), etc. Approved exceptions may be incorporated into the department's annual performance agreement and related metrics. Departments are required to report on the metrics quarterly.

Departments submit their proposed budgets and supporting documentation to the Office of Budget and Evaluation. The Office of Budget and Evaluation performs an administrative review of all department budget proposals for consistency, reasonableness, and compliance with policies, direction, and guidelines.

The Office of Budget and Evaluation prepares executive summaries and analyses of each department's proposed operating and capital budgets and hosts Executive Budget Review (EBR) team reviews with each of the departments. The Office of Performance and Data Analytics prepares a performance overlay, which outlines performance metrics through quarter two of the current fiscal year to inform the budget presentation. The EBR team includes the City Manager, Assistant City Managers, Finance Director, Budget Director, Human Resources Director, Budget Division Managers, the Director of the Office of Performance and Data Analytics, and the Director of Grant Administration and Government Affairs. The EBR team review allows departments to provide updates on their performance, answer questions, and promote their proposed budget.

The City Manager reviews the recommendations of the EBR and, in turn, develops recommendations which are submitted to the Mayor for further consideration prior to submission to the City Council. Public comment is solicited during public hearings. The City Council approves the budget and immediately amends the budget during the same meeting of the City Council. The amendments are included in the Approved Budget.

BIENNIAL BUDGET

In Cincinnati, the City Council approves a biennial budget which covers a two-year period. The primary advantage of a biennial budget is that the multi-year horizon provides an opportunity to enhance planning for City programs and services. With a view toward the future, issues can be anticipated and resolved before they become crises. Programs can be phased in or out more readily and fluctuations in resources can be better managed. Another advantage of a biennial budget is the saving of time and effort by the City staff and the City Council in the second, or "off", year of the biennial cycle.

Although the City Council approves a multi-year budget, the State of Ohio requires cities to appropriate funds annually. For the first year of the biennium, the budget is "appropriated" by the City Council. The second year of the biennium is also "approved" by the City Council at that time. Subsequently, during the first year of the biennium, the City Council must formally appropriate the Approved FY 2027 Budget Update.

Operating Budget and Capital Budget

The Operating Budget covers the day-to-day delivery of City services. It is similar to a family budget for living expenses, such as rent and utilities. Operating expenditures cover the hours worked by City employees and the supplies they use to deliver services. Examples include activities such as police officer patrols, the filling of potholes, trash collection, and operating the water treatment system.

The Capital Budget is for the improvement, construction, or purchase of City assets that cost \$5,000 or more and last at least five years, such as City buildings or fire trucks. The Capital Budget also includes investments in housing and economic development. Similar to a family that saves and borrows money to buy a house, the City uses a combination of cash and debt financing to invest in assets such as health clinic facilities, which serve citizens now and in the future.

The Operating and Capital Budgets are interrelated because many capital assets require operating resources to maintain them. If capital assets are not adequately maintained, the service life is decreased. In some cases, capital investments result in a decrease in operating costs to maintain a capital asset.

BASIS OF BUDGETING

Governments use fund accounting to keep different types of revenue and expenditures separated from other types, depending upon the purpose of each fund. Each fund has a fund title and accounting code for reference purposes. The budget for the City of Cincinnati is prepared on a cash basis, with the exception of certain accrued personnel services and employee benefit costs. Encumbrances, which are amounts of funding committed for the payment of goods or services ordered but not yet received, do not lapse at year-end. They are included as expenditures in the year for which the budget is adopted. The treatment of accounting and financial statement reporting for City funds is provided in the Measurement Focus section below.

There are more than 100 funds in use by the City of Cincinnati, and these funds are controlled by enabling legislation that sets the purpose and use of each fund. As an additional control, the City Council passes appropriation ordinances to approve the budgets for 22 of the largest and most active funds which are called principal restricted funds. An appropriation is a legislated authorization to make limited expenditures based on projected revenues.

In general, budgetary control for the use of a principal restricted fund's resources is established through the following expenditure account classifications: personnel services, non-personnel services, capital outlay, and debt service. Revisions of the appropriation level for any principal restricted fund must be approved by the City Council.

Measurement Focus

Except for budgetary purposes, the basis of accounting used by the City conforms to accounting principles generally accepted in the United States of America as applicable to governmental units formally known as Generally Accepted Accounting Principles (GAAP). The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide and proprietary funds' financial statements are reported using the economic resources measurement focus. The government-wide and proprietary funds' financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, includes income taxes, property taxes, grants, shared revenues, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within sixty days of the end of

the current fiscal period. Expenditures generally are recorded when the related liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Inventories of materials and supplies may be considered expenditures either when purchased or when used, and prepaid expense items may be considered expenditures either when paid for or when consumed. Proceeds of general long-term debt are reported as other financing sources.

Income taxes, delinquent property taxes, liquor permits, fines, local government funds, gasoline taxes, and motor vehicle license fees for the current and prior periods are determined to be susceptible to accrual and are recognized as revenue in the current accounting period. All other major revenues of governmental funds are determined not to meet the criteria of either being measurable or available. The proprietary fund type statements are prepared utilizing the flow of economic resources measurement focus and the accrual basis of accounting for revenues, which are recognized when they are earned, and for expenses, which are recognized when they are incurred. Unbilled service receivables are recognized by proprietary funds when the services are provided.

The fiduciary fund types recognize revenue and expenditures/expenses on a basis consistent with the fund's accounting measurement objective. The pension trust fund and the mixed investment pool statements are prepared utilizing the flow of economic resources measurement focus and the accrual basis of accounting. Agency funds do not have a measurement focus. Their financial statements are prepared utilizing the accrual basis of accounting.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

The City of Cincinnati's Recommended FY 2027 Budget Update was developed and is maintained by funds. The following table shows the All Funds Recommended FY 2027 Budget Update, which includes both Operating and Capital:

	Recommended FY 2027 Budget Update	% of Total Budget (All Funds)
OPERATING		
General Fund	593,289,560	32.9%

Note: This table does not include Transfers Out. Refer to the Fund Tables in the Financial Summaries Section for more detailed information regarding Transfers Out.

The **General Fund** is the accounting entity in which all governmental activities, except those that are required to be accounted for in other funds, are accounted for. Its revenues consist primarily of taxes, intergovernmental shared revenues, charges for services, and investment income. General Fund

expenditures represent costs of general government, economic development, public safety, public services, public health, parks and recreation, and other costs.

The **General Capital Projects Fund** is used to account for resources designated to construct or acquire governmental fund capital assets. Such resources are derived principally from Cincinnati Southern Railway (CSR) Infrastructure Trust disbursements, property tax supported debt, general obligation debt, federal and state grants, and the City income tax. It is the City's policy to use the proceeds derived from the sale of bonds only for the capital improvement purpose detailed in the bond-authorizing ordinance and in accordance with state statutes. Any premium and accrued interest received from the sale of bonds is deposited into the Bond Retirement Fund. The Bond Retirement Fund accounts for the resources accumulated and payments made for principal and interest on general obligation debt and capital lease payments of the governmental funds.

The City reports the following major proprietary fund:

The **Water Works Enterprise Fund** accounts for all activities of the City's Water Works Department. The City collects, purifies, and sells water to Greater Cincinnati area and Northern Kentucky residents (either directly or indirectly through wholesale contracts) and businesses. Revenue consists primarily of user charges.

The City reports the following fund types:

Internal Service Funds account for reproduction and printing, automotive repairs and maintenance services, stores, land sales and leasing, workers' compensation, and data processing services to other City departments or agencies and to other governments. Internal service funds are used to account for the financing of goods or services provided by one department or agency to another department or agency of the government, generally on a cost reimbursement basis.

The **Pension, Investment, and Agency Funds** are reported in the Annual Comprehensive Financial Report and are not included in this budget document. The Pension Trust Fund is used to account for the receipts and expenditures of the City's Retirement System. The Investment Trust Fund is used to account for the Metropolitan Sewer District Fund portion of the City's pool of cash and investments. Agency funds are used to account for assets held by the City in a fiduciary capacity. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

FINANCIAL POLICIES

The City of Cincinnati is a political subdivision of the State of Ohio. It is governed with the powers of home rule by a directly elected mayor with a four-year term and a council of nine members who are elected at large for two-year terms. In 2001, Cincinnati converted from a city manager-council form of government, through which it had operated since 1926, to a stronger mayor-council form of government.

The City has long been recognized for its sound financial management. The Government Finance Officers Association (GFOA) has recognized the City for its annual financial report with the Certificate of Achievement for Excellence in Financial Reporting and for its budget document with the Distinguished Budget Presentation Award. The City's credit ratings are strong. What follows are the guiding financial policies for the City of Cincinnati concerning revenues, debt service, investments, accounting and auditing, reserves, and operating and capital budgeting.

Accounting and Auditing Policies

- The financial statements of the City of Cincinnati are prepared in accordance with standards promulgated by the Governmental Accounting Standards Board (GASB). These standards include the effective pronouncements of the American Institute of Certified Public Accountants (AICPA) which are considered to be "generally accepted accounting principles" for state and local entities, until they are altered, amended, supplemented, revoked, or superseded by a subsequent GASB pronouncement.
- The City performs periodic financial, program and contract internal audits to ensure departmental compliance of City policies and to improve the overall operating efficiency of the organization.
- An independent audit is performed annually to render an opinion on the City's general-purpose financial statements.
- A Comparative Statement of Revenue is presented to the City Council monthly.
- For appropriation and expenditure control purposes, budgeted expenditure classifications that may not be exceeded are personnel service, non-personnel service, capital outlay, and debt service. The City Council must approve revisions of or transfers between expenditure classifications.

Revenue Policies

- The City Council levies taxes or fees as specified in the City Charter, or as authorized under the laws of the State of Ohio, to generate revenue for service delivery and capital improvement purposes.
- The Biennial Budget is developed based on the current income tax and property tax structure in the City of Cincinnati.
- Income Tax: The City Income Tax is 1.8% of gross earnings by residents, non-residents who work in the City, and corporations located in the City. It is subdivided into three components: 1.55% for General Fund operating purposes, 0.15% for permanent improvements (capital), and 0.10% for maintenance of the City's infrastructure. Due to the passage of Issue 7 in FY

2020, the 2.1% locally levied income tax experienced a rollback of 0.3% during FY 2021. The 0.3% had been previously earmarked for public transit.

- Property Tax: The City's current property tax total is 13.6 mills per \$1,000 of assessed value. Property tax is subdivided into two components: 6.1 mills for General Fund operating purposes, and 7.5 mills for debt requirements of the Capital Improvement Program for Calendar Year (CY) 2026. The CY 2027 Property Tax rate is 6.1 mills for General Fund operating purposes and 7.5 mills for debt requirements of the Capital Improvement Program.
- Intergovernmental revenues are sought from State, Federal, and other sources. The City is not obligated to continue financial support for non-City funded programs and projects after non-City funding has lapsed, except as agreed to as a condition of acceptance of intergovernmental revenues.
- The City ensures revenue collection through efficient collection systems.

Debt Policies

- The City will issue bonds for capital improvements and not for recurring operating expenditures.
- The City publishes an Official Statement for each bond issue in accordance with rules promulgated by the Securities and Exchange Commission (SEC).
- The City fulfills all obligations for secondary market disclosure to keep bond market participants informed of significant financial activities of the City as promulgated by the Securities and Exchange Commission.
- The City primarily utilizes dedicated property tax proceeds to support debt service payments on general obligation bonds and notes. It also levies taxes on property based on debt limitations in the Ohio Revised Code (ORC) and the City Charter as follows:
 - As a result of a prior Court decision, the City has the right to levy property taxes without limitation to support its lawfully issued bonds and notes, and the City's ability to incur debt will be limited only by the arithmetical (percentage) limitations set forth under Section 133.05 of the Ohio Revised Code.
 - Section 133.05 of the Ohio Revised Code provides that the principal amount of both voted and unvoted debt of the City may not exceed 10.5% of the City's assessed valuation, and that the principal amount of unvoted debt may not exceed 5.5% of the City's assessed valuation. The Code also provides several exemptions of debt from the 5.5% and 10.5% limitations.
- Administrative Regulation No. 66 - City of Cincinnati Debt Policy establishes additional guidelines on debt management and issuance.
- As of 6/30/2026, the City will retire approximately 77% of its long-term outstanding general obligation debt in 10 years.

- As of 12/3/2025, Moody's rates the City's general obligation bonds "Aa2", their third highest rating. As of 12/3/2025, the City's general obligation bond rating by S&P Global Ratings is "AA", their third highest rating. Both ratings reflect a stable outlook.
- Section #8, "Long-Term Debt" beginning on Page 73 of the City of Cincinnati's 2025 Annual Comprehensive Financial Report (ACFR) contains detail on the City's long-term debt structure. Please refer to the Annual Comprehensive Financial Report for further information.

Investment Policy

- Approved by the Mayor and the City Council, the City's foremost objective of the investment policy for the funds that are pooled and deposited in the General Bank Depository Account and other accounts authorized by the City Treasurer is safety of principal. The investment policy minimizes credit risk by limiting investments to the safest types of securities, pre-qualifying the financial institutions with which the City will do business, and diversifying investments to minimize potential losses.

Fund Balance Reserves Policy

- A revised Stabilization Funds Policy was established in 2026. The revised policy establishes a goal of setting aside 17.0% of general operating revenues as reserves. This reserve amount is based on the Government Finance Officers Association (GFOA) recommended minimum goal of two months of estimated revenues. Importantly, amongst other enhancements detailed below, the new policy provides a specific mechanism to help the City achieve compliance with its policy of 17.0% while still providing flexibility to deal with unexpected one-time expenditures that may arise within a given year. This policy provides a more detailed breakdown for the uses under the one-time expenditures category in the policy, which includes funding for affordable housing, the City of Cincinnati Retirement System, special events support, and capital project reserves. The City's Stabilization Funds Policy includes the following:
 1. General Fund Carryover Balance: will maintain one and fifty one hundredths percent (1.50%) of estimated General Fund operating revenues.
 2. General Fund Contingency Account: to be used for one-time unfunded events, shall have a balance which is two and three one hundredths percent (2.30%) of estimated general operating revenues.
 3. Economic Downturn Reserve Account: to be used for unforeseen economic events or circumstances that cause unexpected drops in General Fund Income Tax Revenue, which result in a budgetary imbalance that cannot be resolved through immediate budgetary adjustments, has a balance which is five and zero one hundredths percent (5.00%) of estimated general operating revenues.
 4. Working Capital Reserve: minimum reserve level of eight and twenty one hundredths percent (8.20%) of general operating revenues. Used only in the event of an emergency or a catastrophic need of the City.

Operating Budget Policies

- The City prepares a General Fund Multi-year Forecast every two years, which provides estimates of income tax and property tax revenue changes and expenditure changes for the forecast period. Explanations of revenue and expenditure assumptions are included in the forecast.
- Mid-year budget monitoring exercises are conducted each year to identify budget issues at the department level to ensure budgets remain within their appropriated funding level.
- The City prepares Final Adjustment Ordinances (FAO) for the General Fund and Principal Restricted Funds at the end of each year for the purpose of realigning accounts and providing funds for the on-going needs of City departments in order to ensure that all departments have balanced budgets by year-end.
- At the beginning of budget development, targets are established for Operating Budget expenditures. These targets reflect adjustments for program changes, any applicable increases in salaries and wages, and inflationary increases in non-personnel items and services. Budgetary requests in excess of the target amounts are considered exceptions and must meet one of the following criteria: legal mandates, City Council mandates, or City Manager initiatives.
- Starting with the FY 2025 Budget Update, performance management concepts were incorporated into the budget request process. All departments were required to provide quantitative data for all exception requests. This information is used as an evaluation tool by the Executive Budget Review team when making budgetary decisions. Approved exception requests may be incorporated in departments' fiscal year performance agreements and related metrics. Departments are required to report on these metrics quarterly.
- The City strives for a structurally balanced budget for the General Fund and each Principal Restricted Fund where annual total expenditures and encumbrances are equal to or less than the annual revenue estimate for the fund.
- A budget that provides for a positive net carryover balance in the fund at the end of the fiscal year is considered a balanced budget in order to comply with State Law.

Capital Budget Policies

- A capital improvement or capital project is defined as the purchase or improvement of a City asset, including construction or rehabilitation which provides an asset for the City's use or, in the case of an existing asset, increases the value of the public asset or extends its useful life. Capital improvements are made to improve the value of City assets and are relatively large expenditure items compared with operating budget items. The City Council may also designate a capital improvement through its authority to establish public policy and identify a public purpose when making capital improvement expenditures. A capital improvement is expected to have a useful life of at least five years, compared to operating budget items which are consumed in the daily delivery of City services.
- The following criteria were used in developing the Capital Budget, which are listed in descending priority sequence:

- 1. Hazard Elimination: to eliminate or reduce definite and immediate health and safety hazards;
- 2. Legal Mandates: to comply with a court order or other specific legal directive (consent decree, etc.);
- 3. Regulatory Compliance: self-initiated improvement in compliance with a federal, state, or local rule or regulation affecting capital assets;
- 4. Project Completion: to finish phased projects with related and already committed or expended funding;
- 5. Prevent Failure: to systematically, and according to schedule, improve assets that would fail if not periodically improved;
- 6. Extend Useful Life: to improve an asset by making a capital investment to increase the asset’s service life;
- 7. Cost-Benefit Justified: to make a capital investment that is supported by benefits equal to or greater than the cost of investment (e.g., benefits may be in jobs, revenue, cost savings, matching funds, etc.);
- 8. Service Betterment: to accommodate growth in service demand, or to otherwise increase the quality of service provided by the capital asset.

PLANNING THE BUDGET

Under the leadership of the City Manager, five strategic priorities were identified that guided the FY 2016-2017 Biennial Budget development and have continued as the City’s strategic focus for the FY 2027 Budget Update. The strategic priorities include:

-  **PUBLIC SAFETY & HEALTH**
-  **GROWING ECONOMIC OPPORTUNITIES**
-  **THRIVING NEIGHBORHOODS**
-  **FISCAL SUSTAINABILITY**
-  **EXCELLENT & EQUITABLE SERVICE DELIVERY**

The Department of Finance provides a multiyear economic forecast, which provides a fiscal context for the development of budget policies. In April 2026, the Department of Finance revised projections for City income tax for fiscal years 2027 to 2031.

In addition to the long-term financial planning, there are many other planning processes that have an impact on the development of the biennial and update budgets, which are described below:

In 2012, the City Council adopted "Plan Cincinnati," the City's first comprehensive plan in over 30 years. This Plan acts as a guide in future development of Cincinnati and has been implemented through the collaboration of many public and private stakeholders including residents, developers, businesses, City staff, and more. The comprehensive plan will also serve as a guide to developing the City's Capital Investment Program for years to come.

In addition to the comprehensive plan, the City adopted a five-year Consolidated Plan (2025-2029), which guides the use of the City's major federal funds, such as the Community Development Block Grant (CDBG). The five-year Consolidated Plan incorporates the City's Housing Policy and Economic Development strategies while focusing on three major objectives of providing decent affordable housing, creating suitable living environments, and creating economic opportunities. This document is considered and adopted as a separate process and not included in this document.

Since development of the FY 2013 budget, the City of Cincinnati implemented a citizen engagement process to ascertain the most important programs and services to the community. This tool provides data for prioritizing existing programs and services to identify opportunities for cost savings, revenue enhancements, and budget reductions based on community values. The process provides an ongoing foundation for examining services and programs for future budget development.

Additionally, City departments develop department-specific strategic priorities, which set benchmarks for success and data driven performance indicators to assess progress. These priorities build upon the five strategic priorities which lead budget development and assist with determining appropriations. Refer to the Departmental Budgets section for more information on department strategic priorities.

City departments also develop, update, and implement individual business plans focused around the areas of Public Safety, Neighborhood Investment, Economic Development, and Service Excellence. Departments receive feedback throughout the year from the 311Cincy (formerly Fix It Cincy) app, which allows the community access to departments by submitting service requests such as bulk-item trash pickup, pothole repairs, etc. The app QR codes from both the Apple App Store and Google Play can be found below:

This technology not only allows departments to engage with the public throughout the year, but also informs their business plans for upcoming budget cycles. Each department's business plan, which includes specific goals, objectives and performance measures, are presented in the Departmental Budgets section of this document.

Section 1: Budget Update Message

This page intentionally left blank.

Mayor Aftab Pureval:

May 21, 2026

I am proud to present my Recommended FY 2027 Budget Update. As we all know, this year presents significant financial challenges, with initial projections of close to a \$30 million General Fund operating deficit. In our time working together as Mayor and City Manager, it is our leanest year yet. But we were prepared for this moment. The Administration's multi-year transition to Performance Based Budgeting, combined with my directive to "break things down to build them back up," has achieved systems and culture change for City budgeting.

Departments better understand their service delivery, are better equipped to make data-driven decisions, and are empowered to identify and undo inefficiencies. We made the intentional, incremental transition to Performance Based Budgeting with full awareness that more challenging days were ahead. Now that they have arrived-in Cincinnati, but also throughout the country and the world-we are ready.

Today, I deliver a structurally balanced recommended budget that avoids impactful service interruptions and makes smart investments of the resources we have available. This recommended budget delivers on the communicated goals of elected leadership, including public safety and economic development, and it provides the necessary resources to departments to continue to deliver and enhance excellent services to our citizens.

Operating Budget

My recommendations to resolve a \$29.5 million General Fund operating budget deficit comprise approximately \$20.2 million in reductions, balanced by additional revenues of approximately \$17.2 million.

The largest portion of reductions (\$8.5 million) is vacancy savings-leaving currently open City positions unfilled. I do not make this reduction recommendation lightly, as I know it will mean that our departments need to do more with less. I am heartened by the fact that our directors have embraced performance management, and so I do not anticipate this will result in significant service delivery decreases. I caution that any further cuts to positions will have a negative impact on service delivery.

The next largest savings (\$3.3 million) are realized by the realignment of the next Cincinnati Fire Department (CFD) recruit class into fall 2027, with subsequent classes scheduled for each fall rather than each summer. This scheduling realignment will result in short-term and long-term savings. Up front, it relieves an expense for this year's operating budget. Longer term, the change will result in less overtime usage within CFD, as unbudgeted overtime has been a persistent challenge. Working to train our recruits requires additional work from CFD staff, and timing these additional responsibilities during a less popular time for paid vacation enables CFD to manage overtime more effectively.

Fire Chief Frank McKinley has been incredibly collaborative in the development of this common-sense recommendation, clearly understanding my directive to "look under the hood" of department operations and find opportunities to save resources without compromising service delivery. Chief McKinley has made and continues to identify additional budget-neutral changes in CFD that will both improve the department and lessen the need for tough decision-making in future budget cycles.

That nimble approach is not unique to CFD and is in fact the means by which all City departments identified millions of dollars in non-personnel savings. For example, the Office of Environment and Sustainability successfully pursued a \$5 million federal grant to replace residential recycling carts, saving the City hundreds of thousands of dollars annually and securing new, high quality products for residents-not simply maintaining the status quo while reducing costs, but improving it. Changes like these would not be possible without Performance Based Budgeting and the culture shift on which it is based.

Another example of prudent, proactive financial planning: the City engages in fuel hedging to lock in an advantageous rate until 2027 and insulate us from volatile gas prices. My Administration is focused not just on balancing the numbers but on maximizing the return on every dollar spent.

On the revenue side, I am pleased to have achieved approximately \$8 million in new revenue streams for the City, epitomized by programs such as the Ground Emergency Medical Transportation (GEMT) fee-for-service enhancement. This resource was pursued by the Administration following a recommendation from the Cincinnati Futures Commission. Through GEMT, the Ohio Department of Medicaid may make supplemental Medicaid payments to eligible emergency medical services organizations for providing ground ambulance services-including first responders here in Cincinnati. GEMT will provide an additional \$6 million in resources to help close the deficit.

Revenue growth has benefited from our Performance Based Budgeting approach and our departments' improved understanding of their finances. Over several years, we have found ways to update fees, improve efficiency, and drive additional revenue from existing programs.

The operating budget also includes some new spending, focused on public safety and core services. I recommend \$1.6 million for the Cincinnati Police Department's (CPD) drones as first responders program, which expands policing capacity and allows for more efficient deployment of uniformed officers. To bolster our commitment to the health and safety of Cincinnati firefighters, I also recommend \$1.1 million to continue health and cancer screenings for sworn CFD staff.

Meanwhile, the reorganization of the Department of Community & Economic Development into the Office of Strategic Growth (OSG) and Department of Opportunity & Resident Services (DOORS) is a budget-neutral means of doubling down on our mission to grow the City and invest in our residents. Created in response to City Council's support for the Cincinnati Futures Commission recommendation, OSG is a lean, dedicated team tasked with frictionless support for businesses, developers, and growth agents interested in shaping Cincinnati's future. Meanwhile, DOORS leverages the power of local government to improve residents' lives-growing their wealth, their neighborhoods, and their livelihoods.

Capital Budget

As part of Performance Based Budgeting, the City has undergone substantial change in our capital expense planning. Mirroring the detailed and transparent approach taken on the operating budget side, departments are now able to better understand existing capital portfolios and make sustainable plans for future appropriations.

Another parallel between the operating and capital budgets is my mandate for departments to root out inefficiency and avoid being protective of historical practices or maintenance of the status quo. In that spirit, Finance has responded to an ask from City Council to update our borrowing capacity policies. Resulting from these changes, I recommend more than \$25 million in additional investment for fleet services and facilities maintenance, as well as a \$13 million neighborhood development fund. These are significant additions to two of our most critical missions: taking care of physical infrastructure and putting down payments on Cincinnati's future.

This year, disbursements from the Cincinnati Southern Railway trust will total \$58 million (up from \$56 million last year). As you know, our stewardship of railroad sale dollars is planned, tracked, and shared publicly under the Cincy on Track initiative, catalogued [online](#) on the Cincy Insights webpage. Major Cincy on Track investments in this fiscal year include land acquisition for replacement of two fire stations and the continuing renovation of Dunham Rec Center.

Of course, street rehabilitation is the core of Cincy on Track, as it reflects one of our largest infrastructure needs and is consistently identified as the most important area of investment by City residents. I am exceptionally proud of the Department of Transportation and Engineering (DOTE) for undoing a "business as usual" practice of combining numerous street rehabilitation projects into very large bid packages, which resulted in few contractors being able to respond and virtually no options for the City to combat rising prices. By halting this aggregate approach, as well as applying a more rigorous long-term planning philosophy, the department is equipped to increase the number of rehabilitated lane miles by 20% this fiscal year. Additionally, DOTE has taken great care to shift its planning and design work for street rehabilitation projects to cleanly align with Cincy on Track resources being available; in 2026, such pre-work enabled three projects to be construction-ready on July 1, the first day of the fiscal year.

Conclusion

We continue to operate in an environment where expenses outpace revenues, making difficult choices unavoidable. But the work we have done as a team-Administration, Mayor, and City Council-allows us to approach those choices with full understanding of what we do, how we do it, and whether our investments are benefiting residents to the highest level of efficiency.

Through the development of Performance Based Budgeting, executive budget review, and executive performance review, we now have a structure that supports continuous, data-driven dialogue about the

Budget Message

City Manager's Message

best use of City resources. In a lean year like the one we're facing, we can prioritize key investments and pull back where appropriate, doing so without disrupting core services.

That is what this recommended budget reflects. We are (and continue to grow our ability to be) intentional, accountable, and sustainable.

I am incredibly grateful for the work of City leadership, our department heads, the Office of Performance & Data Analytics, the Department of Finance, and especially the Office of Budget & Evaluation in developing this recommended budget. And I remain proud to serve as City Manager-a role defined by close collaboration with our elected officials and tireless commitment to the needs of Cincinnati residents.

A handwritten signature in black ink that reads "Sheryl Long".

Sheryl M. M. Long, City Manager

OPERATING BUDGET SUMMARY

Table II - Recommended FY 2027 All Funds Operating Budget Update

(\$ in Millions)	<u>FY 2026-2027 Biennial Budget</u>			<u>From Approved FY 2026</u>		<u>From Approved FY 2027</u>	
	Approved FY 2026	Approved FY 2027	Recommended FY 2027 Update	\$ Change	% Change	\$ Change	% Change
Operating Budget							
General Fund ⁽¹⁾⁽²⁾	\$569.4	\$570.5	\$616.2	\$46.8	8.2%	\$45.7	7.4%
Restricted Funds ⁽³⁾⁽⁴⁾⁽⁵⁾	\$718.1	\$735.9	\$755.0	\$36.9	5.1%	\$19.1	2.5%
Grand Total	\$1,287.5	\$1,306.4	\$1,371.1	\$83.6	6.5%	\$64.7	4.7%

⁽¹⁾ The Approved FY 2026 and Approved FY 2027 General Fund Budgets include \$21.4 million and \$22.4 million respectively in Health Department funding that is transferred out to the Cincinnati Health District Fund. Additionally, the Approved FY 2026 and Approved FY 2027 General Fund Budgets do not include \$5.0 million and \$5.1 million respectively in transfers out for debt service and to other funds.

⁽²⁾ The Recommended FY 2027 General Fund Budget Update includes \$22.9 million in Health Department funding that is transferred out to the Cincinnati Health District Fund. Additionally, the Recommended FY 2027 General Fund Budget Update does not include \$4.7million in transfers out for debt service and to other funds.

⁽³⁾ The Approved FY 2026 and Approved FY 2027 Restricted Funds Budgets do not include \$21.4 million and \$22.4 million respectively in Health Department funding that is transferred out to the Cincinnati Health District Fund.

⁽⁴⁾ The Recommended FY 2027 Restricted Funds Budget Update does not include \$22.9 million in Health Department funding that is transferred out to the Cincinnati Health District Fund.

⁽⁵⁾ The Approved FY 2026 Restricted Funds Budget reflects what was recommended for the Metropolitan Sewer District Fund at the time of the FY 2026-2027 Biennial Budget. It does not reflect the final Approved CY 2026 Budget for the fund.

The Recommended FY 2027 All Funds Operating Expense Budget Update totals \$1.4 billion and represents a 6.5% increase of \$83.6 million when compared to the Approved FY 2026 Budget. This includes an increase of \$46.8 million in the General Fund and a \$36.9 million increase in the Restricted Funds.

This is primarily attributed to a \$46.8 million increase in the General Fund, a \$18.2 million increase in the Metropolitan Sewer District Fund, a \$6.3 million increase in Water Works Fund, a \$6.2 million increase in the Bond Retirement Fund, a \$5.4 million increase in the Convention Center Fund, a \$2.6 million in the Community Health Center Activities Fund, and a \$2.5 million increase in the Income Tax-Infrastructure Fund. These increases are partially offset by a \$1.3 million decrease in the Parking System Facilities Fund. Various other increases and decreases are budgeted in a variety of funds. All Restricted Funds' expenditure budgets are balanced to available resources. More details on the Restricted Funds are included in this section and the Financial Summaries section of the Recommended FY 2027 Budget Update document.

The Recommended FY 2027 General Fund Operating Expense Budget Update, including transfers out to the Cincinnati Health District Fund, totals \$616.2 million, which represents a \$46.8 million, or 8.2%, increase from the Approved FY 2026 Budget as shown in Table II.

Budget Assumptions

The City's Five Strategic Priorities guided and informed the development of the Recommended FY 2027 General Fund Operating Budget Update. The following summary includes the major assumptions used in developing the Recommended FY 2027 Budget Update.

1. For FY 2027, the following salary increases are budgeted:
 - AFSCME (American Federation of State, County and Municipal Employees), AFSCME Municipal Workers (MWs), Cincinnati Building Trades Council, and Teamsters represented employees are budgeted for a 4.0% wage adjustment during FY 2027 per the executed labor agreements.
 - CODE (Cincinnati Organized and Dedicated Employees) represented employees are budgeted for a 3.0% wage adjustment during FY 2027 per the executed labor agreement.
 - The IAFF (International Association of Fire Fighters) represented employees are budgeted for a 1.0% wage adjustment during FY 2027. The IAFF labor agreement expires in FY 2027.
 - The FOP (Fraternal Order of Police) represented employees are budgeted for a 2.0% wage adjustment during FY 2027. The FOP labor agreement expires in FY 2027.
 - There is a 3.0% wage adjustment budgeted for non-represented employees in FY 2027.
2. Step increases are funded pursuant to labor contracts, which range from less than 2.0% to over 4.0% for most represented positions that are not at the top of the respective salary range. Merit increases of up to 3.0% for non-represented employees are also funded for FY 2027. Note: 87.0% of all full-time employees are represented and 13.0% are non-represented.
3. Overtime expense is limited to emergencies for non-public safety staff in the General Fund. Table III provides the budgeted overtime expenses for all full-time employees in the General Fund, Non-General Fund (including Enterprise Funds), and in All Funds.

*Table III - Budgeted Overtime**

Department Type	General Fund	Restricted Funds	All Funds
Public Safety	\$ 18,285,386	\$ -	\$ 18,285,386
Non-Public Safety	\$ 432,511	\$ 6,756,932	\$ 7,189,443
Grand Total	\$ 18,717,897	\$ 6,756,932	\$ 25,474,829

*Table III includes estimated overtime for the Metropolitan Sewer District.

4. The Ohio legislature has not voted to give an increase to the Hamilton County Board of Commissioners nor have two-thirds of the members of the City Council voted for a raise; therefore, the Recommended Budget does not include pay increases for the Mayor or the City Council.
5. The Recommended FY 2027 Budget Update includes a 19.25% employer pension contribution rate for members of the Cincinnati Retirement System (CRS), which is a 0.75 percentage point increase over the previous 18.5%. This increase will help address the current underfunding of the

CRS. The budget also provides for employer contributions to the Ohio Public Employees Retirement System (OPERS) at 14.0%, the Ohio Police & Fire Pension Fund at 19.5% for sworn police officers, and the Ohio Police & Fire Pension Fund at 24.0% for sworn firefighters. The match amount for Deferred Compensation is set at \$400 for Cincinnati Building Trades Council members, \$500 for AFSCME members, \$350 for FOP Supervisor members, \$500 for IAFF Assistant Chief members, and \$750 for CODE and non-represented employees.

6. As part of the Collaborative Settlement Agreement (CSA), a Deferred Retirement Option Plan (DROP) was instituted. DROP is a voluntary plan for active members of the Cincinnati Retirement System (CRS) who are covered by the Collaborative Settlement Agreement. Those who enter the plan can delay their retirement and continue to work for the City of Cincinnati. Employees who enter the plan receive a lump sum payment for their accumulated leave balances as if they had retired on the date they enter the plan. Because of this, as well as increased retirements notwithstanding DROP, additional funds are needed on an ongoing basis to make these lump sum payments. The Recommended FY 2027 Budget Update includes \$1,268,220 in the General Fund and \$150,000 in the Income Tax-Infrastructure Fund for lump sum payments.
7. Any City employee who is enrolled in an Anthem health insurance plan, is either in the traditional 80/20 plan or the High Deductible Health Plan (HDHP). Under both plans, Anthem provides medical and pharmacy benefits, and the employee pays 100% of a deductible and then pays 20% of all in-network healthcare expenses up to an out-of-pocket maximum. FOP members hired before September 2016 and IAFF members hired before April 2016 have an in-network out-of-pocket maximum of \$1,500 for a single plan and \$3,000 for a family plan. All other employees have an in-network out-of-pocket maximum of \$2,000 for a single plan and \$4,000 for a family plan. The premium share for all employees is 10%. The 80/20 out-of-pocket maximum does not include prescription expenses. The 80/20 plan participants are enrolled in three-tier prescription drug coverage. The prescription tiers are \$10/\$20/\$30 for FOP members and IAFF members, and \$15/\$30/\$40 for all other employees. Under the HDHP, prescriptions are covered in the same manner as all other medical expenses in that the employee pays 100% of a deductible and then pays 20% of all in-network healthcare expenses up to an out-of-pocket maximum. For all employees, the HDHP in-network out-of-pocket maximum is \$3,600 for a single plan and \$7,200 for a family plan.
8. All City employees also have the option to enroll in the City's Integrated Health Reimbursement Arrangement (HRA) if they have other group health coverage available to them. This allows them to receive reimbursement from the City for premiums and out-of-pocket medical expenses when enrolled in another group health plan.
9. Calendar Year 2027 health care rates are budgeted to increase 4.5% over Calendar Year 2026 rates. Final rates will not be set until later in Calendar Year 2026.
10. Fuel costs are budgeted at \$2.70 per gallon for unleaded and \$3.30 per gallon for diesel fuel. The Administration continues to use fuel hedging as a tool to help with level budgeting for fuel purchases in FY 2027; however, fuel hedging is not a long-term savings method since the City will ultimately pay for variances in the fuel price.
11. The Fleet Services labor rate increased to \$132 per hour, which is \$15 over the FY 2026 rate of \$117 per hour. This increase represents an adjustment to meet the current cost of labor, anticipated equipment and material costs, as well as a change in billing methodology.

Operating Budget Summary

FY 2027 Operating Budget Update

12. The Health Department's General Fund budget was shifted to the Cincinnati Health District Fund starting in FY 2020. General Fund resources will continue to be transferred out to this fund to provide the necessary resources for the department's expenditures.
13. The Recommended FY 2027 Budget Update includes a 1.0% Consumer Price Index (CPI) inflationary increase across non-personnel expenses for FY 2027.
14. The Recommended FY 2027 Budget Update includes one department change that occurred during FY 2026. As outlined by Council Motion No. [202600232](#), the Office of Strategic Growth (OSG) was created within the City Manager's Office. In conjunction with the creation of OSG, the Department of Community and Economic Development has been dissolved, and the Department of Opportunity and Resident Services (DOORS) has been created. These changes resulted in positions being transferred from the Department of Community and Economic Development to the Office of Communications, Special Events, Grants Administration and Government Affairs, and the City Manager's Office, as well as OSG and DOORS.
15. During FY 2026, 18.0 FTE were transferred from the Cincinnati Fire Department to the Emergency Communications Center for Fire Dispatch Operations.
16. Effective during FY 2026, the Budget Director is now the City Manager's ex officio representative on the Internal Audit Committee.
17. The Recommended FY 2027 General Fund Budget Update includes \$60,000 in additional planning and zoning fee revenue, which will be included in the FY 2027 Budget Update Ordinances for Council approval.
 - Processing and Administration of Notwithstanding Ordinance Applications Related to the Cincinnati Zoning Code increases from \$1,000 to \$2,500.
 - Processing and Administration of Text Amendment Applications Related to the Cincinnati Zoning Code increases from \$1,500 to \$2,500.
 - Processing and Administration of Zone Map Amendment Applications Related to the Cincinnati Zoning Code increases from \$1,500 to \$2,500.
 - Processing and Administration of Applications for the Establishment of Planned Development Concept Plans increases from \$3,000 to \$5,000.
 - Processing and Administration of Applications for Major Amendments to Planned Development Concept Plans increases from \$3,000 to \$5,000.
18. The Recommended FY 2027 Parking Meter Fund Budget Update includes an additional \$147,000 in residential parking permit revenue and an additional \$200,000 in transaction fee revenue. The specific rate increases are as follows:
 - Residential Parking Permit: An increase from \$30 or \$65 annually to \$150 annually.
 - Transaction Fee: New parking meter credit card transaction fee of \$0.35 to standardize fees with the mobile app.

19. Starting in FY 2024, organizations seeking financial support from the City are now subject to a competitive application process. To streamline the management and oversight of these contracts, the resources have been transferred to the Department of Opportunity and Resident Services. Refer to the Leveraged Support section below for more information.

20. Pending judicial approval of amendment of the Collaborative Settlement Agreement (CSA) that currently governs City and employee contributions to the Cincinnati Retirement System (CRS), the City will significantly increase its mandatory contributions to the Cincinnati Retirement System. This includes raising the City's employer contribution to 19.25% of eligible employees' payroll in FY 2027 with subsequent potential increases of 0.75 percentage points in each of FY 2028, FY 2029, and FY 2030. Additionally, an annual lump sum contribution of \$2.0 million from the City's Restricted Funds will be made to CRS for which funding is included in the Recommended FY 2027 Budget Update

21. In September 2025, the City of Cincinnati and Duke Energy mutually agreed to early termination of the existing naming rights agreement for the Convention Center. A new naming rights agreement was secured in February 2026, and the Convention Center is now known as the First Financial Center.

LEVERAGED SUPPORT

The City of Cincinnati provides financial support to specific programs or for the general operations of organizations that perform a service benefiting Cincinnati residents. To expand the impact of limited City funds, recipient organizations are expected to leverage funding provided by the City with additional financial resources - either raised from other governmental or private entities or as earned revenue from providing a service.

City Council directed the City Administration to create an updated human services strategies and priorities plan for allocations from the Human Services Fund in Motion No. [202202006](#). In response, the Administration prepared Report No. [202300318](#), which planned a more comprehensive and transparent leveraged support funding process for FY 2024. The report detailed leveraged support eligibility parameters, identified funding categories, established performance metric requirements, and outlined a new funding application process. Additionally, the report formally defined "Leveraged Support" as follows:

Financial Support from the City of Cincinnati to an external private organization (i) as general operating support to fund their work in the City or (ii) as funding for a specific program aimed at addressing a public need in the City.

Starting in FY 2025, the Administration organized leveraged support recipients into seven categories (Arts, Economic Development and Neighborhood Support, Environment, Equity and Inclusion, Homelessness and Eviction Prevention, Human Services and Violence Prevention, and Workforce Programming and Poverty Reduction). Pursuant to Ordinance No. [0036-2025](#), the following three categories are now managed by the Human Services Advisory Board beginning in FY 2026: 1) Homelessness and Eviction Prevention, 2) Human Services and Violence Prevention, and 3) Workforce Programming and Poverty Reduction.

For FY 2027, a similar Leveraged Support application process was used as in FY 2026. Applications were accepted for the following three categories: Arts, Environment, and Equity and Inclusion. The Economic Development and Neighborhood Support category is no longer part of the competitive Leveraged Support application process. The FY 2027 leveraged support application opened on March 2, 2026 and closed on April 10, 2026. The applications are currently under review. Applicants will be notified of award decisions in early August 2026. The City Manager's Recommended FY 2027 Budget Update includes \$1,589,575 in leveraged support funding, which includes a 5.1% reduction (\$85,425) utilized to balance the FY 2027 Budget Update.

Minimum Eligibility Criteria

The City Administration established the following minimum eligibility criteria and request parameters:

- 1. Existing Organization:** The applicant must be an existing organization that has at minimum three years of audited financial statements or federal tax returns and must not be debarred from contracting or subcontracting with the City. Start-up organizations are not eligible to apply and should instead apply under the City's Boots on the Ground program, administered by the Greater Cincinnati Foundation. Applications requesting funding for new programs of existing organizations are acceptable.
- 2. Amount:** Applicants should not request more than \$500,000 or less than \$50,000. Only in extraordinary circumstances will an award be granted in excess of \$500,000.
- 3. Services:** Applicants must offer a service that directly benefits City residents under one of the categories identified below.

Leveraged Support Categories

For the Recommended FY 2027 Budget Update the remaining categories for the Leveraged Support program are as follows::

- 1. Arts:** Initiatives that promote, enhance, and provide access to the arts and cultural activities.
- 2. Environment:** Initiatives that protect and enhance the natural environment, promote sustainability, and address climate change.
- 3. Equity and Inclusion:** Initiatives that promote diversity, equity, and inclusion within communities and organizations.

Performance Metrics

As part of the leveraged support funding application, organizations were required to provide three output metrics to evaluate past performance and future goals. Organizations seeking leveraged support funding provided the following information:

- 1. Output Metrics:** Organizations chose three output metrics on either a programmatic or organization-wide basis.
- 2. History of Performance:** Organizations provided three years of past performance, based on the three selected output metrics to the extent possible.
- 3. Projected Performance with City Funds:** Organizations provided annual performance goals for the requested City funds, using the three output metrics previously selected.
- 4. Funding Period:** The Funding Period is now October 1, 2026 to September 30, 2027. Proposed activities and budgets should align with this funding period.

FUNDING FOR COMPETITIVE GRANTS PROGRAMS

Beyond Leveraged Support, the City also provides competitive grant funding for Human Services and other programs, totaling \$10,572,860 in the Recommended FY 2027 Budget Update, as shown in the table titled, "Funding for Competitive Grant Programs." The City Human Services Fund represents 1.5% of the General Fund Operating Budget revenues, as stipulated in Ordinance No. 0153-2017. Because of the Ordinance, unlike leveraged support funding, the City Human Services Fund was not subject to a 5.1% reduction. Pursuant to Ordinance No. 0036-2025, funding for the following categories moved from Leveraged Support to Human Services Advisory Board management beginning in FY 2026: 1) Homelessness and Eviction Prevention, 2) Human Services and Violence Prevention, and 3) Workforce Programming and Poverty Reduction. Organizations are not permitted to receive both Human Services Funds and Leveraged Support funds for the same program. The Recommended FY 2027 Budget Update includes a total of \$10,269,180 in Human Services Funding. The City Manager's Recommended FY 2027 Budget Update also provides \$303,680 for other competitive grant programming, not including Leveraged Support. Like Leveraged Support, a 5.1% reduction was applied to most Other Competitive Grant Programs in accordance with the across-the-board reduction exercise needed to close the General Fund deficit.

Table IV - Funding for Competitive Grant Programs

Funding for Competitive Grant Programs	City Manager Recommended FY 2027 Budget Update
Human Services Funding	
City Human Services Fund (administered by United Way)	\$9,277,000
Additional Funding Managed by Human Services Advisory Board*	\$992,180
Total Human Services Funding	\$10,269,180
Other Competitive Grant Programs	
Boots on the Ground Fund Program ¹	\$142,350
Community Urban Agriculture	\$18,980
Leveraged Support	\$1,589,575
Safe and Clean ¹	\$142,350
Total Other Competitive Grant Programs	\$1,893,255
Grand Total	\$12,162,435

* Leveraged support funding moved to the Human Services Advisory Board management, per Ordinance No. 0036-2025.

¹ Denotes full or partial one-time funding.

CITY OPERATIONS PROGRAMMATIC SUPPORT

The City also provides resources to third parties that either manage a City-owned asset or provide services for City-managed programs. The arrangement with these organizations is a "fee for service" model and requires a contract with a delineated scope of services provided to the City.

The Recommended FY 2027 Budget Update includes \$5,632,900 for City Operations Programmatic Support and Recipients, as shown in the table entitled "City Operations Programmatic Support and Recipients." Like Leveraged Support, a 5.1% reduction is applied to most contracts in accordance with the across-the-board reduction exercise needed to close the General Fund deficit.

Table V - City Operations Programmatic Support and Recipients

City Operations Programmatic Support and Recipients	City Manager Recommended FY 2027 Budget Update
3CDC (For Fountain Square)	\$100,000
3CDC (Operating Support for Washington Park and Ziegler Park) ¹	\$450,000
3CDC - GeneroCity*	\$71,175
Career Pathways Initiative (CPI) (formerly Summer Youth Jobs Initiative - HR Portion)	\$1,007,960
Center for Closing the Health Gap*	\$474,500
Findlay Market Operating Budget Support	\$366,610
Greater Cincinnati and Northern Kentucky Film Commission (dba Film Commission)*	\$47,450
Keep Cincinnati Beautiful	\$189,800
Needle Exchange Program	\$142,350
Neighborhood Business Districts	\$113,880
Neighborhood Support Program / Community Councils	\$521,950
REDI Cincinnati*	\$237,250
Shelterhouse Volunteer Group*	\$308,425
Summer Youth Jobs Initiative - CRC Portion	\$237,250
The Port (formerly Greater Cincinnati Redevelopment Authority/Port Authority of Greater Cincinnati)	\$700,000
Urban League of Greater Southwestern Ohio*	\$94,900
WarmUp Cincy	\$332,150
Women Helping Women Domestic Violence Enhanced Response Team (WHW DVERT)	\$237,250
Grand Total	\$5,632,900

¹ In FY 2026, funding for 3CDC was reduced by \$75,000 as a revenue offset, and \$150,000 was transferred to the capital budget for Civic Space Improvements. These adjustments continue in FY 2027. Starting in FY 2027, \$200,000 in existing resources from the Parks Department were transferred to the City Manager's Office for this purpose. This does not represent new resources.

* Moved from Leveraged Support to City Operations Programmatic Support starting in FY 2026

REVENUES

General Fund Revenues

The General Fund revenue estimate for the Recommended FY 2027 Budget Update in Table VI totals \$618.5 million, which is an 8.6% (or \$49.0 million) increase from the Approved FY 2026 Budget amount of \$569.5 million.

Table VI - Recommended FY 2027 Budget Update General Fund Revenue Estimates

Category	Biennial Budget			Approved FY 2026 to Recommended FY 2027 Update	Approved FY 2027 to Recommended FY 2027 Update
	Approved FY 2026	Approved FY 2027	Recommended FY 2027 Update		
Earnings Taxes	370,770	376,790	393,529	6.1%	4.4%
Property Taxes	47,928	47,928	49,990	4.3%	4.3%
Investments	24,817	24,817	28,756	15.9%	15.9%

Other Revenues	98,294	98,318	117,722	19.8%	19.7%
Total	569,480	575,524	618,467	8.6%	7.5%

Graph I - Recommended FY 2027 Budget Update General Fund Operating Revenue

City Earnings Tax

The Department of Finance reviewed and updated the earnings tax estimate in April 2026. The revenue estimate for FY 2027 for the Tentative Tax Budget (TTB) was \$385.0 million but has been revised to \$393.5 million. This amount is \$22.8 million higher than the Approved FY 2026 Budget amount of \$370.8 million and \$8.5 million higher than the TTB estimate.

The General Fund receives 1.55% of the 1.8% locally levied tax applied to gross salaries, wages and other personal service compensation earned by residents of the City, and earnings of non-residents earned in the City. It also applies to net income of business organizations for business conducted in the City. The earnings tax is the largest single source of General Fund revenue and accounts for approximately 63.6% of those revenues in FY 2027.

Property Tax

Property taxes are levied on real property, which consists of residential, commercial, and industrial property. The City Charter authorizes a property tax levy of up to 6.1 mills for General Fund operating purposes. The Calendar Year (CY) 2026 and CY 2027 Tentative Tax Budgets set the property tax millage for operating purposes to 6.1 mills which, combined with Hamilton County Auditor's current assessed property values, are projected to generate \$50.0 million in revenue. This represents a 4.3% increase when compared to the Approved FY 2026 Budget. Property tax is the second largest revenue source at approximately 8.1% of the Recommended FY 2027 General Fund estimated revenue.

Investments

Investment earnings on short-term interim funds account for \$28.8 million or 4.7% of the General Fund revenue for FY 2027, which is a 15.9% increase from the Approved FY 2026 Budget. Starting in FY 2025, the Finance Department has increased its cash management to take advantage of market conditions. This is expected to continue in FY 2027.

State Shared Revenues

State Shared Revenues account for approximately 2.7% of General Fund revenues for FY 2027. There is one major source of these revenues: the Local Government Fund.

The Local Government Fund revenues consist of portions of the State income, sales and use, public utilities, and corporate franchise taxes allocated to a fund for distribution to local governments. For FY 2027, the total allocated to the City is approximately \$16.5 million, which has been reduced significantly since the State imposed cuts in 2011 as shown in the following chart:

Table VII - State Reductions from 2011 to 2025 on a Calendar Year Basis

State Reductions from 2011 to 2025 on a Calendar Year Basis

	Base Year CY 2011	CY 2012	CY 2013	CY 2014	CY 2015	CY 2016	CY 2017	
Local Government Fund	\$ 21,533,062	\$ 14,735,401	\$ 11,171,423	\$ 10,922,828	\$ 11,945,974	\$ 11,670,956	\$ 11,793,767

* CY 2012 Estate Tax has been reduced by \$6.2 million due to County error in distribution, which was not identified until 2015, and paid back by the City over

Casino Tax

In FY 2027, it is estimated that the Casino Tax will generate \$10.5 million. This represents a \$500,000, or 5.0%, change compared to the Approved FY 2026 Budget. The Casino Tax accounts for 1.7% of General Fund revenue in FY 2027.

Parking Meter

FY 2027 Parking Meter revenue estimates in the General Fund total \$1.5 million. This represents no change from the Approved FY 2026 Budget. Parking Meter revenue accounts for 0.2% of the General Fund revenue.

Other Revenues

These various revenues included in the Other Revenue category comprise 19.0% of the General Fund revenues in the Recommended FY 2027 Budget Update. When compared to the Approved FY 2026 Budget, the revenues have increased \$19.4 million, or 19.8%. Other General Fund revenues and their variances are highlighted in the following chart:

Table VIII - FY 2027 Budget Update General Fund Other Revenues

	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	Difference
Public Safety	20,951,790	34,642,290	13,690,500
Buildings & Inspections Fees and Permits	23,142,180	21,862,960	(1,279,220)
Charges for Services	15,728,000	16,054,500	326,500
License & Permits	14,955,390	15,710,400	755,010
Admission Taxes	10,205,500	13,390,000	3,184,500
Miscellaneous	5,388,430	5,829,430	441,000
Fines, Forfeits and Penalties	5,219,000	5,432,000	213,000
Short Term Rental Excise Taxes	2,100,000	2,450,000	350,000
Cannabis Tax	0	1,600,000	1,600,000
Public Services	300,000	300,000	-
Revenue from Other Agencies	174,600	300,000	125,400
Rent & Investments	119,440	130,400	10,960
Payment in Lieu of Taxes	10,000	20,000	10,000
Total Other Revenues	\$ 98,294,330	\$ 117,721,980	\$ 19,427,650

Public Safety

This revenue category includes various revenues from the Police and Fire departments including emergency transport services, impounded vehicle fees, police detail charges, fire inspection fees, false alarm fees, and police auction proceeds. The Recommended FY 2027 Budget Update reflects a 65.3% increase in public safety revenues when compared to the Approved FY 2026 Budget primarily due to revenue generated by Police Off Duty Details and an anticipated \$6.0 million in additional Ground Emergency Medical Transportation (GEMT) reimbursements from Medicaid through the state's Ambulance Supplemental Payment Program (ASPP). As recommended by the Cincinnati Futures Commission, this revenue source was pursued to increase revenue the City receives from eligible medical runs. This will be the first year that this additional revenue is received.

Buildings & Inspections Fees and Permits

The Recommended FY 2027 Budget Update revenue for Buildings & Inspections Fee and Permits is expected to decrease by 5.5% compared to the Approved FY 2026 Budget. The anticipated decrease in revenue is due primarily to expected decreases in Heating and Ventilation Inspection revenue and Plumbing Inspection revenue as well as decreased special activities and projects relative to FY 2026, including the Convention Center Hotel. FY 2027 revenue estimates in this category also reflect a 2.4% consumer price index (CPI) inflationary factor on permit fees within the Department of Buildings and Inspections.

Charges for Services

This category includes overhead charges from restricted and enterprise funds. The Recommended FY 2027 Budget Update reflects a 2.1% increase in charges for services when compared to the Approved FY 2026 Budget.

License & Permits

This revenue category includes fees charged for a variety of professional and occupational licenses. Some of the major revenue sources in this category include street privilege permits for gas, electric, and cable television, gas and electric aggregation permits, commercial solid waste permits, a variety of transportation related licenses (including chauffeurs, valets, taxicabs, pedicabs, and other livery vehicles), a variety of miscellaneous business licenses (including parking garages and lots, pawnbrokers, second hand dealers, peddlers, scrap processors, massage establishments and practitioners, and ticket sellers), and special events permit fees. This revenue category is expected to increase by 5.0% as compared to the Approved FY 2026 Budget.

Admission Taxes

This category includes projected revenues from a charge paid for the right or privilege to enter into a temporary or permanent place or event or participate in any tour or itinerant form of amusement within the City. This revenue category is expected to increase by \$3.2 million, or 31.2%, as compared to the Approved FY 2026 Budget. This increase is driven by expected increases in both athletics and performing arts related admissions.

Miscellaneous

This revenue category includes projected refunds of prior year expenditures, tax abatement application fees, vendor registration fees, interest from other sources, union chargeable time, and other miscellaneous revenues not otherwise classified. The miscellaneous revenues are projected to increase by 8.2% in the Recommended FY 2027 Budget Update.

Fines, Forfeits and Penalties

When compared to the Approved FY 2026 Budget, this revenue category is projected to increase by 4.1% in FY 2027. This category includes parking, civil, and lot abatement fines as well as moving violation charges.

Short-Term Rental Excise Tax

This revenue category accounts for revenue from taxing residential dwelling units offered to the public for rent for a duration of less than thirty consecutive days. This category is expected to increase by \$350,000 or 16.7% as compared to the Approved FY 2026 Budget.

Cannabis Tax

The FY 2027 Budget Update includes \$1.6 million in estimated Cannabis Tax revenue. The City will receive a portion of state revenue generated by the State of Ohio Cannabis Excise Tax. This represents the first fiscal year with budgeted Cannabis Tax revenue.

Public Services

This category includes fees from the Department of Public Services and the Office of Environment and Sustainability, which includes recycling incentive fees and revenues from the Rumpke recycling contract. This category is expected to remain at \$300,000 in FY 2027.

Revenue from Other Agencies

This revenue category accounts for revenue from other government entities. This category is expected to increase by \$125,400, or 71.8%, from the Approved FY 2026 Budget due primarily to Police Department collaboration with other local governments and governmental entities.

Rents & Investments

This revenue category accounts for revenue from land, buildings, and otherwise not classified rent and investments. This category is expected to increase from the Approved FY 2026 Budget by 9.2%.

Payments in Lieu of Taxes

This revenue category accounts for revenue from metropolitan housing payments in lieu of taxes. The Recommended FY 2027 Budget Update amount in this category is expected to increase from \$10,000 in the Approved FY 2026 Budget to \$20,000.

Restricted Funds Revenues

The Principal Restricted Funds' revenue available to support the Recommended FY 2027 Operating Budget Update totals \$834.0 million, which is a \$65.6 million, or an 8.5% increase in revenues as compared to the Approved FY 2026 Budget.

Table IX - Recommended FY 2027 Budget Update Principal Restricted Funds' Revenues

Principal Restricted Funds	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	Difference
9-1-1 Cell Phone Fees	1,300,000	1,300,000	0
Bond Retirement	88,062,150	108,517,060	20,454,910

Metropolitan Sewer District*	291,734,000	330,733,360	38,999,360
Municipal Golf	8,489,500	9,262,000	772,500
Municipal Motor Vehicle License Tax	4,114,000	4,114,000	0
Parking Meter	3,980,000	5,269,260	1,289,260
Parking System Facilities	6,234,560	5,839,750	(394,810)
Recreation Special Activities	5,731,160	6,090,400	359,240
Safe and Clean	45,830	45,830	0
Sawyer Point	773,500	1,211,000	437,500
Stormwater Management	30,752,430	30,752,480	50
Street Construction Maintenance & Repair	15,467,300	15,467,300	0
Streetcar Operations	5,539,750	5,911,120	371,370
Water Works	229,336,000	223,454,010	(5,881,990)
Total Principal Restricted Funds	\$ 768,446,020	\$ 834,022,810	\$ 65,621,790

*The Metropolitan Sewer District Fund Approved FY 2026 Budget reflects what was recommended at the time of the FY 2026-2027 Biennial Budget. It does not reflect the final Approved CY 2026 Budget.

The following Principal Restricted Fund revenue changes in the Recommended FY 2027 Budget Update are highlighted below because the change is +/- \$1.0 million when compared to the Approved FY 2026 Budget.

Bond Retirement

The revenue projection for the Bond Retirement Fund is \$20.4 million higher than the Approved FY 2026 Budget. The Recommended FY 2027 Budget Update revenue estimate is based on actual tax revenue estimates and estimated bond sale amounts.

Community Health Center Activities

Community Health Center Activities Fund revenue is projected to increase by \$2.4 million. This is primarily due to higher revenue generated from school-based health center clinic fees, which is reimbursed through Medicaid Maximization resources.

Convention Center

The revenue projection for the Convention Center Fund is \$5.4 million higher than the Approved FY 2026 Budget. This is primarily due to the reopening of the Convention Center, which will be operational for the entire fiscal year as opposed to the partial year reflected in the Approved FY 2026 Budget.

Income Tax-Infrastructure Fund

Income Tax-Infrastructure Fund revenue is projected to increase by \$1.5 million in the Recommended FY 2027 Budget Update when compared to the Approved FY 2026 Budget. This is due to a projected increase in income tax revenue based on projections through April 2026.

Metropolitan Sewer District

The Metropolitan Sewer District Fund is projecting a \$39.0 million increase in CY 2027 as compared to CY 2026 primarily due to an increase in charges for services related to an adjustment in the Commodity Charge, which impacts industrial and commercial rate payers. The Metropolitan Sewer District's annual budget is approved by the Hamilton County Board of County Commissioners in December of each year. The County budget (including MSD) is on a calendar year basis, which runs from January 1st through December 31st. Therefore, revenue projections for MSD will be updated closer to the start of their CY 2027 budget.

Parking Meter

Parking Meter Fund revenue is projected to increase by \$1.3 million in the Recommended FY 2027 Budget Update when compared to the Approved FY 2026 Budget. This is due to increases in the residential parking permit fee and the parking meter financial transaction fee. The increase is also based on expectations of increasing parking meter revenues upon completion of the parking meter audit and strategic plan.

Water Works

The revenue forecast for the Water Works Fund is \$5.9 million lower in the Recommended FY 2027 Budget Update than in the Approved FY 2026 Budget. This is primarily due to a change in the schedule of legal settlement payments related to perfluorooctanoic acid (PFOA) and perfluorooctane sulfonate (PFOS) litigation.

BALANCING THE APPROVED FY 2027 BUDGET UPDATE

The Approved FY 2026 General Fund Budget totaled \$574.5 million, including transfers out. In December 2025, the City submitted a Tentative Tax Budget (TTB), which forecasted a FY 2027 General Fund Continuation Budget (a budget to provide the same level of services in FY 2027 as in FY 2026, which included anticipated assumptions for wages and wage-based benefit increases) of \$629.8 million in expenses and \$597.7 million in revenues, which resulted in a deficit of \$32.1 million.

For the past several years, the City's continuation budget at the time of the TTB has resulted in a projected budget deficit ranging from \$16 million to \$33 million. For FY 2027, the continuation budget deficit was estimated at \$32.1 million.

Included in the projected FY 2027 continuation budget deficit of \$32.1 million were material changes to expenditures that occurred during FY 2026 as well as a 6.0% increase in health care premiums for Calendar Year 2027 and a 0.75 percentage point increase in the employer pension contribution for the Cincinnati Retirement System (CRS). The employer contribution percentage is increasing by 0.75 from 18.50% to 19.25%.

The Cincinnati Organized and Dedicated Employees (CODE), American Federation of State, County, and Municipal Employees (AFSCME), American Federation of State, County, and Municipal Employees (AFSCME) Municipal Workers (MWs), and Building Trades contracts were negotiated in early Fiscal Year 2026. Wage increases of 5.0%, 4.0%, and 3.0% over a three-year period were agreed upon. 4.0% is included in the FY 2027 continuation budget projection for AFSCME, AFSCME MWs, and Building Trades in accordance with the new contracts. 3.0% is included in the FY 2027 continuation budget projection for CODE in accordance with the new contracts and aligned with contract years. Additionally, a grievance settlement was reached with the International Association of Fire Fighters (IAFF) during FY 2026 and the impact of that settlement on wages is included in the FY 2027 continuation budget projection.

A 1.0% wage increase is included for members of the International Association of Fire Fighters (IAFF) for FY 2027, which is subject to negotiation as their contract will expire prior to the end of calendar year 2026. A 2.0% wage increase is included for members of the Fraternal Order of Police (FOP) as their contract will expire during calendar year 2027. Non-represented employees are budgeted for a 3.0% wage increase. These wage increases also contributed to the continuation budget deficit.

An inflation factor of 1.0% was applied to most non-personnel line items for the FY 2027 continuation budget. For the FY 2027 continuation budget, human services funding increased by \$329,900 to \$8.9 million, which is 1.5% of estimated General Fund Operating Budget revenues.

Since the TTB, there were material revisions to revenues that were partially offset by expenditure increases that decreased the FY 2027 projected deficit by \$2.6 million. Revenue adjustments were the result of the Executive Finance Review (EFR) as part of Performance Based Budgeting (PBB). The City's income tax revenue showed growth during FY 2026. At the time of the TTB, corporate net profits were trending below estimate, but showed signs of rebounding in the subsequent months, resulting in an increase in estimated revenue. Cannabis Tax revenue of \$1.6 million was newly added as distributions from the State of Ohio occurred during FY 2026. The net result of these changes reduced the deficit to \$29.5 million.

Changes in revenue estimates netted an additional \$17.2 million and include:

+\$8.5 million: Revision of City Income Tax Revenue

In April 2026, the Department of Finance revised projections for City income tax for fiscal years 2027 to 2031. The revised forecast includes an increase of General Fund income tax revenue of \$8.5 million for FY 2027 primarily due to FY 2026 trends. The original revenue estimate for income tax in FY 2027 was \$385.0 million which has since increased to \$393.5 million.

+\$6.0 million: Ground Emergency Medical Transportation (GEMT) Revenue

Ground Emergency Medical Transportation (GEMT) is a Federal opt-in program that provides Medicaid reimbursements to States. The State of Ohio has opted in to the program which provides Emergency Medical Services (EMS) providers with a supplemental reimbursement for the uncompensated costs of transporting Medicaid beneficiaries. The Ohio Department of Medicaid (ODM) expects to begin providing GEMT revenue during FY 2027. The estimate is based on the number of qualifying EMS runs expected to be made by the Cincinnati Fire Department. In April 2024, the Cincinnati Futures Commission report recommended pursuing this revenue stream at the state level.

+\$4.5 million: Revision of Investment Revenue

A net increase of \$4.5 million was included due to revised revenue estimates from the City's investment portfolio. Reinvestment rates continue to trend higher than expected and more cash was actively managed during FY 2026 to take advantage of current market conditions. This is expected to continue in FY 2027.

+\$1.4 million: Revision of Admission Tax Revenue

Revenue projections for the Admission Tax were revised to account for anticipated increases for various events. An increase of \$1.4 million is included for FY 2027 based on increases from athletic events (baseball and soccer), concerts, and theatre productions.

-\$3.1 million: Revision of Property Tax Revenue

A decrease of \$3.1 million was included due to revised property tax revenue estimates. The Hamilton County Auditor's Office provided a revised estimate after a review of the original estimate, which was overstated.

-\$0.1 million: Revenue and Sources Adjustments

A net decrease of \$0.1 million was included due to revised revenue estimates from various departments, many of which are related to a more thorough review of various revenue trends by the Administration as part of the Executive Finance Review (EFR) portion of the Performance Based Budgeting (PBB) process. Adjustments include decreased street and sidewalk permit revenue and local government funds. These decreases were partially offset by increased Short Term Rental Excise Tax revenue, increased parking fine revenue, and minor increases to various fee revenue.

To balance the deficit, expenditure reductions are included in the Recommended FY 2027 Budget Update:

Expenditure decreases total \$20.2 million and include:

-\$8.5 million: Position Vacancy Savings

Additional position vacancy savings is budgeted in the City Manager's Office, the Citizen Complaint Authority, the Department of City Planning and Engagement, the Department of Economic Inclusion, Enterprise Technology Solutions, the Department of Finance, the Cincinnati Fire Department, the Law Department, the Cincinnati Parks Department, the Cincinnati Police Department, the Department of Public Services, the Cincinnati Recreation Commission, and the Department of Transportation and Engineering. Positions will be held vacant for all or part of FY 2027 and will be reviewed as part of the FY 2028-2029 Biennial Budget development process to determine if the positions can be permanently reduced.

-\$3.3 million: Realignment of Fire Recruit Class Timing

The Cincinnati Fire Department's next recruit class is now slated to begin in early FY 2028 (the fall of calendar year 2027). This will allow the department to re-align the start dates of future recruit classes to avoid having recruit classes scheduled during the summer months. Backfill overtime is required to train recruits which strains existing staff during a period of high demand from sworn firefighters for casual leave during the summer months.

-\$2.4 million: Transfer In of Judgment Bond Resources

A transfer in of \$2.4 million is included from judgment bonds related to additional pension contribution expenses based on the City's pending litigation settlement for the Cincinnati Retirement System.

-\$1.2 million: Miscellaneous Non-Personnel Reductions

The reduction of miscellaneous non-personnel items and adjustments to costs within multiple departments will result in savings of \$1.2 million in FY 2027 primarily due to reductions in contractual services. In the Department of Buildings and Inspections, the annual \$0.5 million transfer out to the Emergency Remediation of Defects in Rental Housing Fund will not be made in FY 2027 as there is sufficient existing fund balance for the program's needs.

-\$1.1 million: Transfer of Expenditures to Other Eligible Funds

Various expenses are being transferred to various Restricted Funds as part of the FY 2027 Recommended Budget Update. This includes transfers in the City Manager's Office (Cable Access Management Fund), the Department of Human Resources (Citizens Job Fund), and the Cincinnati Parks Department (various expenses) as these are eligible expenses that can be shifted to other funds.

-\$1.0 million: Reduction of Fire Overtime

The reduction of overtime in the Cincinnati Fire Department will result in savings of \$1.0 million in FY 2027. Staffing in the Cincinnati Fire Department is expected to be at or above the budgeted complement of 859 sworn FTE during the majority of FY 2027. Overtime mitigation strategies have been implemented by the Fire Chief during FY 2026 and will continue in FY 2027.

-\$1.0 million: Service Reductions

The Recommended Budget includes several service reductions including training resources in the Department of Human Resources, as well as reductions of various contractual services. The Cincinnati Recreation Commission is reducing certain recreation center hours and services based on data regarding utilization of centers and programming along with a reduction of part-time maintenance staff. Based on utilization data, all Cincinnati Recreation Commission pools are opening one week later as compared to FY 2026.

-\$0.5 million: Employer Health Care Premium Reduction

After a review of all health insurance claims for CY 2025, the projected 6.0% increase in employer health care premiums for Calendar Year 2027 included as part of the FY 2027 continuation budget was reduced to a 4.5% increase.

-\$0.5 million: Increased Reimbursements

The Recommended Budget includes an increase of \$0.2 million in reimbursements to Enterprise Technology Solutions from the Enterprise Technology Solutions Fund. Additional reimbursements from eligible sources are included for the City Manager's Office, the Emergency Communications Center, and the Law Department.

-\$0.3 million: Reduction of Funding to External Organizations

To address the budget deficit, City departments were asked to provide 5.1% reduction scenarios. Similarly, budgets to provide leveraged support and funding to organizations who provide city programmatic and operational support were also reduced. The Recommended Budget includes a 5.1% across-the-board reduction to most of these organizations and programs for FY 2027.

-\$0.2 million: Service Eliminations

The Recommended Budget includes several service eliminations, totaling \$0.2 million including printing reproduction services in the Cincinnati Health Department and the reduction of funds to replace broken recycling carts in the Office of Environment and Sustainability. A Federal grant will now cover the replacement of broken recycling carts.

-\$0.2 million: Mayor, Clerk, and Council Reductions

This reduction includes a 5.1% reduction to the budgets of the Mayor's Office, the Clerk of Council's Office, and City Councilmember Offices primarily in personnel.

Expenditure increases total \$7.8 million and include:

+\$5.9 million: Various Department Budget Exceptions

Budget exceptions are recommended for additional needs in FY 2027 for a variety of non-personnel items, which include contractual services expenses for the Cincinnati Police Department's Drones as First Responders program in the amount of \$1.6 million and \$1.1 million is included for wellness screenings in the Cincinnati Fire Department. An additional \$1.0 million is included in the Enterprise Software and Licenses Non-Departmental account as costs for various information technology products are increasing.

An additional \$0.5 million is included in the Judgments Against the City Non-Departmental account for a judgment that will be paid in FY 2027. Funds are included for consultants to audit the Commercial Solid Waste Hauling program, to conduct a parking study, and for outside counsel for the Law Department. \$0.1 million is included to continue the Sidewalk Repair pilot program that began in FY 2026. Funds are also included for the additional resources needed for Human Services funding to meet the 1.5% of General Fund Operating Budget revenues requirement. Funds are also included for the Boots on the Ground and Safe and Clean programs. Budget exceptions for miscellaneous items include funds for greenspace maintenance, in-car printers and weekend rotational towing for the Cincinnati Police Department, and travel and training expenses. Contractor support expenses to maintain HighViz roadway areas are being transferred to the General Fund from the Street Construction, Maintenance & Repair Fund.

+\$1.0 million: Reserve for Contingencies

An allocation of \$1.0 million is included in the Reserve for Contingencies Non-Departmental account.

+\$0.1 million: Staffing Related Increases Net of Reimbursements

Staffing-related increases in various departments are part of the Recommended Budget and include additional full-time positions such as a Senior Computer Programmer Analyst position in the Department of Enterprise Technology Solutions for cybersecurity and a Buyer for the Office of Procurement that will be dedicated to procurement for Cincy on Track (COT) projects. Both positions will be fully reimbursed. Other miscellaneous staffing increases are included, which are primarily the result of reimbursements that will no longer be realized in FY 2027.

Operating Budget Summary
FY 2027 Operating Budget Update

General Fund Expenditures

Table X - General Fund Approved FY 2026 Budget & Recommended FY 2027 Budget Update Comparison

<i>(\$ in Millions)</i>	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	Increase / (Decrease)	% Change Approved FY 2026 to Recommended FY 2027 Update
Expenditures				
Public Safety Total	\$367.3	\$407.5	\$40.2	10.9%
Non-Public Safety Total	\$155.2	\$156.7	\$1.5	1.0%
Total Departmental Budgets	\$522.5	\$564.2	\$41.7	8.0%
Non-Departmental Total	\$25.5	\$29.1	\$3.6	14.1%
Transfers Out	\$26.5	\$27.6	\$1.1	4.2%
Total General Fund Expenditures	\$574.5	\$620.9	\$46.4	8.1%

Public safety departments include Police, Fire, and the Emergency Communications Center (ECC). Public safety departments comprised a total of \$407.5 million and non-public safety departments comprised a total of \$156.7 million of the Recommended FY 2027 General Fund Operating Budget Update total of \$620.9 million. In contrast, the Approved FY 2026 General Fund Operating Budget totaled \$574.5 million and included \$367.3 million for public safety departments and \$155.2 million for non-public safety departments. General Fund support for the Cincinnati Health Department is represented as a transfer out of \$22.9 million from the General Fund to the Cincinnati Health District Fund in FY 2027. The public safety departments reflect budget increases of \$40.2 million or 10.9% when compared to the Approved FY 2026 Budget. The non-public safety departments reflect budget increases of \$1.5 million or 1.0% as compared to the Approved FY 2026 Budget.

Table XI provides a comparison of each department's General Fund Approved FY 2026 Budget to the Recommended FY 2027 Budget Update.

Table XI - General Fund Budget Comparison by Department

	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	% Change Approved FY 2026 Budget to Recommended FY 2027 Budget Update
Police	\$ 188,459,180	217,140,230	15.2%

Transfers Out	\$ 26,478,530	\$ 27,577,040	4.1%
Total General Fund Budget	\$ 574,477,391	\$ 620,866,600	8.1%

⁽¹⁾ The City Manager's Office includes the Emergency Communications Center.

⁽²⁾ During FY 2026, the Department of Community and Economic Development was restructured to the Department of Opportunity and Resident Services. For FY 2027, Leveraged Support and Human Services funding was transferred from the City Manager's Office to the Department of Opportunity and Resident Services.

General Fund Budget by Strategic Priority

Each agency is assigned the Strategic Priority that most closely aligns with the agency's mission and goals. Table XII organizes the Recommended FY 2027 General Fund Budget Update by Strategic Priority.

Table XII - Recommended FY 2027 General Fund Budget Update by Strategic Priority

Strategic Priority	Recommended FY 2027 General Fund Budget Update
Excellent & Equitable Service Delivery	\$ 47,759,610
Fiscal Sustainability	30,174,450
Growing Economic Opportunities	22,542,350
Public Safety & Health	416,588,990
Thriving Neighborhoods	42,705,590
General Government	33,518,570

Additionally, each one-time or ongoing budget exception is assigned a Strategic Priority that best aligns with the nature of the budgetary increase or decrease. General Fund reductions are not included. The table below provides the Recommended FY 2027 General Fund Budget Update adjustment total by Strategic Priority. Budget adjustments that were administrative in nature (e.g., realigning resources within a department) are captured in the "Other" category.

Table XIII - Recommended FY 2027 General Fund Budget Update Adjustments by Strategic Priority

Strategic Priority	Recommended FY 2027 General Fund Budget Update Adjustments
Excellent & Equitable Service Delivery	\$ 1,424,015
Fiscal Sustainability	992,804
Growing Economic Opportunities	250,000
Public Safety & Health	4,563,007
Thriving Neighborhoods	3,447,300
Other	386,856

Restricted Funds Expenditures

The Recommended FY 2027 Restricted Funds Operating Expenditure Budget Update increases by \$38.3 million or 5.2% from the Approved FY 2026 Budget. This is primarily due to expenditure increases in the Bond Retirement Fund, the Cincinnati Health District Fund, the Community Health Center Activities Fund, the Convention Center Fund, the Income Tax-Infrastructure Fund, the Metropolitan Sewer District Fund, and the Water Works Fund. These increases are partially offset by decreases in the Parking System Facilities Fund.

Table XIV - Restricted Funds' Operating Expenditure Budgets

	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	Difference	% Change Approved FY 2026 Budget to Recommended FY 2027 Budget Update
Principal Restricted Funds				
9-1-1 Cell Phone Fees	\$1,612,010	\$1,936,610	\$324,600	20.1%
Bond Retirement	76,233,280	82,468,590	6,235,310	8.2%
Cincinnati Area Geographic Information System (CAGIS)	5,274,480	5,531,560	257,080	4.9%
Cincinnati Health District	22,301,660	23,488,150	1,186,490	5.3%
Cincinnati Riverfront Park	1,691,700	1,697,110	5,410	0.3%
Community Health Center Activities	31,042,320	33,600,760	2,558,440	8.2%
Convention Center	7,478,310	12,920,720	5,442,410	72.8%
County Law Enforcement Applied Regionally (CLEAR)	6,631,730	6,635,700	3,970	0.1%

Other Restricted Funds	41,517,020	37,452,610	(4,064,410)	-9.8%
Restricted Fund Grand Total	\$739,509,840	\$777,857,300	\$38,347,460	5.2%

*The Metropolitan Sewer District Fund Approved FY 2026 Budget reflects what was recommended at the time of the FY 2026-2027 Biennial Budget. It does not reflect the final Approved CY 2026 Budget. The Recommended FY 2027 Budget Update amount is a projection and has not been approved by the Hamilton County Board of County Commissioners.

Bond Retirement

Expenditures for the Bond Retirement Fund vary annually depending on the amount of principal and interest to be paid and refunds. The Recommended FY 2027 Budget Update includes a \$6.2 million increase, which is primarily driven by an increase to pay one or more final judgments rendered against the City, including settlement of claims approved by a court. As in FY 2026, the debt service previously paid from the General Fund and other Special Revenue funds will be categorized as "Transfers Out" to the Bond Retirement Fund and as debt service expenses in the Bond Retirement Fund.

Cincinnati Health District

The Cincinnati Health District Fund's expenditures are increasing by \$1.1 million primarily due to wage adjustments and fringe benefit increases related to healthcare and pension. This increase is partially offset by one-time FY 2027 reductions and the reversal of FY 2026 exceptions.

Community Health Center Activities

The Community Health Center Activities Fund's expenditures are increasing by \$2.5 million, primarily due to increased staffing related to the completion of the Roberts Academy Dental Center. This increase also includes wage adjustments, fringe benefit increases, and an inflationary increase in non-personnel costs.

Convention Center

The Convention Center Fund's expenditures are increasing by \$5.4 million primarily due to the reopening of the Convention Center, which will be operational for the entire fiscal year as opposed to the partial year reflected in the Approved FY 2026 Budget. Additionally, the increase is driven by the expenses associated with the operation of the new Elm Street Plaza, as well as one-time resources provided for the Sports Commission.

Income Tax-Infrastructure

The Income Tax-Infrastructure Fund's expenditures are increasing by \$2.5 million primarily due to wage adjustments, fringe benefit increases, an inflationary increase for non-personnel expenses, and the reversal of one-time FY 2026 budget reductions.

Metropolitan Sewer District

The Metropolitan Sewer District's (MSD) budget information contained in this budget document is for informational purposes only. The MSD's annual budget is approved by the Hamilton County Board of County Commissioners. MSD's budget is based on a calendar year (January 1 through December 31) not the City's fiscal year (July 1 through June 30). The \$18.1 million projected increase is due to increased personnel, non-personnel, and debt service expenses.

Parking System Facilities

The Parking System Facilities Fund's expenditures are decreasing by \$1.3 million primarily due to a reduction in debt service. This is due to a correction in the debt service budget as well as a debt service payment adjustment for the VP3 garage from the Parking System Facilities Fund to the Corryville Equivalent (TIF) Fund.

Water Works

The Water Works Fund's expenditures are increasing by \$6.2 million primarily due to increased electrical utility charges, increased costs for water treatment chemicals, and charges related to waste removal. Additionally, this increase includes wage adjustments and fringe benefit increases.

Staffing Plan

The Recommended FY 2027 Budget Update does not include the displacement or layoff of City employees. The Recommended staffing plan includes Full-Time Equivalent (FTE) increases in a number of departments. Most of the increases are in the Restricted Funds. The General Fund increases by 24.08 FTE. The largest General Fund increases are included in the various agencies of the City Manager's Office. These staffing increases focus on improving efficiency and service delivery for core programs such as Alternative Response programs in the Emergency Communications Center and the newly established Office of Strategic Growth. Additionally, this budget includes resources for the continuation of the Building Inspector Training Academy in the Department of Buildings and Inspections. The Restricted Funds changes are primarily the result of a correction in part-time staffing FTE in the Cincinnati Recreation Commission, staffing increases in the Health Department related to the completion of the Roberts Academy Dental Clinic, and additional project manager positions in the Department of Public Services to manage Cincy on Track Projects.

All Funds Staffing Summary

The Recommended FY 2027 Budget Update provides for a net, all funds increase of 88.56 FTE over the Approved FY 2026 Budget. Ten departments are increasing FTE in the amount of 136.23 FTE, and six departments are reducing FTE in the amount of 47.67 FTE. The Recommended FY 2027 All Funds Budget Update supports a total of 6,478.61 FTE.

General Fund Staffing Summary

General Fund positions increase by a net 24.08 FTE in the Recommended FY 2027 Budget Update. These General Fund FTE increases are shared by eight departments and total 62.66 FTE. Six departments have FTE reductions in the General Fund totaling 38.58 FTE. The Recommended FY 2027 General Fund Budget Update supports a total of 3,503.98 FTE.

Restricted Funds Staffing Summary

The Restricted Funds show a net increase of 64.48 FTE in the Recommended FY 2027 Budget Update. Five departments show a total increase of 94.35 FTE, which is partially offset by a reduction of 29.87 FTE in four departments. The Recommended FY 2027 Restricted Funds Budget Update supports a total of 2,974.63 FTE.

Table XV – Recommended FY 2027 Budget Update City Staffing Plan

<i>(in Full-Time Equivalents, FTE)</i>	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	Change From FY 2026
General Fund	3,479.90	3,503.98	24.08
Restricted Funds	<u>2,910.15</u>	<u>2,974.63</u>	<u>64.48</u>
Total City Staffing	6,390.05	6,478.61	88.56

General Fund: Changes by Department/Agency

The overall General Fund increase of 24.08 FTE in the Recommended FY 2027 Budget Update is primarily the result of increases in the City Manager's Office, the Department of Public Services, the Law Department, and the Police Department. These departments represent 58.46 FTE of General Fund increases. Four other departments have small increases totaling 4.2 FTE. These FTE increases are offset by reductions in five departments totaling 23.80 FTE. The largest General Fund reduction of 17.0 FTE is in the Cincinnati Fire Department.

City Manager's Office

The City Manager's Office shows a 44.0 FTE increase, which is influenced by changes in various agencies within the City Manager's Office. The City Manager's Office is comprised of eight agencies: 1. City Manager's Office; 2. Office of Budget & Evaluation; 3. Emergency Communications Center; 4. Office of Environment and Sustainability; 5. Office of Strategic Growth; 6. Procurement; 7. Performance and Data Analytics; 8. Internal Audit. The FTE changes are related to the following agencies:

- City Manager's Office - This agency increases by 6.0 FTE. Due to the dissolution of the Department of Community and Economic Development, the City Manager's Office receives 10.0 FTE. This includes 1.0 FTE in the City Manager's Office, 1.0 FTE in the Office of Communications, 2.0 FTE in the Special Events Office, and 6.0 FTE in the Office of Grant Administration and Government Affairs. These increases are partially offset by 3.0 FTE that are transferred from the City Manager's Office to the Department of Opportunity and Resident Services, and 1.0 FTE was deleted following a promotion during FY 2026.
- Emergency Communications Center - This agency increased by 24.0 FTE. This is due to 18.0 FTE that were transferred from the Cincinnati Fire Department to the Emergency Communications Center for Fire Dispatch Operations during FY 2026. Additionally, 6.0 FTE were added to support and expand the Alternative Response programs.
- Office of Strategic Growth - This agency was created with 12.0 FTE.
- Office of Procurement - This agency increases by 1.0 FTE due to the addition of a City Buyer for FY 2027 to support procurement activities associated with Cincy on Track projects.
- Office of Performance and Data Analytics - This agency increases by 1.0 FTE for a Senior Management Analyst added during FY 2026.

Public Services Department

The Public Services Department increases by 10.0 FTE. These increases are due to a reorganization that transfers 7.0 FTE from Restricted Funds to the General Fund, and are offset by reimbursements, the transfer of a Senior Accountant from the Enterprise Services Division of Parking Facilities, and the transfer of 2.0 FTE Commercial Driver's License (CDL) Instructors from the Human Resources Department.

Law Department

The Law Department increases by 2.46 FTE resulting from the addition of positions that are reimbursed by a FY 2024 Smart Prosecution Innovative Prosecution Solutions Program (IPSP) Grant. The 2.46 FTE addition includes two part-time Assistant City Solicitor positions and a full-time Legal Assistant position.

Police Department

The Police Department increases by 2.0 FTE due to addition of a Senior Crime Analyst during FY 2026 and a temporary double fill.

Fire Department

The Fire Department decreases by 17.0 FTE. This decrease is the result of the transfer of the Fire Dispatch team to the Emergency Communications Center. This General Fund reduction is offset by the addition of a Chief of Staff position added during FY 2026.

Cincinnati Recreation Commission

The Cincinnati Recreation Commission decreases by 14.78 FTE due to the transfer of positions to the Restricted Funds.

Opportunity and Resident Services

During FY 2026, the Department of Community and Economic Development was dissolved, and the Department of Opportunity and Resident Services was created. The Recommended FY 2027 Budget Update reflects this change and the net transfer of 5.0 FTE to various programs in the City Manager's Office.

Other General Fund Department Changes

The Enterprise Services Division of Parking Facilities increases by 1.0 FTE due to the addition of a Private Parking Lot Inspector position, which was added during FY 2026. Enterprise Technology Solutions increases by 1.20 FTE primarily due to the addition of a Senior Computer Programmer Analyst for cybersecurity. The Finance Department increases by 1.0 FTE due to the addition of a Division Manager position for payroll added during FY 2026. The Human Resources Department decreases by a net 0.97 FTE due to the transfer of two CDL Instructors to the Department of Public Services, which is partially offset by the transfer of an Administrative Specialist from the Department of Public Services. The Cincinnati Parks Department increases by 1.0 FTE as a result of an FTE correction. There are various minor adjustments to other departmental staffing plans.

Restricted Funds: Changes by Department/Agency

In the Recommended FY 2027 Budget Update, the Restricted Funds staffing plan increases by a net 64.48 FTE affecting nine departments. Five departments show increases and four departments experience decreases.

Cincinnati Recreation Commission

The largest Restricted Funds increase is in the Cincinnati Recreation Commission. For the Recommended FY 2027 Budget Update, the Cincinnati Recreation Commission conducted a reassessment of the part-time workforce across all facilities and programs. As a result, several positions were transferred from the General Fund to Restricted Funds. Additionally, the part-time FTE was corrected to reflect actual part-time staff usage.

Cincinnati Health Department

The Cincinnati Health Department increases by 7.15 FTE primarily due to the expansion of staffing related to the completion of the Roberts Academy Dental Clinic.

Cincinnati Parks Department

The Cincinnati Parks Department increases by 2.7 FTE due to the addition of two arborist positions added during FY 2026, and the addition of a part-time position for landscaping downtown.

Opportunity and Resident Services

During FY 2026, the Department of Community and Economic Development was dissolved, and the Department of Opportunity and Resident Services was created. As part of that process, various positions were transferred to the General Fund from various Restricted Funds and are now offset with reimbursements. Several of these positions were also transferred to the City Manager's Office.

Greater Cincinnati Water Works

Greater Cincinnati Water Works decreases by 9.87 FTE due to the consolidation of part-time staff across several divisions.

Department of Public Services

The Department of Public Services decreases by 5.0 FTE in the Restricted Funds resulting from a transfer of staff from Restricted Funds to the Director's Office in the General Fund. These positions are now offset with reimbursements. This reduction is partially offset by the addition of 2.0 FTE for additional project manager positions to manage Cincy on Track Projects.

Other Restricted Funds Department Changes

The Enterprise Services Division of Parking Facilities decreases by 1.0 FTE as the result of the transfer of a Senior Accountant from the Enterprise Services Division of Parking Facilities to the Department of Public Services Director's Office. This position is offset with reimbursements. The Finance Department shows an increase of 1.75 FTE in the Restricted Funds resulting from the addition of an Administrative Technician and an Administrative Specialist in Risk Management. The Department of Buildings and Inspections increases by 1.0 FTE due to the addition of a Service Area Coordinator position added during FY 2026.

Table XVI - Approved FY 2026 to Recommended 2027 Update City Staffing Plan by Department

Department	General Fund Change from FY2026	Restricted Funds Change from FY2026	All Funds Change from FY2026
City Council	0.00	0.00	0.00
Office of the Mayor	0.00	0.00	0.00
Clerk of Council	(0.10)	0.00	(0.10)
City Manager	44.00	0.00	44.00
Buildings & Inspections	0.00	1.00	1.00
Citizen Complaint Authority	0.00	0.00	0.00

Transportation & Engineering	(0.73)	0.00	(0.73)
Water Works	0.00	(9.87)	(9.87)
Total	24.08	64.48	88.56

Public Safety Staffing

Public Safety FTE includes all positions in both the Fire and Police Departments (sworn and non-sworn). It is important to note that the Public Safety FTE total also includes 194.19 FTE in the Emergency Communications Center and 4.0 FTE in Enterprise Technology Solutions (ETS), which provide information technology services to the Emergency Communications Center. Non-Public Safety FTE consists of all City FTE not included in the Public Safety total.

The Recommended FY 2027 Budget Update provides a Public Safety workforce of 2,304.19 FTE. In the Recommended FY 2027 Budget Update, the Public Safety workforce increases by 9.0 FTE as a result of a 2.0 FTE increase in the Police Department and a 7.0 FTE increase at the Emergency Communications Center to expand the Alternate Response programs. The Fire Department decreases by a net 17.0 FTE due to the transfer of the Fire Dispatch team to the Emergency Communications Center. This General Fund reduction

Operating Budget Summary
Staffing Plan

is offset by the addition of a Chief of Staff position. In comparison, the City's Non-Public Safety FTE increases by 79.56 FTE across all funds.

Table XVII - All Funds Public Safety FTE Compared to Non-Public Safety FTE

<i>(in Full-Time Equivalents, FTE)</i>	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	Change From FY 2026
Public Safety FTE	2,295.19	2,304.19	9.00
Non-Public Safety FTE	<u>4,094.86</u>	<u>4,174.42</u>	<u>79.56</u>
Total All Funds FTE	6,390.05	6,478.61	88.56

General Fund: Public Safety FTE and Non-Public Safety FTE

Concentrating on the General Fund, Table XVIII below shows that public safety staffing trends in the General Fund are consistent with the total General Fund budget since all public safety FTE are concentrated in the General Fund. Furthermore, it is important to note that public safety is the primary focus of General Fund expenditures. Public Safety FTE represent approximately 36% of the All Funds total workforce in the Recommended FY 2027 Budget Update, but approximately 66% of the total General Fund workforce in the Recommended FY 2027 Budget Update. Public Safety positions increase by 9.0 FTE in the Recommended FY 2027 Budget Update. General Fund non-public safety positions increase by 15.08 FTE. Overall, the General Fund increases by 24.08 FTE in the Recommended FY 2027 Budget Update.

Table XVIII - General Fund Public Safety FTE Compared to Non-Public Safety FTE

<i>(in Full-Time Equivalents, FTE)</i>	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	Change From FY 2026
General Fund Public Safety	2,295.19	2,304.19	9.00
General Fund Non-Public Safety	<u>1,184.71</u>	<u>1,199.79</u>	<u>15.08</u>
Total General Fund Staffing	3,479.90	3,503.98	24.08

As shown in Table XIX, the level of sworn FTE is unchanged in both the Police and Fire Departments in the Recommended FY 2027 Budget Update compared to the Approved FY 2026 Budget.

Table XIX - Recommended FY 2027 Budget Update Sworn Strength Staffing Summary

<i>(in Full-Time Equivalents, FTE)</i>	Approved FY 2026 Budget	Recommended FY 2027 Budget Update	Change From FY 2026
Police Sworn	1,059.00	1,059.00	0.00
Fire Sworn	<u>859.00</u>	<u>859.00</u>	<u>0.00</u>
Total Sworn	1,918.00	1,918.00	0.00

The Recommended FY 2027 Budget Update includes a 50-member Police recruit class slated to graduate in November 2026. A 50-member Police recruit class is also slated to start in February 2027 and graduate in Fiscal Year 2028. Existing federal Community Oriented Policing Services (COPS) Hiring Grant resources are available to support 150 officers, and the department is continuing to pursue COPS Hiring Grants to offset the cost of future recruit classes.

The Cincinnati Fire Department's next recruit class is now slated to begin in early FY 2028 (the fall of calendar year 2027). This will allow the department to re-align the start dates of future recruit classes to avoid having recruit classes scheduled during the summer months. Backfill overtime is required to train recruits, which strains existing staff during a period of high demand from sworn firefighters for casual leave during the summer months. Grant resources are not currently included for the upcoming recruit classes; however, the department continues to apply for federal Staffing for Adequate Fire and Emergency Response (SAFER) Grants.

The chart below shows the estimated sworn strength for both Police and Fire between July 2026 and June 2027. The estimate takes into account the expected graduation of recruits as well as projected attrition of sworn staff throughout the year.

Table XX - Projected Sworn Staffing Summary During FY 2027

Sworn FTE	July 1, 2026	November 2026 Police Recruit Class Graduation	June 30, 2027
POLICE	1,008	1,031	992

Sworn FTE	July 1, 2026	July 2026 Fire Recruit Class Graduation	June 30, 2027
FIRE	854	901	848

Longer Term Staffing Trends

A longer perspective is shown in Table XXI. The total public safety FTE supported by the General Fund has increased by 109.29 FTE since the year 2000 which represents a 4.98% increase while non-public safety positions have decreased by 773.41 FTE or 39.2% during the same period. Overall, General Fund FTE has declined by 15.93% since 2000.

XXI - General Fund FTE Change 2000-2027

(in Full-Time Equivalents, FTE)	Approved CY 2000 Budget	Recommended FY 2027 Budget Update	FTE Change From CY 2000 Budget	Percentage Change
General Fund Public Safety	2,194.90	2,304.19	109.29	4.98%
General Fund Non-Public Safety	<u>1,973.20</u>	<u>1,199.79</u>	<u>(773.41)</u>	<u>-39.20%</u>
Total General Fund Staffing	4,168.10	3,503.98	(664.21)	-15.93%

In Table XXII, sworn public safety positions have increased by 131.00 FTE since the year 2000. This represents a 7.33% increase in sworn staff since 2000.

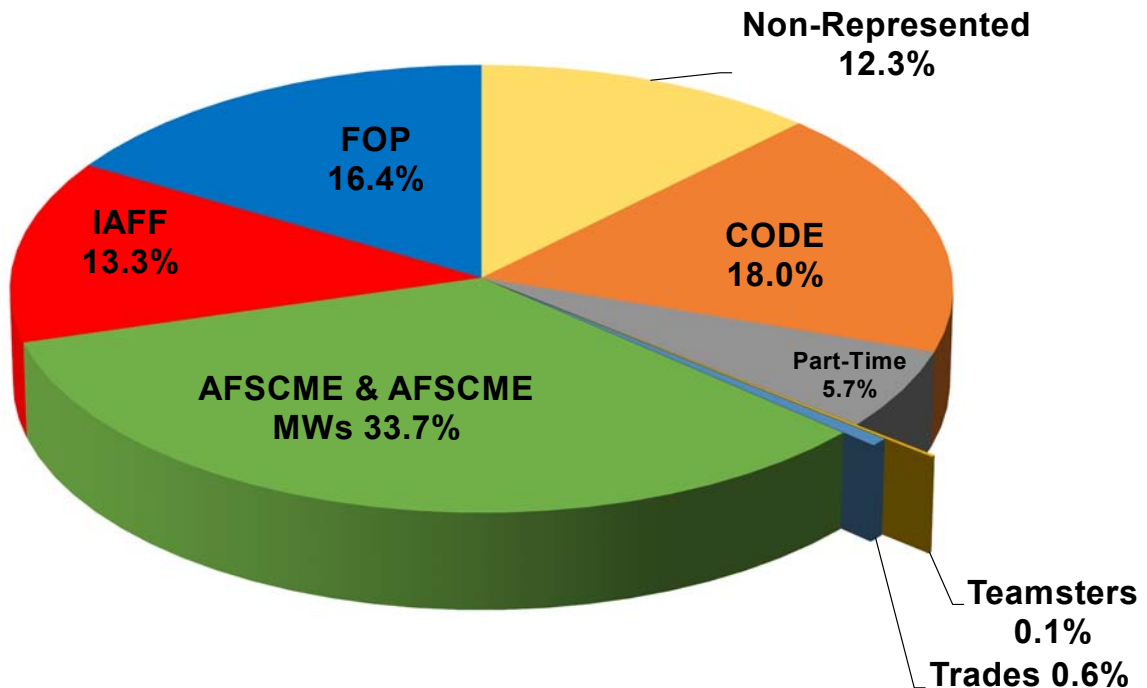

XXII - Public Safety Sworn FTE Change 2000-2027

(in Full-Time Equivalents, FTE)	Approved CY 2000 Budget	Recommended FY 2027 Budget Update	FTE Change From 2000 Budget	Percentage Change
Public Safety Sworn FTE	1,787.00	1,918.00	131.00	7.33%

Distribution of FTE by Bargaining Unit

There are six bargaining units that represent employees. Those six units include: the American Federation of State, County and Municipal Employees (AFSCME) (which includes a separate contract for part-time Municipal Workers (MW)) the Cincinnati Building Trades Council, Cincinnati Organized and Dedicated Employees (CODE), the Fraternal Order of Police (FOP), the International Association of Fire Fighters (IAFF), and the Teamsters. Across all funds, represented employees account for 82.0% of all FTE.

Section 3: Financial Summaries

This page intentionally left blank.

The City of Cincinnati's Operating Budget is developed by fund. By law, each fund is balanced to its resources. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Recommended FY 2027 Budget Update includes: the General Fund; (Principal) Restricted Funds; and Other Restricted Funds.

General Fund

In governmental accounting, the General Fund is the primary operating fund. Many of the usual activities of a municipality are supported by the General Fund. The General Fund accounts for 45.0% of the total Recommended FY 2027 Operating Budget Update. Table XXVI Multi-Year General Fund Forecast FY 2027-2031 includes total revenues, total expenditures, and total deficits for the indicated time period. Table XXVII Multi-Year General Fund Forecast FY 2027-2031 includes FY 2024 and FY 2025 Actual Revenues and Expenditures, FY 2026 Approved Budget, the Recommended FY 2027 Budget Update, and projected revenues and expenditures for Fiscal Years 2028, 2029, 2030, and 2031. The Recommended FY 2027 Budget Update is structurally balanced and does not rely on one-time sources to balance. From FY 2023 through FY 2025, the budget relied on American Rescue Plan funding to address revenue shortfalls. Those funds have expired.

The City's reliance on the income tax cannot be overstated. Over the past two years, the City has seen income tax revenue growth. Beginning in FY 2026, the City transitioned from the University of Cincinnati Economics Center for a multi-year economic forecast which is now produced in-house using a Department of Finance algorithm. From 2028 to 2031, the Department of Finance predicts that income tax revenues will grow nearly 3.0% annually with a compound annual growth rate of 2.83%. Since the previous forecast, the biggest change in economic conditions is global instability. Concerns remain regarding economic policy uncertainty, notably the impact of policies at the Federal level. The forecast for FY 2028-2031 shows expenditures growing at a faster pace than revenues. However, the Administration will recommend a structurally balanced budget for FY 2028-FY 2031 thereby eliminating the deficits reflected below.

Table XXIII - Multi-Year General Fund Forecast FY 2027-2031

	FY 2027	FY 2028	FY 2029	FY 2030	FY 2031
	Recommended	Projected	Projected	Projected	Projected
Total Revenues / Sources	\$620,866,600	\$633,232,695	\$648,020,622	\$662,847,052	\$677,690,146
Total Expenditures / Uses	\$620,866,600	\$648,891,246	\$665,009,993	\$686,270,633	\$707,032,758

- This table is for budgeting purposes. For official financial statements, please refer to the Annual Comprehensive Financial Report (ACFR).
- Actual revenues and expenditures per the Year End Report for June 30, 2024 and June 30, 2025.
- FY 2027 through FY 2031 Income Tax Revenues based on forecast from Department of Finance updated April 2026 and sets FY 2028-FY 2031 "Other Revenue" with a 1.0% growth factor.
- FY 2028 through FY 2029 Expenditures assumes a 2.0% annual increase on all personnel; FY 2030 through FY 2031 Expenditures assumes a 3.0% annual increase on all personnel; FY 2028 through FY 2031 Expenditures assumes a 5.0% increase in health care expenses and a 2.0% increase for all non-personnel expenditures; FY 2028 through FY 2030 Expenditures assumes a 0.75 percentage point increase in Cincinnati Retirement System (CRS) employer pension contributions; and FY 2028 through FY 2031 Expenditures assumes all one-time budget reductions taken in FY 2027 are restored.
- FY 2024 through FY 2025 uses American Rescue Plan (ARP) revenue replacement funds as a one-time source; for FY 2024, \$28.2 million was budgeted, but \$27,247,831 was for direct General Fund operating budget support (with the remaining \$952,169 being a direct payment from the ARP project account for workers' compensation premiums); for FY 2025, \$8,806,414 was for direct operating budget support and a net \$16,710,000 was utilized to make General Fund resources available for the capital budget.
- FY 2024 Transfers In includes budgeted transfers of \$200,000 from capital projects funded with General Fund dollars to be used for Community Budget Request (CBR) projects that are not capital eligible and an additional transfer in of \$3,815,000 from capital projects funded with General Fund dollars to be used for a variety of budget adjustments from the Mayor and the City Council. FY 2025 Transfers In includes budgeted transfers in of \$60,000 from the General Fund "Reserve for Operating Budget Contingencies" balance sheet reserve account to be used to partially fund budget adjustments made by the City Council as well as \$1,640,000 in General Fund Capital Project reprogramming included as budget adjustments made by the City Council. FY 2026 Transfers In includes budgeted transfers of \$1,782,421 from the General Fund Discretionary Reserve balance sheet reserve account and \$743,579 from capital projects funded with General Fund dollars to be used to fund budget adjustments made by the Mayor and budgeted transfers of \$2,471,121 from capital projects funded with General Fund dollars to be used to fund budget adjustments made by the City Council. FY 2027 through FY 2031 includes budgeted Transfers In for
- FY 2024 and FY 2025 GF Uses of Carryover Balance (Application of Waterfall) includes various transfers as part of the City's revised Stabilization Funds Policy waterfall per Ordinance No. 0323-2022. Transfers to the Infrastructure and Capital Project Reserve are included separately.
- FY 2024 through FY 2031 Transfers Out of the General Fund to the Cincinnati Health District Fund; assumes a 2.0% annual increase on all personnel for FY 2028 through FY 2029 and a 3.0% annual increase for FY 2030 through FY 2031, a 5.0% increase in health care expenses for FY 2028 through FY 2031, a 0.75 percentage point increase in Cincinnati Retirement System (CRS) employer pension contributions for FY 2028 through FY 2030, and a 2.0% increase for all non-personnel expenditures for FY 2028 through FY 2031.
- FY 2024 through FY 2031 includes Transfers Out of the General Fund to the Bond Retirement Fund for the Police & Fire Pension debt service and the judgment bonds related to the Collaborative Settlement Agreement (CSA). FY 2024 to FY 2031 includes Transfers Out of the General Fund to the Cincinnati Retirement System (CRS) for the Early Retirement Incentive Program (ERIP) and to the Citizen Jobs Fund for the Career Pathways Program. FY 2025 through FY 2026 and FY 2028 through FY 2031 includes a Transfer Out of the General Fund to the Emergency Remediation of Defects in Rental Housing Fund for the
- FY 2024 through FY 2025 Transfers Out of the General Fund to various capital project priorities (one-time only) of which a net \$16.71 million in FY 2025 was available due to General Fund revenue replacement from American Rescue Plan funds.
- projects.
- FY 2024 Transfers Out to Deferred Appropriations Reserve was used to set aside funds for Financial Freedom initiatives to be allocated during FY 2024 as well as to make FY 2024 funds available in FY 2025. FY 2025 Transfers Out to Discretionary Reserve was used to make FY 2025 funds available in FY 2026. The Deferred Appropriations Reserve was renamed Discretionary Reserve during FY 2025.
- See Table XXIV General Fund Reserves for further explanation of fund balance.

Estimated General Fund Reserves

The chart below shows the estimated balance of reserve funds based on revenue and expenditures for FY 2026. The chart does not include any transfers related to the FY 2026 closeout process. The estimated reserve balance is 18.70% of revenue.

Table XXV - General Fund Reserves as of June 30, 2026

Estimated General Fund Revenue FY 2026			\$ 546,952,449
	Estimated Balance	Estimated Percentage	Policy Percentage
Working Capital Reserve	\$ 51,432,677	9.40%	8.20%
General Fund Contingency Account	\$ 12,112,963	2.21%	2.30%
Economic Downturn	\$ 30,527,039	5.58%	5.00%
General Fund Carryover	\$ 8,204,287	1.50%	1.50%
Total	\$ 102,276,965	18.70%	17.00%

Revised Stabilization Funds Policy

The City's Stabilization Funds Policy was established in 2015, amended in 2019, and amended in 2022. A revised Stabilization Funds Policy was established in 2026 via Ordinance No. [0028-2026](#). Due to the careful financial management of the City since 2022, the City has been able to achieve and then exceed the previous target minimum policy reserve balance of two months (approximately 16.7 percent) of prior year General Fund operating revenues and achieved a reserve balance of seventeen percent of prior year General Fund operating revenues since the FY 2024 Carryover. This reserve level provides for a healthy balance to address unforeseen expenses that arise, and mitigates risk against fluctuations in income tax receipts, the City's primary General Fund operating revenue source.

The revised Stabilization Funds Policy recognizes the excellent progress that the City has made in establishing a healthy reserve balance at seventeen percent by formally establishing the target minimum General Fund Contingency Account policy balance at 2.3 percent of prior year General Fund operating revenues, and better defines parameters for allocation of the remaining carryover balance, once the financial reserve balances are achieved. The amended policy has an established goal of setting aside 17.0% of general operating revenues as reserves. This reserve amount exceeds the Government Finance Officers Association (GFOA) recommended minimum goal of two months of estimated revenues. Fund Balance is arguably the single most important financial metric to the Bond Rating Agencies and being able to show compliance with this policy goal is a critical factor for the City's credit ratings. The City also maintains a minimum fund balance of 10% which provides assurance that a portion of reserve funding will remain intact based on interaction with Rating Agencies. It is reasonable to expect that a trend of decreasing fund balance will be a credit negative for the Rating Agencies and could lead to a downgrade. It is also reasonable to expect that an inability to make progress towards the City's policy could lead to negative credit pressure. Negative credit pressure - or a full downgrade - will increase the cost of financing the City's entire capital program and decrease the City's capacity to finance capital in the future.

The policy continues to provide a specific mechanism to help the City achieve compliance with its existing policy of 17.0% while still providing flexibility to deal with unexpected one-time expenditures that may arise within a given year. The City Administration and its Financial Advisor recommended that the City adopt this policy as a means to further ensure its long-term financial strength and stability, which will help to maximize Cincinnati's capacity to finance its important Capital Improvement Program (CIP) projects.

The revised Stabilization Funds Policy updates and enhances the City's existing policy with regards to the "Waterfall Funding Mechanism" to enable the City to address additional funding priorities. The policy was amended to better define the parameters for allocation of any remaining carryover balance now that the financial reserve balances are materially achieved.

A summary of the revised Stabilization Funds Policy is provided below:

·**General Fund Carryover Balance Goal at 1.5%**

» Required for cash flow purposes and offsets seasonality of revenues.

·**General Fund Contingency Account Goal to 2.3%**

» Used by the City for one-time unfunded events. If used, goal is to be replenished to the approved level in the next fiscal year closeout.

·**Economic Downturn Reserve Account Goal at 5.0%**

» Used for unforeseen economic events or circumstances that cause unexpected drops in General Fund Income Tax Revenues which result in a budgetary imbalance that cannot be resolved through immediate budgetary adjustments.

·**Working Capital Reserve Fund Goal at 8.2%**

» Used only in the event of an emergency or catastrophic need of the City.

» If used, goal is to be replenished in total in the next fiscal year. If there is insufficient carryover balance to replenish, then the goal will be to appropriate funds from the next fiscal year's budget.

·**Waterfall Funding Mechanism for funding to enable the City to:**

» Replenish any uses of the Stabilization Funds in the prior year;

» Maintain the Stabilization Funds at the Goal levels;

» Realistically achieve its Overall Policy Goal and Specific Component Goals over time; and

» Have defined Carryover each year for funding the following priorities:

-Affordable Housing Trust Fund (up to \$5.0 million annually)

-Unfunded Pension Obligations (up to \$2.0 million annually)

-Operating Budget Contingencies Account (up to \$0.5 million annually)

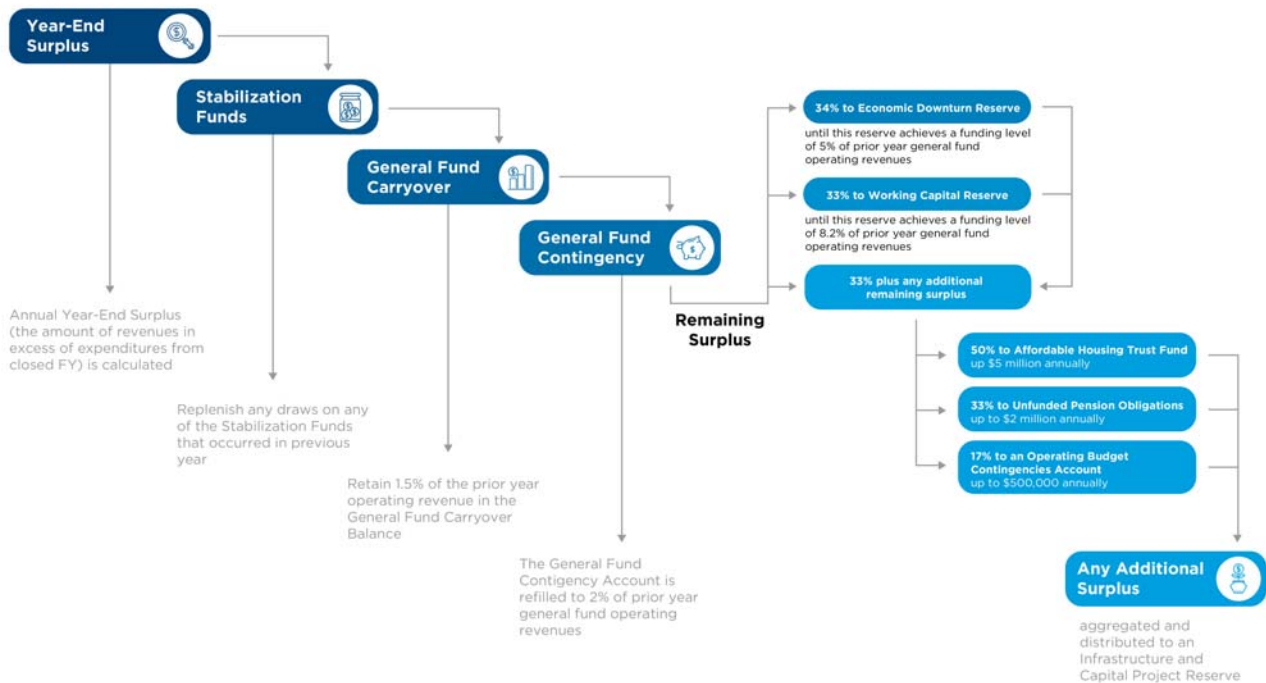

-Special Events Support Account (up to \$0.5 million annually)

» Any remaining surplus will be allocated as follows:

-Infrastructure and Capital Project Reserve (50% of any remaining surplus)

-Housing and Economic Development Capital Project Reserve (50% of any remaining surplus)

See the diagram below for the Waterfall Funding Mechanism:

Significant changes in fund revenues, resources, expenditures, or balances in each fund are described in this section of the Recommended FY 2027 Budget Update document. This section includes the following tables and narratives:

1. **All Funds Operating Budget by Fund** lists the Approved FY 2026 Budget, the Approved FY 2027 Budget, the Recommended FY 2027 Budget Update, and the change between the Approved FY 2027 Budget and the Recommended FY 2027 Budget Update. Transfers out are not included.
2. **All Funds Operating Budget Summary by Department** is similar to the All Funds Operating Budget by Fund, but it provides the budget comparison by department rather than by fund. Transfers out are not included.
3. **All Funds Operating Budget Summary by Type** lists the Recommended FY 2027 Budget Update for each department by General Fund, Principal Restricted Funds, Other Restricted Funds, and the Total Operating Budget. Transfers out are not included.

4. **General Fund Operating Budget Summary by Department** lists the General Fund Approved FY 2026 Budget, the Approved FY 2027 Budget, the Recommended FY 2027 Budget Update, and the change between the Approved FY 2027 Budget and the Recommended FY 2027 Budget Update.

Note: This table does not include "Transfers Out" which, if included, would result in a General Fund total of \$620.9 million in the FY 2027 Recommended column.

5. **Restricted Funds Operating Budget** lists the operating budget funded by Principal Restricted Funds for the Approved FY 2026 Budget, the Approved FY 2027 Budget, the Recommended FY 2027 Budget Update, and the change between the Approved FY 2027 Budget and the Recommended FY 2027 Budget Update. Transfers out are not included.

6. **Other Restricted Funds Operating Budget by Fund** lists various other restricted funds for the Approved FY 2026 Budget, the Approved FY 2027 Budget, the Recommended FY 2027 Budget Update, and the change between the Approved FY 2027 Budget and the Recommended FY 2027 Budget Update. Transfers out are not included.

7. **All Funds Non-Departmental Budget Summary** lists all Non-Departmental accounts for all funds for the Approved FY 2026 Budget, the Approved FY 2027 Budget, the Recommended FY 2027 Budget Update, and the change between the Approved FY 2027 Budget and the Recommended FY 2027 Budget Update. These accounts contain expenditures that are important to the operation of the City government that do not fall within the functional assignment of any department or agency, or which provide for expenditures related to more than one department or agency. There are four categories:

- **Non-Departmental Benefits:** include employee-benefit related expenses such as the Public Employees Assistance Program (PEAP), Workers' Compensation, Unemployment Compensation, and Lump Sum Payments paid to employees at termination or retirement for accumulated leave balances.
- **General Fund Overhead:** includes resources for annual amounts charged to funds to reimburse the General Fund for support services provided to each of the respective funds.
- **Non-Departmental Accounts:** include various citywide expenditures such as fees paid to Hamilton County, Audit & Examiner's Fees, Enterprise Software and Licenses, and more.
- **Reserve for Contingencies:** an amount set aside in the operating budget for unforeseen events or damages.

Notes About the Non-Departmental Accounts

A glossary listing of the non-departmental accounts is provided below:

911 - Contributions to City Pension - This account is used by all funds for debt service and payments to the City of Cincinnati Retirement System (CRS) for the Early Retirement Incentive Program (ERIP).

915 - Contribution to Total Benefit Arrangement (Cincinnati Retirement System (CRS)) - The Internal Revenue Service (IRS) limits the maximum employee benefit received from a defined contribution retirement plan. Per the Cincinnati Municipal Code (CMC), the City is responsible for covering the excess benefit amount which is paid from this account.

919 - Public Employees Assistance Program (PEAP) - An annual charge to funds to subsidize the PEAP program which is a professional, confidential counseling service designed to help employees and their family members manage work and personal problems. PEAP services are provided at the direct request of an employee or member of an employee's family, or upon disciplinary referral by an employee's supervisor.

921 - Workers' Compensation Insurance - An annual charge to funds to cover expenses related to the Workers' Compensation program and Employee Safety program.

922 - Police and Fire Fighters' Insurance - General Fund account that pays beneficiaries of current and retired sworn Police and Fire Fighters who have passed away. Amounts paid are based on the terms included in current Fraternal Order of Police (FOP) and International Association of Fire Fighters (IAFF) labor contracts.

923 - State Unemployment Compensation - Monthly payments to the State of Ohio for unemployment claims of the City of Cincinnati.

924 - Lump Sum Payments - Payments made upon retirement for outstanding vacation, sick, and other accruals. Funds for these payments are not included in departmental budgets but are paid from this account in the employee's home fund.

928 - Tuition Reimbursement - Reimbursements provided to employees for eligible educational expenses. Funds for these payments are not included in departmental budgets but are paid from this account in the employee's home fund.

931 - Contribution to City Pension - Lump Sum Payments - Restricted Funds charges for the changes to the City of Cincinnati Retirement System (CRS) Collaborative Settlement Agreement (CSA) which include annual lump sum contributions from the Restricted Funds to CRS to address the City's unfunded pension liability.

941 - Audit & Examiner's Fees - General Fund charges for the annual audit of the City of Cincinnati and related expenses based on the Annual Comprehensive Financial Report (ACFR).

942 - Hamilton County Auditor & Treasurer Fees - Fees paid to Hamilton County for work on Property Tax, Tax Increment Financing (TIF) payments in lieu of taxes, and special assessments.

943 - County Clerk Fees - General Fund payments to the Hamilton County Clerk of Courts for services related to collection of parking tickets. The contract for this service was terminated during FY 2020 and is now provided directly by the City. Expenses for these services are included in the Law Department's budget.

944 - General Fund Overhead - An annual amount is charged to funds to reimburse the General Fund for support services provided to each of those funds. This account is also used to charge funds to reimburse the home funds of the three full-time American Federation of State, County and Municipal Employees (AFSCME) full-time release union Presidents.

946 - Election Expense - Payment to the Hamilton County Board of Elections for the City's portion of election expenses. Other miscellaneous election expenses incurred by the Clerk of Council's Office also are paid from this account.

947 - CRA Application Fees - This account is used for Community Reinvestment Area (CRA) application fees.

951 - Judgments Against the City - This account is used to cover the expenses attributable to claims against the City due to liability suits, court judgments, and out of court settlements.

952 - Enterprise Software and Licenses - This account is used to cover software licensing and maintenance agreement expenses needed to support the cost of software that is used citywide.

953 - Memberships & Publications - This account is used to cover expenses related to annual City membership fees for professional organizations such as the Ohio Municipal League and the Hamilton County Municipal League as well as the costs of the City's Federal and State lobbyists.

954 - Special Investigations/Studies - This account is used to cover expenses related to special investigations or studies as deemed necessary by the City.

959 - Other City Obligations - The name of this account was changed in the Approved FY 2019 Budget Update from "959 - City Manager's Obligations" to reflect the consolidation of the "959 - City Manager's Office Obligations" and the "957 - Mayor's Office Obligations" into one account. This funding is appropriated to cover the cost of miscellaneous expenses related to the Mayor's and City Manager's office operations.

961 - ETS Information Infrastructure Security - This account is used to cover citywide information technology infrastructure security costs and represents the Information Security Capital match. These funds provide additional resources for Information Security Capital needs.

963 - Downtown Special Improvement District - Special assessment payments by General Fund departments with property holdings within the Downtown Special Improvement District are made from this account.

965 - Cincinnati Public Schools Reserve - Payment of \$5,000,000 annually to the Cincinnati Public Schools (CPS) based on an agreement from 1999 and amended in 2002 with the School Board. The agreement expired at the end of calendar year 2019. (Note: This expenditure was shifted to the Capital Budget in FY 2019.)

966 - Cincinnati Music Hall - Payment of \$100,000 annually from the Parking System Facilities Fund (Town Hall Garage) to the Cincinnati Arts Association per the Corbett Agreement. This agreement has been terminated.

968 - Greater Cincinnati Redevelopment Authority - Payment to The Port, formerly the Greater Cincinnati Redevelopment Authority and formerly the Port Authority of Greater Cincinnati, from the General Fund for operating expenses.

969 - Property Investment Reimbursement Agreements (PIRAs) - Property Investment Reimbursement Agreement payments are made from this account. PIRAs are agreements between the City and employers which provide incentives to create and retain jobs as a result of investments in personal and/or real property. These agreements generally involve the reimbursement of a portion of the income taxes paid for new employees or transferred employees up to a pre-determined maximum amount.

981 - Motorized and Construction Equipment Account (MCEA) - This is an equipment account used for purchases of automobiles, trucks, backhoes, etc.

982 - Office and Technical Equipment Account (OTEA) - This is an equipment account used for purchases of desks, office partitions, calculators, etc.

990 - Reserve for Contingencies - An amount included in the annual budget of a fund for contingencies that might arise during the fiscal year. Expenditure of these funds requires an ordinance from the City Council to be used. An ordinance would need to transfer an amount from the reserve to an account where it would be spent.

991 - Mediation and Arbitration Reserve - This account includes funds held in reserve pending the outcome of expenses awarded through labor mediation or arbitration.

The Departmental Budgets section of the document contains a tab for the Non-Departmental Budgets by Agency.

Financial Summaries

Financial Summaries (otherwise known as 'Fund Tables') for the General Fund and each Principal Restricted Fund follow the Non-Departmental Budget Summary. The Fund Tables include a description of the fund and a table that includes the respective funds' revenues, expenditures and fund balance information. Actual revenues and expenditures for FY 2025 are provided. Estimated revenues and expenditures for FY 2026 are provided. Also provided are the FY 2027 Approved Budget, the FY 2027 Recommended Budget Update, and the change from the FY 2027 Approved Budget to the FY 2027 Recommended Budget Update.

The Principal Restricted Funds are provided alphabetically and include: 9-1-1 Cell Phone Fees; Bond Retirement; Cincinnati Area Geographic Information Systems (CAGIS); Cincinnati Health District; Cincinnati Riverfront Park (Smale); Community Health Center Activities; Convention Center; County Law Enforcement Applied Regionally (CLEAR); General Aviation; Hazard Abatement; Income Tax-Infrastructure; Metropolitan Sewer District*; Municipal Golf; Municipal Motor Vehicle License Tax; Parking Meter; Parking Systems Facilities; Recreation Special Activities; Safe and Clean; Sawyer Point; Stormwater Management; Street Construction Maintenance & Repair; Streetcar Operations; and Water Works.

Notes About the Fund Tables

The Fund Tables for each Principal Restricted Fund contain five columns:

- The first column is for the "FY 2025 Actual" amounts.
- The second column is for the "FY 2026 Estimate" amounts.
- The third column is for the "FY 2027 Approved" amounts. This refers to the budget amounts that were approved in the FY 2026-2027 Biennial Budget for the second year of the biennium.
- The fourth column is for the "FY 2027 Recommended" amounts. This is for the FY 2027 Recommended Budget Update.

- The final column is for the "Change FY 2027 Approved to FY 2027 Recommended" amounts. This reflects the change from the amounts approved for the FY 2027 Approved Budget to the amounts for the Recommended FY 2027 Budget Update.

General Fund

The FY 2026 Estimate transfers out reflect changes in reserve accounts. Of note, Ordinance No. 0050-2026 authorized the transfer and appropriation of \$50 million from the Income Tax Reserve for Refunds to the City Manager's Office fringe benefit operating budget to provide resources for a one-time payment, upon receipt of appropriate court orders, to the Cincinnati Retirement System to reduce the City's unfunded pension liability.

Parking Meter Fund

The FY 2026 Estimate includes a \$600,000 fund advance that is converted to a permanent transfer. A \$400,000 fund advance was also provided in the FY 2026 Final Adjustment Ordinance. The fund advance must be repaid by June 30, 2027 or reclassified as a permanent transfer out from the General Fund. This fund will be monitored closely. Adjustments may be required to ensure the fund does not go negative.

Parking System Facilities Fund

Resources for the VP3 Garage debt service are now budgeted in the Corryville Equivalent (TIF) Fund rather than the Parking System Facilities Fund.

Street Construction Maintenance & Repair Fund

The Recommended FY 2027 Budget Update ending fund balance does not meet recommended fund balance minimums. This fund will be monitored closely. Adjustments may be required during FY 2027 to ensure the fund does not go negative.

Water Works Fund

The FY 2026 Estimate reflects \$120 million in transfers out. In December 2025, \$85.0 million in Water Works Fund resources were transferred to the Water Works Capital Improvement Fund to continue funding for the capital improvement program, which includes new water mains, water main replacements, treatment plant improvements, system development, tanks, pumping stations, private development, equipment, and other water system improvements.

Metropolitan Sewer District Fund

The CY 2025 beginning fund balance shows the fund's equity as of December 31, 2024, which includes resources within reserve accounts.

**Note: The Metropolitan Sewer District (MSD) Fund is provided for reference purposes only. MSD's budget is approved by the Hamilton County Board of County Commissioners in December of each year. The County budget (including MSD) is on a calendar year basis, which runs from January 1st through December 31st.*

Stormwater Management

This fund supports the operations, maintenance and capital improvements for the City's Stormwater mitigation efforts. Revenues are generated by a user fee determined by property area and land use based on an intensity of development factor formula.

Consolidated Plan Summary

The City of Cincinnati is an entitlement jurisdiction that receives annual grants from the United States Department of Housing and Urban Development (HUD). These resources are used for a variety of activities such as affordable housing and community development with a preference to programs that benefit low and very low-income residents, businesses that employ them, and organizations that support them.

The Consolidated Plan is a five-year plan for resources received through the Community Development Block Grant (CDBG) Program, HOME Investment Partnership (HOME) Program, Emergency Solutions Grant (ESG) Program, and Housing Opportunities for Persons with AIDS (HOPWA) Program. The Consolidated Plan is implemented on an annual basis through Annual Action Plans. The City Council approves the Annual Action Plan through a series of Ordinances, which accept and appropriate the federal resources and allocate them to specific projects or operating budget accounts for the programs outlined above.

The Annual Action Plan is managed by the Office of Grant Administration and Government Affairs in the City Manager's Office. The Office of Grant Administration and Government Affairs has an independent process for developing the Consolidated Plan and Annual Action Plans, which includes input from the City's Community Development Advisory Board (CDAB) and the public. Therefore, the Annual Action Plan is not included in the Recommended FY 2027 Budget Update.

Four ordinances will be introduced to the City Council prior to the end of FY 2026. Pending City Council approval, these ordinances will collectively be considered the Program Year 2026 Annual Action Plan. The budget schedules will be presented in the Approved FY 2027 Budget Update.

This page intentionally left blank.

Section 4: Departmental Budgets

This page intentionally left blank.

DEPARTMENTAL BUDGETS

This section of the City Manager's Recommended FY 2027 Operating Budget Update contains the individual City department budgets.

The **All Funds Operating Budget Summary by Agency** report begins this section. The report presents the City departments' budgets by agency and includes a breakdown between the General Fund, Other Funds, and All Funds that support the agency budgets. It also includes a Staffing Plan FTE summary by General Fund, Other Funds, and All Funds.

Note: This table includes funding from the General Fund and Restricted Funds only. It does not include Internal Service or Consolidated Plan funding. Transfers In and Transfers Out are also not included.

Department Budgets

Each Departmental Budget is separated by a tab. The layout of the Departmental Budget sheets is described below.

Mission Statement: The mission of the department is provided.

Organizational Chart: This chart depicts how the department is organized.

Departmental Budget Summary: This section provides a departmental total Operating Budget table that includes the Approved FY 2026 Budget, the FY 2027 Budget, the Recommended FY 2027 Budget Update, and the change from the FY 2027 Budget to the Recommended FY 2027 Budget Update. The expenditure budget is summarized in the following categories:

Operating Budget

Personnel Services – includes salary-related expenditures such as regular hours, sick, vacation, overtime, and other pay.

Employee Benefits – includes fringe benefits such as pension contribution, health care, Medicare, dental, and vision insurances.

Non-Personnel (Services, Material, and Fixed Costs) – includes purchased goods and services such as contractual services, travel, materials and supplies, tools, rent, insurance (i.e. liability and property), payment to other governmental entities, etc.

Properties – includes furniture, equipment and other assets where the individual or collective value do not warrant inclusion in the Capital Budget.

Debt Service – principal, interest, and other expenditures related to debt.

The Operating Total is provided for each of the years for both the General Fund and Restricted Funds. It is followed by an "Internal Service Funds" row for operations serving other funds or departments within a government on a cost-reimbursed basis. The table then provides a sum Total for the operating budget.

If the department or agency has any Consolidated Plan Projects (CDBG), an amount will be provided for informational purposes only. The Consolidated Plan budget is not included in the Recommended FY 2027 Operating Budget Update as it is approved separately.

Department Revenue attributed to the department's roles and responsibilities are provided.

Total Full-time Equivalent Positions assigned to the department are provided in the last row of the budget summary table.

Department Agencies

Following the Departmental Budget Summary page, a numeric list of one or more agencies included in the respective department's budget is provided.

Agency Summaries: Each of the agency summaries will include the agency name and a description.

Agency Budget Summary: Similar to the Departmental Budget Summary, the Agency Budget Summary includes the Approved FY 2026 Budget, the FY 2027 Budget, the Recommended FY 2027 Budget Update, and the change from the FY 2027 Budget to the Recommended FY 2027 Budget Update. The expenditures are summarized by the major expenditure categories described previously. In addition, the Operating Total, Internal Service Funds, Consolidated Plan Projects, Agency Revenue, and Total Full-time Equivalent Positions related to the agency are included.

Adjustments to Costs to Maintain Current Budget: This section reflects any changes that have been made that are required to maintain current services, such as inflation, wage increases, and benefits increases. Each change to the budget, whether an increase (positive number) or a decrease (negative number), is reflected along with the FTE related to the change, and a brief description of the change. The change to the budget does not include changes to Internal Service Funds within that agency. Additionally, the change to the budget is net of any On-Going or One-Time Significant Agency Changes.

On-Going or One-Time Significant Agency Changes: This section reflects any changes above or below the budget. Changes may either be an increase or a decrease to the prior-year's budget. This section includes the amount of the budget change, any FTE-related change, the fund name(s) impacted by the change, as well as a brief description of the change.

Notes About the Departmental Budgets

Sewers

Please note that the total Sewers budget amount included in the Departmental Budgets section does not include amounts budgeted in the non-departmental accounts. Amounts budgeted in the Motorized & Construction Equipment account (MCEA) and the Office & Technical Equipment Account (OTEA) for Sewers can be found in the Non-Departmental Accounts Departmental Budgets section in those specific agencies. Sewers is the only department currently using those agency accounts.

Adjustments to Costs to Maintain Current Budget

Budget	FTE	Fund	Description
902,850	1.03	All Funds	This agency reflects an all funds increase due to wage and benefit increases and the reversal of FY 2026 reductions. The increase in FTE is due to the addition of an Administrative Specialist and a status change for part-time Civil Service Commissioners.

On-Going Significant Agency Changes

Budget	FTE	Fund	Description
(260,260)	(2.00)	General Fund	This decrease represents the transfer of two Commercial Driver's License (CDL) Training Coordinator positions to the Department of Public Services. As such, this transfer is budget neutral to the General Fund.

One-Time Significant Agency Changes

Budget	FTE	Fund	Description
(39,680)	0.00	Income Tax-Infrastructure	This reflects a reduction to the department's budget. This reduction will increase position vacancy savings.
(4,680)	0.00	General Fund	This represents a reduction to non-personnel expenses related to training.
(301,420)	0.00	General Fund	This reflects a reduction to the department's budget. This reduction will increase reimbursements for personnel costs associated with Career Pathways Initiative (CPI) positions by leveraging existing savings in the Citizens Jobs Fund.

Adjustments to Costs to Maintain Current Budget

Budget	FTE	Fund	Description
1,317,640	(1.00)	All Funds	This agency reflects an all funds increase due to wage and benefit increases as well as an inflationary increase to the non-personnel budget. The change in FTE is due to a department reorganization.

On-Going Significant Agency Changes

Budget	FTE	Fund	Description
(200,000)	0.00	General Fund	This decrease represents the transfer of resources for the operation of Washington Park and Ziegler Park to the City Manager's Office.
20,000	0.00	General Fund	This increase represents resources for maintaining the horticultural planting beds in the right-of-way along the renovated Liberty Street.

One-Time Significant Agency Changes

Budget	FTE	Fund	Description
(173,140)	0.00	Income Tax-Infrastructure	This represents a reduction to the personnel, benefits, and supplies budget within the Income Tax-Infrastructure Fund.
(140,810)	0.00	General Fund	This reflects a reduction to the department's budget. This reduction will increase position vacancy savings.

Departmental Budgets

Parks

One-Time Significant Agency Changes

Budget	FTE	Fund	Description
150,000	0.00	Krohn Conservatory	This represents a reduction in General Fund expenses related to operations at the Krohn Conservatory. An already approved increase in the admission fee will cover the additional expense in the Krohn Conservatory Fund.
(150,000)	0.00	General Fund	
94,400	0.00	Park Donations/Special Activities	This increase represents resources for the removal of invasive species and trail improvements in French Park as funded via Ordinance No. 0305-2025.
(57,500)	0.00	General Fund	This represents a reduction in General Fund expenses related to operations at Sawyer Point. An already approved increase in the event and rental fee schedule will cover the additional expense in the Sawyer Point Fund.
57,500	0.00	Sawyer Point	
(34,350)	0.00	Street Construction Maintenance & Repair	This represents a reduction to the personnel and benefits budget for the Greenspace Team in the Street Construction Maintenance & Repair Fund.
20,050	0.70	Park Donations/Special Activities	This increase represents resources for downtown landscaping work as funded via Ordinance No. 0381-2025.
(50,000)	0.00	General Fund	This represents a reduction in General Fund expenses related to operations at Sawyer Point. The installation of a new parking ticketing and payment system as well as an updated parking rate schedule will cover the additional expense in the Sawyer Point Fund.
50,000	0.00	Sawyer Point	
12,000	0.00	Park Donations/Special Activities	This increase represents resources for needed maintenance of irrigation lines for flower beds along Fort Washington Way.

Agency 3: Administration and Program Services

Description: This program provides capital improvement and maintenance to park infrastructure, implements the Park Board's Master Plan, provides managerial oversight for the Park Board, offers nature programs, and oversees customer service and special permitting.

Total Full-time Equivalent Positions	99.46	99.46	102.00	2.54

Adjustments to Costs to Maintain Current Budget

Budget	FTE	Fund	Description
115,040	2.54	All Funds	This agency reflects an all funds increase due to an increase in non-personnel, which is partially offset by decreases in personnel due to capital project reimbursements. The change in FTE is due to additional Utility Construction Inspectors.

Departmental Budgets

Water Works

Agency 7: Information Technology

Description: This program provides information technology solutions including implementation and support services for the department. This includes systems such as customer billing, asset management, workflow and data analytics.

Agency Budget Summary

Section 5: Capital Budget Update

This page intentionally left blank.

The Recommended FY 2027 Capital Budget Update is based on the City Council Approved FY 2027 Capital Budget with modifications as noted herein. The update provides recommended changes to the Approved FY 2027 Budget, which is the second year of the Approved FY 2026 - 2027 Biennial Capital Budget.

Please note: The Metropolitan Sewer District did not change its fiscal year in 2013 to align with the change in the City's fiscal year of July 1 through June 30. Therefore, the Recommended FY 2027 Restricted Funds Capital Budget Update includes the Calendar Year 2026 (January 1 through December 31, 2026) capital project amounts. The Capital Budget for the Metropolitan Sewer District is annually approved by the Hamilton County Board of County Commissioners each December.

ANALYSIS OF CAPITAL BUDGET EXPENDITURES

General Capital Fund Expenditures

Planned capital resource allocations for the Recommended FY 2027 General Capital Budget Update are shown in "Exhibit 2: General Capital Budget Update Summary" by expenditure category. This exhibit compares the expenditure category amounts included in the second year of the Approved FY 2026-2027 General Capital Budget with the expenditures included in the Recommended FY 2027 General Capital Budget Update. "Exhibit 3: General Capital Budget Update Projects by Expenditure Category" illustrates the General Capital projects included within each expenditure category by department. These categories include the following: Economic Development, Environment, Equipment, Housing and Neighborhood Development, Infrastructure (Small Commission), New Infrastructure, as well as Software and Information Systems. [Note: Starting in FY 2025, Information Technology (IT) Infrastructure as well as Software and Hardware (IT) will no longer appear as expenditure categories. Expenditures previously assigned to these categories were reassigned to another existing category or the latest category, Software and Information Systems.]

Economic Development

Capital improvements in this category represent strategic allocations of public resources intended to spur commercial opportunities within the City.

Environment

Capital improvements within this category include investments necessary to protect and improve environmental health conditions within the City of Cincinnati.

Equipment

The equipment category primarily includes the fleet needs for the departments supported by the General Fund and extends to supplying public safety and other various departments with necessary items for performing their core service functions.

Housing and Neighborhood Development

Investments within this category support capital-eligible planning efforts, housing development, hazard abatement, and related improvements.

Infrastructure (Smale Commission)

Rehabilitation, replacement, and enhancement of existing, permanent improvement infrastructure is included in this expenditure category. Smale Commission infrastructure includes, but is not limited to, streets, roads, thoroughfares, avenues, expressways, parkways, sidewalks, plazas, parks, recreation areas, grounds, ways, bridges, viaducts, tunnels, walls, structures, buildings, fixtures, traffic signals, street lighting and marking, landscaping, signage, telecommunications, and information systems. (Note: Infrastructure supported by the "enumerated funds" are specially excluded from this category. The "enumerated funds" consist of the following: Metropolitan Sewer District, Water Works, Parking System Facilities, Stormwater Management, Convention Center, and General Aviation - Lunken Airport.)

New Infrastructure

Entirely new permanent improvement infrastructure including, but not limited to, streets, sidewalks, plazas, parks, recreation areas, bridges, viaducts, tunnels, walls, structures, buildings, traffic signals, street lighting and marking, landscaping, signage, or telecommunications is included in this category. Replacement, rehabilitation, or enhancement of existing infrastructure is excluded from this expenditure category.

Software and Information Systems

Support for new or significantly upgraded information technology programs, major software, and related hardware are included in this category.

Cincy On Track, the Cincinnati Southern Railway, and Existing Infrastructure

In June 2023, the Board of Trustees of the Cincinnati Southern Railway (the "Rail Board") entered into a First Amended and Restated Asset Purchase and Sale Agreement (the "Sale Agreement") with Norfolk Southern Railway Company ("Norfolk Southern"), and the Cincinnati, New Orleans, and Texas Pacific Railway Company ("CNOTP") proposing the sale of the Cincinnati Southern Railway (CSR) to Norfolk Southern for \$1.6 billion, in addition to certain contractual payments owed by Norfolk Southern to the Rail Board. The sale of the Cincinnati Southern Railway was contingent on approval by the Cincinnati electorate, among other things.

On November 7, 2023, the Cincinnati electorate approved the sale of the Cincinnati Southern Railway (CSR) with the proceeds from the sale to be placed in a trust with annual disbursements paid to the City for the rehabilitation, modernization, or replacement of existing infrastructure improvements. Unless the trust fund balance decreases by 25% from one year to the next, such distributions will, at minimum, equal the amount the City would otherwise receive if the lease remained in effect.

On March 15, 2024, the Rail Board closed on the sale of the Cincinnati Southern Railway. As a result, the Cincinnati Southern Railway no longer generates lease revenue for the City.

As indicated in the "Cincy On Track (COT): A Spending Plan for the Proposed Sale of the Cincinnati Southern Railway" report (Item no. [202302088](#), dated October 3, 2023), the investment of the Cincinnati Southern Railway sale proceeds was projected to at least double the annual amount received by the City from the previous CSR lease arrangement -- from \$26.5 million to a projected \$56.0 million. The trust structure is intended to generate investment returns and protect the trust fund balance in perpetuity, providing the City with funding needed to address capital maintenance of core deteriorating infrastructure now and for generations to come. State law requires the Cincinnati Southern Railway Trust Fund Board of

Trustees certify the amount of disbursement to the City of Cincinnati by September 30 of the year prior to the start of the City's next fiscal year (July 1). The Board of Trustees approved a distribution to the city to be paid in four quarterly payments. Disbursements from the trust began in FY 2026.

The FY 2027 disbursement amount of \$58.0 million from the trust was certified by the Rail Board to the City on September 16, 2025. The anticipated resources under the previous lease arrangement were \$26.4 million for FY 2027. Therefore, an additional sum of \$31.6 million will be available to the City in FY 2027 due to the sale of the Cincinnati Southern Railway, and subsequent investment of the proceeds.

The City prepares a General Capital budget that is supported by a variety of resources, which primarily include the following sources:

- Property Tax Supported Debt
- Cincinnati Southern Railway (CSR) Trust Disbursements
- Income Tax Capital Revenue
- Miscellaneous Other Revenue

Each of these different sources comes with unique restrictions on what the resources can be used for. Resources received from the CSR Trust disbursements are required by state law to be utilized for the rehabilitation, modernization, or replacement of existing infrastructure improvements. However, sources other than CSR Trust disbursements are utilized for existing infrastructure improvements.

Existing Infrastructure - All Sources

The Recommended FY 2027 Capital Budget Update includes \$99.4 million for Existing Infrastructure projects [also referred to as "Infrastructure (Smale Commission)"] across all eligible funding sources. Please refer to "Exhibit 3: General Capital Budget Update Projects by Expenditure Category" for a list of all Infrastructure (Smale Commission) projects.

FY 2027 Capital Budget Update Development

Given the additional revenue from CSR Trust disbursements, City departments were asked to carefully consider the condition of their existing infrastructure inventory, estimated funding needs, ability to deploy current and future funding, and any other issues impacting their ability to address the backlog of deferred capital maintenance.

Additionally, to enhance the precision of capital planning, departments were required to continue to provide detailed sub-project information for planned investments using CSR Trust disbursement resources, including location of projects by neighborhood. Neighborhoods with a median household income of \$50,000 or less were designated as "underserved" and departments were strongly encouraged to consider the infrastructure needs within these neighborhoods.

Capital expenditures in the amount of \$58.0 million were allocated to various projects across multiple City departments (Health, Parks, Public Services, Recreation, and Transportation & Engineering). The specific sub-projects are subject to change at any point in response to unanticipated changes in operational needs, such as critical failure.

Capital Improvement Program

Summary

The following tables provide a list of CSR funded capital projects for FY 2027:

CSR Funded Capital Projects FY 2027

Project Name	Amount
Outdoor Facilities Renovation - CSR	\$ 1,234,000
Street Rehabilitation - CSR	\$ 19,820,000
Wall Stab. & Landslide Correction - CSR	\$ 1,550,000
Computerized Traffic Signal System - CSR	\$ 400,000
Curb Ramps - Street Rehab - CSR	\$ 400,000
Traffic Signals Infrastructure - CSR	\$ 1,800,000
Spot Infrastructure Replacement - CSR	\$ 1,000,000
Facilities Renovation and Repairs - CSR	\$ 181,000
Subtotal	\$ 26,385,000

Project Name	Amount
Pavement Renovations - COT DM	\$ 69,000
Lincoln Aquatic Rehabilitation - COT MSI	\$ 536,000
Dunham Rec Center Facilities Renovation - COT MSI	\$ 4,500,000
Tennis and Other Courts Renovation - COT DM	\$ 75,000
Playgrounds Renovation - COT DM	\$ 600,000
West Maintenance Building Replacement - COT DM	\$ 600,000
Warder Nursery Renovation - COT DM	\$ 500,000
McEvoy Park Renovation - COT DM	\$ 1,300,000
Mt. Airy Adventure Playground - COT DM	\$ 750,000
Artist Alley Reconstruction - COT DM CBR	\$ 100,000
Lafayette Lane Landslide Rehabilitation - COT DM	\$ 760,000
Baltimore Ave Landslide - COT DM	\$ 1,000,000
Street Rehabilitation - COT DM	\$ 2,200,000
Western Hills Viaduct - COT MSI	\$ 3,750,000
City Facility Renovation and Repairs - COT DM	\$ 4,625,000
Fire Station Replacement - COT MSI	\$ 4,000,000
Fleet Facility Renovation - COT MSI	\$ 6,000,000
Electrical Upgrades - COT DM	\$ 250,000
Subtotal	\$ 31,615,000

Grand Total	\$ 58,000,000
--------------------	----------------------

Various acronyms are utilized within project titles to classify projects funded with CSR Infrastructure Trust disbursements. The following serves as a key to those various acronyms:

- CSR - Cincinnati Southern Railway: Designates projects that had historically been funded with CSR proceeds.
- COT - Cincy On Track: Designates projects funded with the additional proceeds from CSR Infrastructure Trust disbursements above the amount of previous lease proceeds.
- DM - Deferred Maintenance: Designates a project that addresses a deferred maintenance need.

- MSI - Modernization & Strategic Investments: Designates a project that will modernize an existing asset or make a strategic investment in an existing asset designated by the City Manager.
- CBR - Community Budget Request: Designates a project that was requested by a neighborhood through the Community Budget Request process.

The following tables provide a list of sub-project Details for CSR funded capital projects for FY 2027:

Health

Health

Project (Appropriation Level)	Sub-Project	Primary Neighborhood	Project Amount
Facilities Renovation and Repairs - CSR	Price Hill Health Center Renovation	Lower Price Hill, UNS	\$ 181,000
			\$ 181,000

Parks

Parks - Cincy on Track

Project (Appropriation Level)	Sub-Project	Primary Neighborhood	Project Amount
Warder Nursery Renovation - COT DM	Warder Nursery Renovation	Citywide	\$ 500,000
McEvoy Park Renovation - COT DM	McEvoy Park Renovation	College Hill, UNS	\$ 1,300,000
Mt. Airy Adventure Playground - COT DM	Mt. Airy Adventure Playground	Westwood, UNS	\$ 750,000
			\$ 2,550,000

Public Services

Public Services

Project (Appropriation Level)	Sub-Project	Primary Neighborhood	Project Amount
Spot Infrastructure Replacement - CSR	Spot Infrastructure Replacement	Citywide	\$ 1,000,000
			\$ 1,000,000

Public Services - Cincy on Track

Project (Appropriation Level)	Sub-Project	Primary Neighborhood	Project Amount
City Facility Renovation and Repairs - COT DM	Beekman Street Garage	South Fairmount, UNS	\$ 3,600,000
City Facility Renovation and Repairs - COT DM	City Hall Roof	West End, UNS	\$ 1,025,000
Fire Station Replacement - COT MSI	Fire Station Replacement	Madisonville	\$ 2,000,000
Fire Station Replacement - COT MSI	Fire Station Replacement	Pleasant Ridge	\$ 2,000,000
Fleet Facility Renovation - COT MSI	Fleet Facility Renovation	Camp Washington	\$ 6,000,000
Electrical Upgrades - COT DM	City Hall Electric Upgrades Phase 1	West End, UNS	\$ 250,000
			\$ 14,875,000

Capital Improvement Program

Summary

Recreation

Recreation

Project (Appropriation Level)	Sub-Project	Primary Neighborhood	Project Amount
Outdoor Facilities Renovation - CSR	Signage	Citywide	\$ 80,000
Outdoor Facilities Renovation - CSR	Site Amenities	Citywide	\$ 100,000
Outdoor Facilities Renovation - CSR	Emergencies/Community Budget Requests - Outdoor	Citywide	\$ 250,000
Outdoor Facilities Renovation - CSR	Community Partnership Projects	Citywide	\$ 250,000
Outdoor Facilities Renovation - CSR	Courts - Crack Fill	Citywide	\$ 95,000
Outdoor Facilities Renovation - CSR	Fence Replacement	Citywide	\$ 150,000
Outdoor Facilities Renovation - CSR	Ball Field Amenities	Citywide	\$ 35,000
Outdoor Facilities Renovation - CSR	Emergencies/Community Budget Requests - Athletics	Citywide	\$ 174,000
Outdoor Facilities Renovation - CSR	Camp Washington-Basketball/ ADA access/Pavement	Camp Washington	\$ 100,000
			\$ 1,234,000

Recreation - Cincy on Track

Project (Appropriation Level)	Sub-Project	Primary Neighborhood	Project Amount
Pavement Renovations - COT DM	Mt. Airy Recreation Area	Mt. Airy, UNS	\$ 69,000

Traffic Signals Infrastructure - CSR	Misc Signal Modifications and Signal Improvements and/or Columbia Tusculum Fiber Project	Citywide,	\$ 350,000
			\$ 23,970,000

Transportation & Engineering - Cincy on Track

Project (Appropriation Level)	Sub-Project	Primary Neighborhood	Project Amount
Artist Alley Reconstruction - COT DM CBR	Artist Alley Reconstruction	Pendleton	\$ 100,000
Lafayette Lane Landslide Rehabilitation - COT DM	Lafayette Lane Landslide Rehabilitation	Clifton	\$ 760,000
Baltimore Ave Landslide - COT DM	Baltimore Ave Landslide Stabilization	East Westwood, UNS	\$ 1,000,000
Street Rehabilitation - COT DM	Preventative Maintenance	Citywide,	\$ 2,200,000
Western Hills Viaduct - COT MSI	Western Hills Viaduct	South Fairmount, UNS	\$ 3,750,000
			\$ 7,810,000

For Primary Neighborhood, the UNS designation is utilized to identify an Underserved neighborhood which has a median household income of \$50,000 or less.

The Office of Performance and Data Analytics (OPDA) launched a dashboard for transparency on expenditures for projects funded with CSR resources by neighborhood ([Cincy On Track Dashboard](#)) which will continue to be updated as part of the Cincy On Track process.

Existing Infrastructure Capital Budget Planning

While great strides were made over the last three years to improve processes for capital planning and deployment, there continue to be opportunities for enhanced standardized data capture practices across all infrastructure departments and projects - including capital planning and capital deployment. The goal is to continue to improve resource allocation decisions, increase public transparency when evaluating projects, and increase public transparency of project progress. As data capture practices improve, this will enable continued enhancements to the Cincy On Track Dashboard. Further, in order to ensure that all departments have the necessary tools for project management, more centralized cost estimation, project planning, and resource deployment oversight will help drive efficiencies within the capital budget. This oversight is now part of the City's Performance Based Budgeting (PBB) process. Finally, continued improvements to procurement practices will continue to be emphasized to make deployment of resources more efficient.

The Cincy On Track plan represents a strategic approach developed to ensure transparency, uphold the guardrails of the CSR Infrastructure Trust, make sure there is a system in place that is feasible, and identify resource allocation in areas that may have previously been underfunded. Its implementation is crucial for fostering equitable growth and ensuring that all aspects of City infrastructure development are properly supported.

Note: For a breakdown of the FY 2027 Cincy On Track plan, please refer to the infographic on the following pages.

CINCY ON TRACK

FISCAL YEAR 2027 REVENUE ALLOCATION

The infographic below highlights the Recommended Fiscal Year 2027 spending plan for revenue received from the Cincinnati Southern Railway. Funding from this source can only be used on existing City infrastructure projects.

PROJECT CATEGORIES

Cincy on Track includes five (5) main categories:

BREAKDOWN BY CATEGORY

In Fiscal Year 2027, the City will receive \$58.0 million for existing infrastructure projects from the Cincinnati Southern Railway.

BREAKDOWN BY INCOME & NEIGHBORHOOD

The chart below shows spending by neighborhoods.

*Median Income Data reflects 2020 Census Data.

CINCY ON TRACK

FISCAL YEAR 2027 REVENUE ALLOCATION

The infographic below highlights the Recommended Fiscal Year 2027 spending plan for revenue received from the Cincinnati Southern Railway. Funding from this source can only be used on existing City infrastructure projects.

STREETS & BRIDGES

(Department of Transportation & Engineering)

\$31.8M

ABOUT CINCY ON TRACK, PLEASE VISIT

bit.ly/cincyontrackdashboard

Fleet Replacement – The Fleet Replacements capital improvement program project in the Department of Public Services (DPS) is an annual allocation project that supports the replacement of automotive and motorized equipment for City agencies supported by the General Fund. The City fleet is comprised of 2,668 units which are divided among multiple equipment categories. These categories range from fire pumpers, fire ladders, sedans, and SUVs, to backhoes, excavators, mowers, and generators. Recommended funding for the "Fleet Replacements" capital improvement program project totals \$17.3 million in the FY 2027 Capital Budget Update.

The Office of Performance and Data Analytics developed a State of the Fleet Dashboard, which provides a host of real-time information regarding the fleet, All Funds, Citywide. DPS begins the fleet replacement process by collecting vehicle data to determine which vehicles meet the replacement criteria. There are three criteria to help determine this: vehicle age, vehicle mileage, and the life-to-date maintenance costs. The number for vehicle age and vehicle mileage can vary by equipment category. The life-to-date maintenance cost is considered met when 75% or more of the equipment acquisition cost has been spent on maintenance. A vehicle is considered out of lifecycle when it meets two of the three criteria, with the priority being replacement of equipment that meets all three criteria. As of February 2026, there are 184 General Fund agency vehicles that meet all three replacement criteria. Replacing the 184 vehicles would cost approximately \$27.5 million. The goal of DPS is to evenly replace vehicles across all departments based on the State of the Fleet Dashboard data.

When the equipment to be replaced is identified, the department's Fleet Liaison is notified to review and provide feedback. If the needs of the department have changed, a more suitable replacement may be sourced instead, but the original asset identified for replacement is still retired. Each piece of equipment is also evaluated for replacement with an electric option in keeping with the Green Cincinnati Plan (GCP), which is pursued if possible. Once replacements are approved, the Fleet Team discusses vehicle upfitting with departments before ordering. The finalized list is then sent to Procurement. Once a piece of equipment is ordered, it can take many months, even years, before receiving the equipment. This lead time can change due to many factors, such as supply chain issues, but current estimates show it can take three to six months to receive passenger vehicles and pickup trucks, 10 to 14 months to receive a Police Interceptor, up to 24 months to receive a garbage packer, and Fire Apparatus and Medic Units can take 24 to 36 months to be received.

In addition to Fleet Replacement, the Fleet Services Division maintains the existing City fleet. This includes preventative maintenance items such as oil changes, filter changes, and vehicle inspections for all City equipment. The maintenance costs for repairing this equipment have increased dramatically.

The Recommended FY 2027 Capital Budget Update includes funding for Fleet Replacements in the amount of \$17.3 million, which represents an increase of \$4.0 million over the \$13.3 million included in Approved FY 2027 Capital Budget. The City annually re-evaluates allocations for Fleet Replacements with the intent of increasing fleet investments to bring more of the fleet into lifecycle.

Capital Improvement Program

Summary

Fleet Units per Department, All Funds

Fleet Units per Equipment, All Funds

DOTE Goal to Rehabilitate 100 Lane Miles – In 2002, the City Council directed the Administration to develop a Capital Budget with sufficient resources, when combined with grant resources, to complete an average of 100 lane miles of street rehabilitation each year. The Recommended FY 2027 Capital Budget Update includes the sum of \$22.0 million from the combination of resources in Street Rehabilitation and Street Rehabilitation COT project accounts. DOTE anticipates receiving outside grants of up to \$0.8 million for Street Rehabilitation projects in FY 2027. In FY 2026, DOTE completed a comprehensive pavement management review, which provided guidance on when to apply preventative maintenance and street rehabilitation to improve the overall rating of city streets over the long-term. The department reassessed various components of the Street Rehabilitation Program, to identify opportunities for maximizing the use of available funding and preserving additional pavement. Areas of evaluation included: size and type of contracts issued, number of contracts bid, utilization of other government contracts, adjustments to construction and material specifications, and utility restoration requirements and associated fees. The result is an innovative strategy designed to accomplish more lane miles addressed from the previous calendar year.

Based on bid pricing received in 2026, construction costs continue to increase. Utilizing the above combination of innovative strategies, the department expects to complete 20 percent more lane miles compared to CY 2025. This represents 70.0 lane miles of street rehabilitation and preventive maintenance combined from FY 2027 resource allocations. The Street Rehabilitation project accounts will not provide resources for Stormwater Management Utility appurtenances on rehabilitated streets in FY 2027.

Infrastructure Mandate – To maintain the 0.1% portion of the 1.8% City Income Tax dedicated to Smale Infrastructure, the Recommended FY 2027 Capital Budget Update includes \$99.4 million for Smale Infrastructure projects. Assuming the Approved FY 2027 Operating Budget Update infrastructure spending amount does not change from the FY 2025 amount of \$55.7 million, the estimated coverage for Smale infrastructure spending is 234.46%.

FY2027 Estimated Smale Mandate Calculation		
Infrastructure Smale Capital Projects:	\$	99,391,000
Estimated Smale Operating Budget:	\$	55,714,059
Total Estimated Smale Budget:		155,105,059
Base Requirement:	\$	66,724,100
Estimated Coverage Percentage:		234.46%

The City typically plans for a minimum coverage ratio of 120% in order to safeguard against potential delays in implementing some capital projects caused by weather, global pandemic, and other unforeseen factors. This Recommended FY 2027 Capital Budget Update, combined with an estimate of infrastructure spending in the FY 2027 Operating Budget, is expected to provide adequate coverage to ensure that the City continues to meet the expenditure requirements approved by the voters in 1988.

ANALYSIS OF CAPITAL BUDGET RESOURCES

A. GENERAL CAPITAL RESOURCES

The estimated resources for the General Capital Budget Update are shown in the exhibit "General Capital Budget Update Summary", which provides a comparison of resources and expenditures between the second

year of the Approved FY 2026-2027 General Capital Budget with the resources and expenditures included in the Recommended FY 2027 General Capital Budget Update.

Income Tax - Capital

The City Income Tax is a locally levied tax applied to gross salaries, wages, and other personal compensation, and net profits earned by all City residents and to earnings of nonresidents working in the City limits. The City's income tax of 1.8% is subdivided into three components: general operations (1.55%), infrastructure (0.1%), and capital (0.15%). The 0.1% portion of the 1.8% City Income Tax, along with the local motor vehicle license tax and gasoline tax, is dedicated to infrastructure spending, but is not included as a capital resource. These resources go into special revenue funds, which are used in the operating budget for the maintenance and repair of infrastructure, but this can also be used for infrastructure capital in accordance with each resource's definition of eligibility per statute or ordinance.

Compared to the amount included in the Approved FY 2027 Capital Budget, this resource was significantly increased by \$10.5 million for a one-time increase in the FY 2027 Capital Budget Update to utilize existing unappropriated fund balance combined with an anticipated increase in projected revenue.

Property Tax Supported Debt

The assessed valuation of property within the City subject to ad valorem taxes includes real property and public utilities property. In accordance with State law, some general obligation debt may be issued without a vote of the public. The debt cannot be issued unless there are sufficient tax proceeds for the payment of debt service. On December 10, 2025, City Council approved Legislative Resolution 0069-2025, which maintained the property tax millage of 7.5 mills to meet the City's debt service requirements, including the estimate for Property Tax Supported Debt (unvoted debt). The City is within the unvoted statutory debt limitation of 5.5% of assessed value in the City.

Although the City currently utilizes general obligation bonded debt for self-supporting bond issues (such as urban renewal/economic development, parking system, and certain recreational facilities), self-supporting revenue sources have been, and are expected to be, sufficient to pay principal and interest requirements on all self-supporting debt.

Compared to the amount included in the Approved FY 2027 Capital Budget, this resource was increased by \$14.9 million for a one-time increase in debt issuance for the FY 2027 Capital Budget Update.

Southern Railway Trust Disbursements

This became a new source of revenue starting in FY 2026.

On March 15, 2024, the Board of Trustees of the Cincinnati Southern Railway (the "Rail Board") sold the Cincinnati Southern Railway with the proceeds from the sale to be placed in a trust with annual disbursements paid to the City for the rehabilitation, modernization, or replacement of existing infrastructure improvements owned by the City with a useful life of five or more years. Unless the trust fund balance decreases by 25% in a given year, such distributions will, at minimum, equal the amount the City would otherwise receive if the lease remained in effect.

Compared to the amount included in the Approved FY 2027 Capital Budget, this resource was increased by \$1.4 million based on a slightly higher than initially planned disbursement from the Rail Board for the FY 2027 Capital Budget Update.

**Miscellaneous Other Revenue**

The proceeds from the sale of certain City-owned property are made available for capital purposes. Proceeds from the sale of the Blue Ash Property are reflected as a miscellaneous revenue resource. The last payment from the Blue Ash Property sale will occur in FY 2037.

Reprogramming Resources

Reprogramming resources are unused funds typically recaptured from projects that are completed. The remaining balances are available and recommended for use in other projects.

There were no reprogramming resources anticipated in the Approved FY 2027 Capital Budget. Therefore, the sum of \$1.0 million is due to reallocation of prior year resources for the FY 2027 Capital Budget Update.

B. RESTRICTED AND SPECIAL REVENUE CAPITAL RESOURCES

The FY 2027 Capital Budget Update includes resources from various Restricted and Special Revenue Funds. The Enterprise Funds are a type of Restricted Fund characterized by supporting their own capital and operating budgets through user fees and charges. After operating and maintenance costs, current debt service, and reserve requirements are covered, the remaining resources are available for capital purposes.

Resources from the Municipal Public Improvement Equivalent Fund in the amount of \$4.5 million are available as a one-time source in the FY 2027 Capital Budget Update. These resources are from the aggregate of excess services payments from certain project tax increment financing (TIF) projects created under Ohio Revised Code (ORC) Section 5709.40(B), and are available pursuant to Ordinance No. 0183-2024, which was passed by the City Council on May 30, 2024. Generally, these funds may be used for any "public infrastructure improvement" as defined in Ohio Revised Code Section 5709.40(A)(8), which includes housing improvements, acquisition of land, environmental remediation, demolition, and other uses specified under that definition, that are also in support of urban redevelopment within the meaning of ORC Section 5709.41.

There were no resources from the Special Housing Permanent Improvement Fund (SHPIF) anticipated in the Approved FY 2027 Capital Budget. Therefore, use of the sum of \$4.0 million is due to a one-time increase in the FY 2027 Capital Budget Update to utilize existing unappropriated fund balance for the FY 2027 Capital Budget Update.

Note: The Metropolitan Sewer District did not change its fiscal year (which aligns with the calendar year) to align with the City's fiscal year (July 1 through June 30). Therefore, the Recommended FY 2027 Restricted Funds Capital Budget Update includes Calendar Year 2026 (January 1 through December 31, 2026) capital project amounts. The Capital Budget for the Metropolitan Sewer District is approved by the Hamilton County Board of County Commissioners, typically in the preceding December.

CHRIS Upgrades and Enhancements

Department: 090 Enterprise Technology Solutions **Dept Priority:** 10 **Project Manager:** Lothery, Ebony
Agency: 091 Enterprise Technology Solutions **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/31

Description: This project will provide resources for the enhancement of the Cincinnati Human Resources Information System (CHRIS) in order to streamline processes and eliminate paper transactions.

Purpose: The purpose of this project is to upgrade or replace the existing Cincinnati Human Resources Information System (CHRIS) and corresponding modules to continue the elimination of paper transactions, streamline processes, and measure productivity and performance outcomes. Continued improvements to the system will ensure adherence to laws and regulations and additional system functionality improvements.

Cybersecurity Initiatives

Department: 090 Enterprise Technology Solutions **Dept Priority:** 1 **Project Manager:** Khoury, Hanna
Agency: 091 Enterprise Technology Solutions **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/27

Description: This project will provide resources for the enterprise cybersecurity team, which will focus on the implementation of new cybersecurity initiatives designed to strengthen the organization's overall security posture and reduce exposure to evolving cyber threats. The effort will include assessing current security controls, identifying gaps and risks, and deploying enhanced technical, administrative, and procedural safeguards.

Purpose: The purpose of this project is to strengthen the organization's overall security posture by implementing enhanced cybersecurity controls and practices that reduce risk and improve resilience against cyber threats. This effort is intended to ensure compliance with the cybersecurity requirements and best-practice guidelines established by both the City's cybersecurity insurance provider and the State of Ohio.

Data Center Infrastructure Replacement

Department: 090 Enterprise Technology Solutions Dept Priority: 4 Project Manager: Khoury, Hanna
 Agency: 091 Enterprise Technology Solutions Agency Priority: Start Date: 7/1/26
 Exp Category: Software & Information Systems End Date: 6/30/31

Description: This project will provide resources for the cyclic replacement or upgrade of infrastructure equipment and software related to the enterprise data center and to optimize capacity to meet business needs.

Purpose: The purpose of this project is to provide optimized server, storage, recovery, and facility assets to maximize capacity and availability that is flexible enough to support changing business needs.

Disaster Recovery / Business Continuity

Department: 090 Enterprise Technology Solutions **Dept Priority:** 6 **Project Manager:** Khoury, Hanna
Agency: 091 Enterprise Technology Solutions **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/31

Description: This project will provide resources for identification and acquisition of the necessary components for setup of the required logistics, software, and hardware for the recovery strategy to anticipate the loss of the enterprise information technology infrastructure. Resources could also be used for professional services related to installation of the hardware and software, and also in the development and upgrade of disaster recovery plans/documentation. This project would involve internal city agencies such as Law, Purchasing, Budget, and Finance in developing the requirements.

Purpose: The purpose of this project is to provide the necessary logistics, material, and documentation to maintain and upgrade the main and the duplicate enterprise data at the City's secondary site storage facility. In event of a disaster, data can be accessed in a timely manner and defined city operations can be restored. Funding will also be used to develop and upgrade disaster recovery plans and procedures.

Enterprise Networks and Security Enhancements

Department: 090 Enterprise Technology Solutions **Dept Priority:** 3 **Project Manager:** Khoury, Hanna
Agency: 091 Enterprise Technology Solutions **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/31

Description: This project will provide resources for the update and implementation of a multi-year strategy for upgrading the City's communications network including, but not limited to, updating the Communications Master Plan, replacing obsolete and unsupported hardware, and upgrading the fiber network facilities to support voice, data, and video while maintaining information security.

Purpose: The purpose of this project is to continue to address the current issues with the City's Metropolitan Area Network (MAN). The current issues include the following: 1) impending technological obsolescence; 2) known and predicted service bottlenecks; and 3) the lack of capacity for future growth.

Information Tech. Efficiency Initiatives

Department: 090 Enterprise Technology Solutions **Dept Priority:** 14 **Project Manager:** Ware, Sean
Agency: 091 Enterprise Technology Solutions **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/31

Description: This project will provide resources for a placeholder to be reallocated annually to individual Department-requested IT projects, after thorough vetting and prioritization of needs by IT Governance.
Purpose: The purpose of this project is to support information technology capital projects that promote efficiency for City departments. This project complies with the City Council directive to scale up technology applications that will increase productivity and reduce costs (Doc. #200900970).

IT Asset Management Solution

Department: 090 Enterprise Technology Solutions **Dept Priority:** 7 **Project Manager:** Lothery, Ebony
Agency: 091 Enterprise Technology Solutions **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/31

Description: This project will provide resources for tracking all information technology (IT) assets throughout their entire lifecycle.

Purpose: The purpose of the this project is to mature the City's IT asset management capability, fostering a portfolio of IT solutions that is manageable, supportable, and cost-efficient. By reducing silos and enhancing operational efficiency, the solution will strengthen security and ensure that technology investments deliver maximum value. The centralized approach will support better decision-making, improve compliance, and facilitate proactive management of IT resources.

Lifecycle Asset Acquisition and Replacement

Department: 090 Enterprise Technology Solutions **Dept Priority:** 9 **Project Manager:** Gearing, Brandon
Agency: 091 Enterprise Technology Solutions **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Equipment **End Date:** 6/30/31

Description: This project will provide resources for the procurement of information systems, personal computers, software, and related equipment. This annual allocation project will enable (1) replacement of out of lifecycle personal computers and other IT equipment, (2) support for software upgrades, as well as (3) the acquisition of new equipment needed to adjust to advancements in workplace technology and increased equipment needs.

Purpose: The purpose of this project is to improve efficiency and is necessary to maintain compliance with City IT security policy.

Real Time Crime Center Camera Program

Department: 090 Enterprise Technology Solutions Dept Priority: 15 Project Manager: Ware, Sean
 Agency: 091 Enterprise Technology Solutions Agency Priority: Start Date: 7/1/26
 Exp Category: Equipment End Date: 6/30/31

Description: This project will provide resources for the replacement and upgrade of Real Time Crime Information Center (RTCC) cameras Citywide which are used by Police to monitor special events, emergency situations, and criminal activity. Many of these cameras are aging and are due for replacement. Funding could also be used for improvements to the RTCC's monitoring systems.

Purpose: The purpose of this project is to maintain reliability of the Citywide camera system in support of an improved public safety response.

Service Now Reboot

Department: 090 Enterprise Technology Solutions **Dept Priority:** 8 **Project Manager:** Lothery, Ebony
Agency: 091 Enterprise Technology Solutions **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/27

Description: This project will provide resources for IT staff to effectively manage incidents and service requests, while also giving end users a clear and consistent way to request IT services.

Purpose: The purpose of this project is to review existing ServiceNow configurations, workflows, roles, and governance practices to identify gaps and inefficiencies and ensure alignment with ITIL best practices and organizational needs. The project will realign core ITSM modules to improve process consistency, effectiveness, and usability. It will enhance the experience for both end users and IT staff while establishing a stable foundation for future ServiceNow growth, automation, and integration.

PIVOT Acquisition and Safety Improvements

Department: 100 City Manager **Dept Priority:** 8 **Project Manager:** Bell, Kait
Agency: 101 City Manager's Office **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Housing Neighborhood Development **End Date:** 6/30/31

Description: This project will provide resources for site acquisition necessary to address blight, improve public safety, and promote community development. This project will also provide resources for the installation of additional lights and cameras inside City-owned parks, playgrounds, and recreational areas.

Purpose: The purpose of this project is to improve safety and remove potentially dangerous situations. This project is intended to implement the ACT for Cincy violence reduction portfolio.

Property Holding

Department: 100 City Manager **Dept Priority:** 6 **Project Manager:** Rudd, Brandon
Agency: 105 Office of Strategic Growth **Agency Priority:** 6 **Start Date:** 7/1/26
Exp Category: Housing Neighborhood Development **End Date:** 6/30/31

Description: This project will provide resources for the rehabilitation and maintenance of City-owned properties and properties acquired by the Hamilton County Land Bank on behalf of the City by providing for necessary upkeep. The intent of owning or controlling such property is to position strategically important parcels for commercial redevelopment through proactive land assembly, which often requires the City to temporarily own, or control via the Land Bank, the property in order to perform pre-development activities such as demolition, site infrastructure improvements, and other related expenses.

Purpose: The purpose of this project is to keep City-owned property and properties acquired by the Hamilton County Land Bank on behalf of the City in good condition in order to keep up the standards in the neighborhood where the property is located and to avoid property code violations.

Strategic Housing Initiatives Program (SHIP)

Department: 160 Opportunity and Resident Services **Dept Priority:** 4 **Project Manager:** Hackworth, Roy
Agency: 162 Housing Division **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Housing Neighborhood Development **End Date:** 6/30/31

Description: This project will provide resources for the Strategic Housing Initiatives Program, which will offer strategic investment to housing projects throughout the City's neighborhoods. The program will support the rehabilitation or new construction of market rate, workforce, and affordable rental and home ownership units as well as permanent supportive housing. Property acquisition in support of future housing construction is also an eligible activity.

Purpose: The purpose of this project is to provide leveraged investment in City neighborhoods in order to create diverse housing options to residents at all stages of life.

Business Retention/New Growth

Department: 160 Opportunity and Resident Services **Dept Priority:** 9 **Project Manager:** Bertsch, Robert
Agency: 164 Economic Development and Major/S **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Economic Development **End Date:** 6/30/31

Description: This project will provide resources for business retention and expansion activities for existing Cincinnati manufacturing and office users, as well as relocation and expansion opportunities by similar industries that are new to Cincinnati. Funds will be utilized on property acquisition, improvements to real property, including private property, construction of public parking, and other public infrastructure improvements. Soft costs and other project delivery costs incurred in the creation of these improvements are also eligible.

Purpose: The purpose of this project is to fund capital-eligible projects involving the retention or expansion of existing businesses, as well as the relocation and expansion of new companies to Cincinnati.

Community Development Focus District

Department: 160 Opportunity and Resident Services **Dept Priority:** 10 **Project Manager:** Bertsch, Robert
Agency: 164 Economic Development and Major/S **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Economic Development **End Date:** 6/30/31

Description: This project will provide resources for projects in neighborhoods that are identified in the City Consolidated Plan as Strategic Investment Areas and Neighborhood Revitalization Strategy Areas. Projects will include property acquisition, development and pre-development activities, as well as gap financing and public improvements. Resources will be further targeted to viable, market-driven and mixed-use development that can create a catalytic impact to stabilize and revitalize neighborhoods.

Purpose: The purpose of this project is to target viable, market-driven economic and mixed use development in neighborhoods that are designated Neighborhood Revitalization Strategy Areas or Community Development Focus Districts. The project will help stabilize those neighborhoods by making funding available for projects that would normally not be eligible for Community Development Block Grant (CDBG) funds.

Neighborhood Business District Improvements

Department: 160 Opportunity and Resident Services **Dept Priority:** 7 **Project Manager:** Bertsch, Robert
Agency: 164 Economic Development and Major/S **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Economic Development **End Date:** 6/30/31

Description: This project will provide funding for the design and construction of streetscape improvements, parking improvements, property acquisitions and demolitions, and other infrastructure/capital investments intended to stabilize, sustain, and revitalize the City's designated Neighborhood Business Districts (NBD). The Neighborhood Business District Improvement Program (NBDIP) is now funded entirely by City Capital and no longer funded by Community Development Block Grant. Individual projects are vetted by City staff as well as peer reviewed in a competitive grant process involving a citizen advisory group.

Purpose: The purpose of this project is to enhance the economic viability of each NBD and the communities they serve. This project would also increase employment opportunities.

Mt. Airy Adventure Playground - COT DM

Department: 200 Parks **Dept Priority:** 4 **Project Manager:** Barron, Jason
Agency: 203 Administration and Program Service **Agency Priority:** 5 **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the creation of a new adventure playground in the McFarlan Woods area of Mt. Airy Forest. The project will include adventure play concepts such as climbing elements and a zip line.

Purpose: The purpose of this project is to relocate an existing playground closer to the dense residential area in Westwood. The project would develop a one-of-a-kind adventure playground for both neighborhood children and children throughout the city. The project will include adventure play concepts such as climbing elements and a zip line. McFarlan Woods is an underutilized area of Mt. Airy Forest in Westwood that often experiences notorious activity and dumping due to the low level of positive activity and foot traffic. This Cincy On Track request would leverage private donations to complete the project. With funding the design of this project can begin in FY27.

Playground Renovations - COT DM

Department: 200 Parks
Agency: 203 Administration and Program Service
Exp Category: Infrastructure(Smale Commission)
Dept Priority:
Agency Priority: 3
Project Manager: Barron, Jason
Start Date: 7/1/27
End Date: 6/30/31

Description:	This project will provide resources to renovate at least one Parks' playground per year, which is a minimum to keep up with the needed lifecycles of playgrounds.
Purpose:	The purpose of this project is to eliminate safety hazards and halt deterioration of the existing outdated playground infrastructure. By replacing at least one playground a year, Parks can establish a proactive, 20-year replacement schedule to ensure that all Parks' playground equipment stays up-to-date, safe, and engaging for Cincinnati's children.

Hazard Abatement/Demolition Program

Department: 210 Buildings & Inspections **Dept Priority:** 1 **Project Manager:** Brunner, James
Agency: 212 Property Maintenance Code Enforce **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Housing Neighborhood Development **End Date:** 6/30/31

Description: This project will provide resources for demolition and barricading costs of buildings that have been declared unsafe, a public nuisance, or condemned through the administrative process. The project funds are targeted for areas where Community Development Block Grant funding is impractical, such as commercial or historic districts.

Purpose: The purpose of this project is to abate the hazardous existing structures with demolition/barricading means, thereby remedying the public safety concerns, reducing blight, and arresting the degradation of the City's neighborhoods.

Pen-Link PLX System Upgrade

Department: 220 Police **Dept Priority:** 4 **Project Manager:** Bardua, Bridget
Agency: 225 Investigations Bureau **Agency Priority:** 1 **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/31

Description: This project will provide resources for upgrades to hardware and software necessary for the Bureau's Pen-Link PLX system. This software is used for cell phone analysis, T3 intercepts (court ordered electronic surveillance), large-scale drug trafficking organizations (DTO) investigations, and includes a remote tracking platform to locate wanted suspects. This system is a standalone system and is not part of the City's network.

Purpose: The purpose of this project is upgrade current systems with more memory, processing speeds, and server space.

Bicycle Transportation Program

Department: 230 Transportation & Engineering **Dept Priority:** 18 **Project Manager:** Goubeaux, Brian
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for activities that enhance and improve bicycle/pedestrian transportation, safety, and access citywide as part of the larger regional effort. Specific improvement projects may include bicycle safe inlets, bicycle lanes, sharrows, bike racks, parking, signage, railroad crossings traffic improvements, safety projects and multi-use paths/off road trails. This project helps fund labor, materials, and technologies needed to plan, design, acquire right-of-way, build, survey, and inspect the proposed improvements.

Purpose: The purpose of this project is to develop and advance bicycle/pedestrian projects, from small projects in response to community requests to large trail projects, and other projects, which improve bicycle safety or advocate increased bike/pedestrian usage. This program would also allow coordination with surrounding political jurisdictions to enhance bicycle/pedestrian usage in the region. Program funds may also be used to leverage outside funding from state, federal, and other sources. These funds are used to implement the Cincinnati Bicycle Transportation Plan, adopted on June 23, 2010.

Brent Spence Bridge

Department: 230 Transportation & Engineering **Dept Priority:** 23 **Project Manager:** Williams, Bryan
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the City of Cincinnati coordination and participation with the Ohio Department of Transportation (ODOT) I-75 Brent Spence Bridge Corridor project. Funds would be used for personnel to coordinate with ODOT, local agencies and communities through multiple phases of the project that impact Cincinnati through the I-75 corridor. These funds may also be used to promote and enhance Cincinnati local streets within or adjacent to the ODOT project.

Purpose: The purpose of this project is to improve traffic flow in the I-75 corridor to the Ohio River.

Downtown and Uptown Wayfinding - COT MSI

Department: 230 Transportation & Engineering **Dept Priority:** 33 **Project Manager:** Strunc, Angie
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the design, engagement, engineering, and construction of a multi-modal wayfinding system that connects residents and visitors to major assets and amenities throughout our Downtown and Uptown neighborhoods. This new system will replace the existing aged and ineffective wayfinding signage and infrastructure. Downtown impacted neighborhoods include Riverfront, Central Business District, Over-the-Rhine, Mt. Adams, and West End. Uptown impacted neighborhoods include Avondale, Clifton, CUF, Coryville and Mt. Auburn, many of which are identified as underserved neighborhoods.

Purpose: The purpose of this project is to transform the existing Downtown and Uptown wayfinding signage system, which is in need of replacement due to aging, infrastructure changes, and new development. An integrated physical and digital wayfinding system will transform the City's ability to easily update messaging, remove user confusion, and maintain the system long-term. Advances in technology can provide Americans with Disabilities Act (ADA) accessible tools/content, support diverse mobility behaviors (e.g., walking, biking, public transportation), and provide Wi-Fi hot spots for underserved communities. A new system will effectively connect visitors and locals to key locations.

Downtown Infrast. Coord. & Implemtn

Department: 230 Transportation & Engineering **Dept Priority:** 30 **Project Manager:** Strunc, Angie
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for support of development activities within the Central Business District (CBD) and the Banks/Riverfront by planning and implementing streetscape and infrastructure improvements associated with redevelopment activities and in coordination with redevelopment activities in neighboring communities. This project will improve mobility, safety, and convenience for downtown workers, visitors, and residents. Project resources may be used to leverage additional public and/or private funding for infrastructure projects and construction.

Purpose: The purpose of this project is to support the planning, design, engineering, and inspection work related to various downtown development projects that require Department of Transportation and Engineering support. Projects may include work around important locations throughout the Central Business District (CBD), Over-the-Rhine (OTR), Pendleton, West End, and the Banks/Riverfront. Implementation can include pedestrian, bicycle, and other transportation improvements, including skywalks, wayfinding signs, gateways, greenways, and coordination with local and regional rail initiatives.

Lick Run Connector

Department: 230 Transportation & Engineering **Dept Priority:** 25 **Project Manager:** Goubeaux, Brian
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: New Infrastructure **End Date:** 6/30/31

Description:	This project will provide resources for the planning, design, right-of-way acquisition for and construction of bike and pedestrian facilities along the northside of Queen City between Sunset and White Street, along Sunset between Rapid Run and Queen City, along Rapid Run between Glenway and Sunset, and on Guerley between Dunham Way and Sunset.
Purpose:	The purpose of this project is to improve the mobility options for vulnerable users of the public space and connect the existing Lick Run paths and future Western Hills Viaduct pathway in South Fairmount, to the neighborhoods of Westwood, West Price Hill, and East Price Hill. The project is needed to provide an affordable, safe, and accessible transportation and recreation option for those directly in the project neighborhood, and those traveling through, connecting educational, shopping, employment centers and recreation destinations.

Minor Street Traffic Calming

Department: 230 Transportation & Engineering **Dept Priority:** 32 **Project Manager:** Johnston, Brad
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for upgrades to existing streets to reduce vehicular speed and can include minor improvements based upon safety and operational recommendations. This project includes all work necessary to plan, design, construct, and inspect the proposed improvements on the neighborhood streets, such as speed bumps, islands, bump-outs, and other calming methods.

Purpose: The purpose of this project is to provide funding for the neighborhood street calming program. This program will improve neighborhoods' livability by mitigating the impact of vehicular traffic on residential neighborhoods. The project supports safe and pleasant conditions for residents, bicyclists, and motorists on neighborhood streets.

Neighborhood Transportation Strategies

Department: 230 Transportation & Engineering **Dept Priority:** 43 **Project Manager:** Strunc, Angie
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the preliminary design, design, and construction of transportation improvements to support City transportation strategies. This includes context-sensitive design solutions for all transportation modes in connection with changes in land use, new development, and neighborhood initiatives. Project resources may be used to leverage additional public and/or private funding for infrastructure projects.

Purpose: The purpose of this project is to provide resources to review private and public development plans and to participate in a variety of projects, committees, and preliminary design strategies that affect the City and region's transportation network, including Ohio-Kentucky-Indiana Regional Council of Governments (OKI), Ohio Department of Transportation (ODOT), and Federal funding strategies for infrastructure improvements.

OKI Regional Coordination

Department: 230 Transportation & Engineering **Dept Priority:** **Project Manager:** Strunc, Angie
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the City's coordination with regional partners such as the Ohio-Kentucky-Indiana Regional Council of Governments (OKI), Transportation Improvement District (TID), Uptown Consortium, University of Cincinnati, Southwest Ohio Regional Transit Authority (SORTA), or the Ohio Department of Transportation (ODOT). This project supports City staff participation in various regional transportation strategies and preliminary design that impact the City. Project resources may be used to leverage additional public and/or private funding for infrastructure projects and construction.

Purpose: The purpose of this project is to provide staff participation to support various transportation planning, preliminary design strategies, design and construction projects to improve transportation in the City and the region in coordination with regional partners.

Safety Improvements

Department: 230 Transportation & Engineering **Dept Priority:** 28 **Project Manager:** Kolks, Morgan
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources to upgrade existing streets that require minor improvements based on safety and operational recommendations. This project includes all work necessary to plan, design, construct, and inspect proposed improvements, such as islands, bump-outs, and other channelization methods. This project also includes aesthetic and other required elements to improve the neighborhood transportation network. Project resources may also be used to leverage additional public and/or private funding for infrastructure projects and construction.

Purpose: The purpose of this project is to make minor safety improvements to streets that do not generally qualify for outside funding. This project coordinates efforts with other projects (e.g., the Street Rehabilitation Program) or stands alone to construct safety improvements to maximize funding allocations.

Sidewalk Repair Program

Department: 230 Transportation & Engineering Dept Priority: 29 Project Manager: Strunc, Angie
 Agency: 232 Transportation Planning Agency Priority: Start Date: 7/1/26
 Exp Category: Infrastructure(Smale Commission) End Date: 6/30/31

Description: This project will provide resources for the repair, reconstruction and construction of sidewalks, driveways, curb ramps and curbs that are the responsibility of the City of Cincinnati. This project supports the labor, materials, and technologies needed to plan, design, build, and inspect the proposed improvements.

Purpose: The purpose of this project is to improve the quality of pedestrian and vehicular access within the City of Cincinnati. The project will provide resources to improve Americans with Disabilities Act (ADA) access through construction of curb ramps and reconstruction of defective sidewalks that are the City's responsibility.

Speed Hump Modernization - COT DM

Department: 230 Transportation & Engineering **Dept Priority:** 48 **Project Manager:** Strunc, Angie
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for reconstruction of over 400 existing asphalt speed humps installed in residential neighborhoods to support street calming. Speed humps are existing in 26 neighborhoods throughout Cincinnati with over 200 speed humps located in 15 different underserved neighborhoods.

Purpose: The purpose of this project is to support neighborhood livability and safety for all users by mitigating the impact of vehicular traffic in residential areas. The project would replace or enhance asphalt speed humps that have exceeded their 15-year life expectancy.

State to Central: Building Better Neighborhoods

Department: 230 Transportation & Engineering Dept Priority: 2 Project Manager: Kolks, Morgan
 Agency: 232 Transportation Planning Agency Priority: Start Date: 7/1/26
 Exp Category: Infrastructure(Smale Commission) End Date: 6/30/31

Description: This project will provide resources to convert Linn Street to a complete street in the West End neighborhood. It will implement streetscape and pedestrian safety/traffic calming techniques in the Lower Price Hill neighborhood and install protected bike facilities along West 8th Street through the Queensgate neighborhood. This project will provide the local matching funds needed to leverage grant resources.

Purpose: The purpose of this project is to make traffic safer in the West End, Lower Price Hill, and Queensgate neighborhoods.

Westwood Town Hall Streetscape - CBR

Department: 230 Transportation & Engineering **Dept Priority:** 40 **Project Manager:** Stine, Jeff
Agency: 232 Transportation Planning **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for Westwood to continue previously constructed streetscape improvements along Harrison Avenue within the Westwood Town Hall Historic Neighborhood Business District (NBD). The proposed project boundary is along the north side of Harrison from Epworth Avenue to Montclair Avenue and along the south side of Harrison from Urwiler to Statham Avenue. The scope of work will include the planning, design, and construction of vehicular traffic calming and pedestrian safety streetscape improvements utilizing Complete Street strategies.

Purpose: The purpose of this project is to calm vehicular traffic, improve pedestrian safety, and support economic development.

Baltimore Ave Landslide - COT DM

Department: 230 Transportation & Engineering **Dept Priority:** 13 **Project Manager:** Hamant, Cris
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources to repair and stabilize a section of Baltimore Avenue, north of Yoast Avenue, that is being damaged by a landslide.

Purpose: The purpose of this project is to maintain the roadway and reduce the frequency of repairs needed to keep the pavement smooth. In addition to uneven pavement, the movement has the potential to result in significant utility disruptions. The project is located in the East Westwood neighborhood.

Curb Ramps - Street Rehab CSR

Department: 230 Transportation & Engineering **Dept Priority:** 14 **Project Manager:** Russel, Jennifer
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the construction, repair, and replacement of curb ramps throughout the City in concert with streets repaired under the Street Rehabilitation Program and locations where ramps need to be installed/upgraded, as identified through the City's Citizen Service Request (CSR) System. These curb ramps, constructed at intersections, improve pedestrian access along City streets for citizens with disabilities. This project supports labor, materials, and technologies needed to plan, design, build, and inspect this construction.

Purpose: The purpose of this project is to meet federal and state laws by improving accessibility for people with disabilities. The Americans with Disabilities Act requires the City to upgrade existing ramps and to install ramps at additional locations. This project allows the City to comply with the requirements of Section 4.29 of Title 28 of the Federal Regulations Part 36A-Americans with Disabilities Act Accessibility Guidelines (ADAAG), which became effective July 26, 2001.

Glenway Avenue Landslide Rehabilitation - COT DM

Department: 230 Transportation & Engineering Dept Priority: 54 Project Manager: Hamant, Cris
 Agency: 233 Engineering Agency Priority: Start Date: 7/1/26
 Exp Category: Infrastructure(Smale Commission) End Date: 6/30/31

Description: This project will provide resources for local matching funds for either an Ohio Public Works Commission (OPWC), Metro Transit Infrastructure Fund (MTIF), or other grant to rehabilitate and stabilize a section of Glenway Avenue, between Wilder Avenue and Sterrett Avenue, that is being damaged by a landslide.

Purpose: The purpose of this project is to maintain the roadway and reduce the frequency of repairs needed to keep the pavement smooth. In addition to uneven pavement, the movement has the potential to result in significant utility disruptions. The project is located in the East Price Hill neighborhood.

Hillside Stairway Rehabilitation

Department: 230 Transportation & Engineering **Dept Priority:** 45 **Project Manager:** Hamant, Cris
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the inspection, rehabilitation, replacement, and/or removal of the City's hillside stairways. This project supports the labor, materials, and technology needed to inspect, plan, design, acquire right-of-way, and build or remove these assets.

Purpose: The purpose of this project is to preserve and enhance pedestrian access to homes, businesses, churches, schools, playgrounds, bus stops, and other facilities or to remove these connections if requested by the community and directed by the City Council.

Lafayette Lane Landslide Rehabilitation - COT DM

Department: 230 Transportation & Engineering Dept Priority: 24 Project Manager: Hamant, Cris
 Agency: 233 Engineering Agency Priority: Start Date: 7/1/26
 Exp Category: Infrastructure(Smale Commission) End Date: 6/30/31

Description: This project will provide resources to rehabilitate and stabilize a section of Lafayette Lane near the intersection with Lafayette Circle that has been damaged by a landslide.

Purpose: The purpose of this project is to maintain the roadway and reduce the frequency of repairs needed on the one lane road that provides the only access to the seven houses on the roadway. The project is located in the Clifton neighborhood.

Pavement Management

Department: 230 Transportation & Engineering **Dept Priority:** 17 **Project Manager:** Ertel, Chris
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for a pavement management system and includes a thorough inspection and evaluation of all streets each year. These inspections are used to measure the condition of City streets, to better measure the effectiveness of rehabilitation and maintenance programs, and to guide selection of streets for the Street Rehabilitation Program. This project supports the labor, materials, and technology needed for this project.

Purpose: The purpose of this project is to identify the condition of Cincinnati's streets and guide decisions on the appropriate time for and type of treatment, including reconstruction, rehabilitation, resurfacing, slurry seal, crack seal, and rejuvenation. Additionally, there is a federal standard (GASB 34) that requires that the entire street system be inspected on a three-year cycle to evaluate the conditions of public transportation assets.

Spot Infrastructure Replacement

Department: 230 Transportation & Engineering **Dept Priority:** 22 **Project Manager:** Flading, Joe
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the replacement of deteriorated infrastructure not covered under other capital projects, including curb replacements, major pavement repairs on streets not requiring rehabilitation, and median reconstruction. This project also provides resources for pavement treatments, including pavement rejuvenation, crack sealing, and microsurfacing needed to supplement and extend the Street Rehabilitation Program. This project supports the labor, materials, and technologies needed to plan, design, acquire right-of-way, build, and inspect the proposed improvements.

Purpose: The purpose of this project is to address citizen concerns about isolated infrastructure deficiencies (e.g., curb, median, and pavement) that do not fit into other capital programs and to extend the useful life of pavements through use of rejuvenators, slurry seals, and other pavement treatments. This project improves responsiveness to citizen requests for repair and preserves pavement assets.

Spring Lawn Ave Bridge Replacement - COT MSI

Department: 230 Transportation & Engineering **Dept Priority:** 44 **Project Manager:** Lecrone, Brandon
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for replacement of the existing deteriorated bridge on Spring Lawn Avenue over Ludlow Run in the neighborhood of Northside.

Purpose: The purpose of this project is to improve public safety and modernize the City's bridge infrastructure by providing a new bridge meeting modern safety standards. The new bridge will eliminate the weight limit for emergency vehicles currently imposed on the bridge, upgrade the substandard railing, and present an opportunity to add or allow for future expansion of pedestrian and bicycle facilities.

Stillwell Road Bridge Replacement - COT MSI

Department: 230 Transportation & Engineering **Dept Priority:** 43 **Project Manager:** LeCrone, Brandon
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for replacing the existing Stillwell Road bridge over Amberly Creek, which is nearing the end of its useful life. This project is located in the Roselawn neighborhood.

Purpose: The purpose of this project is to improve public safety and modernize the City's bridge infrastructure by providing a new bridge meeting modern safety standards, including upgrading the substandard railing for both vehicles and pedestrians, eliminating the weight limit currently imposed on the bridge due to its poor condition, and maintaining dependable and safe access for the approximately 70 homes on this no-outlet street for which the bridge is the only access.

Street Improvements

Department: 230 Transportation & Engineering **Dept Priority:** 7 **Project Manager:** Kelly, Chris
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for improvements to the through street system to increase safety and/or capacity and to support new housing and/or economic development. Project resources help leverage outside funding for specific projects from sources such as the Ohio Public Works Commission's State Capital Improvement Program (SCIP)/Local Transportation Improvement Program (LTIP), as well as Ohio Department of Transportation (ODOT) and Federal Highway Administration (FHWA) funds. Project resources support labor, materials, tools, and technologies needed to plan, design, build, and inspect these improvements.

Purpose: The purpose of this project is to improve safety and capacity on roadways with documented safety or congestion on existing through streets. Upgrades or improvements are also performed in conjunction with new housing and economic development. These resources are successfully used to advance design as needed to leverage outside funds.

Street Rehabilitation - COT DM

Department: 230 Transportation & Engineering **Dept Priority:** 6 **Project Manager:** Ertel, Chris
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the systematic repair and resurfacing of streets throughout the City under the Street Rehabilitation Program. This project supports repairs to curbs, pavements, and roadway resurfacing. Project resources are also used to match funding from other sources including the Ohio Public Works Commission and the Ohio Department of Transportation. These leveraged funds are used to rehabilitate additional streets. This project supports the labor, materials, and technologies needed to plan, design, build, and inspect this construction.

Purpose: The purpose of this project is to improve safety for motorists and quality of life in neighborhoods by preserving and upgrading street pavement and curbs on over 985 miles of streets. These streets have an area of approximately 2,900 lane-miles (a lane mile is an area equivalent to a one-mile long by ten-foot wide lane) with a replacement value of \$3.6 billion. Additional outside funding is sought to maximize the number of streets being rehabilitated, micro-surfaced or slurry sealed in any given year (in an effort to attain City Council's 100 lane mile goal). Street Rehabilitation designs should follow the National Association of City Transportation Officials Urban Design Guide where deemed appropriate.

Wall Stab. & Landslide Correction - CSR

Department: 230 Transportation & Engineering **Dept Priority:** 11 **Project Manager:** Hamant, Cris
Agency: 233 Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the inspection, rehabilitation, and replacement of retaining walls and appurtenances thereto and provides funding to stabilize landslides affecting the right-of-way at various citywide locations. This project funds labor, materials, tools, and technology needed to plan, design, acquire right-of-way, build, inspect, and maintain retaining walls and other hillside stabilization systems. The installation and reading of various monitoring devices installed on marginally stable slopes throughout the City is also included.

Purpose: The purpose of this project is to preserve and improve the safety and stability of the City's public transportation system. Landslides and retaining walls are commonplace in the City of Cincinnati because of geology, topography, and former development practices. Timely replacement of deteriorated retaining walls and appurtenances thereto, and the stabilization and or removal of landslides is essential to protect the transportation and utility infrastructure and prevent hazardous conditions within the right-of-way.

Computerized Traffic Signal System - CSR

Department: 230 Transportation & Engineering **Dept Priority:** 12 **Project Manager:** Hines, Curtis
Agency: 239 Traffic Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the completion of the remaining portions and to upgrade existing portions of the computerized traffic signal system, as recommended by the Infrastructure Commission. The project will provide responsive control of traffic signals throughout the City. This project will also provide and upgrade computer equipment and software for those tasks directly related to the project including the replacement of the system specific hardware and software.

Purpose: The purpose of this project is to enable the City's traffic signal system to be more functionally responsive to changeable traffic demands by funding the purchase of electronic solid state equipment. The project would also fund the purchase of adaptive traffic control equipment. Approximately 50 controllers would be placed in service each year.

Department: 230 Transportation & Engineering **Dept Priority:** 20 **Project Manager:** Hines, Curtis
Agency: 239 Traffic Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the design, planning, installation, replacement, expansion, and modernization of the City's electric street light infrastructure. This project also includes the conversion of City fixtures as well as assessed street light fixtures to LED where applicable.

Purpose: The purpose of this project is to provide street lighting on City streets in order to promote public safety. Conversion to LED is consistent with City Council direction under Ordinance No. 0008-2014, reference document number 2018000352, and the 2018 Street Light Audit conducted by the City's Internal Auditor.

Traffic Control Device Installation & Renovation

Department: 230 Transportation & Engineering **Dept Priority:** 21 **Project Manager:** Hines, Curtis
Agency: 239 Traffic Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for approved traffic control devices, including raised pavement markers, reflective raised separators, rumble strips, attenuation devices or hazard markers typically installed in curves, and other roadway areas where the visibility or normal painted markings is not sufficient. These traffic control devices are installed in areas with high crash rates and on streets that are not on the street rehabilitation six-year plan.

Purpose: The purpose of this project is to provide traffic control devices for overall crash prevention program countermeasures. These traffic control devices increase the target value of the pavement markings and are used as an overall crash prevention program. These devices provide guidance to motorists and provide a greater conspicuity in difficult weather conditions.

Traffic Signals Infrastructure - CSR

Department: 230 Transportation & Engineering **Dept Priority:** 3 **Project Manager:** Hines, Curtis
Agency: 239 Traffic Engineering **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the design, planning, installation, rehabilitation, replacement, expansion, modernization, and inspection of traffic signal, overhead sign, and school flasher infrastructure.

Purpose: The purpose of this project is to provide for the timely replacement, installation, and inspection of new, deteriorated, or obsolete traffic signal, overhead sign, and school flasher infrastructure and equipment.

Convention Center Improvements

Department: 240 Enterprise Services **Dept Priority:** Jackson, Javarious
Agency: 243 Convention Center **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for improvements to the convention center facility including, but not limited to, restroom facility expansion, lighting upgrades, security enhancements, and other facility improvements, as necessary.
Purpose: The purpose of this project is to maintain the standard of excellence in providing a top rated convention facility.

Spot Infrastructure Replacement - CSR

Department: 250 Public Services **Dept Priority:** 15 **Project Manager:** Bolden, Jarrod
Agency: 252 Traffic And Road Operations **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the replacement of deteriorated infrastructure not covered under other capital projects, including curb replacements, major pavement repairs on streets not requiring rehabilitation, and median reconstruction. This project also provides resources for pavement treatments, including pavement rejuvenation, crack sealing, and microsurfacing. This project supports the labor, materials, and technologies needed to plan, design, acquire right-of-way, build, and inspect the proposed improvements.

Purpose: The purpose of this project is to address citizen concerns about isolated infrastructure deficiencies (e.g., curb, median, and pavement) that do not fit into other capital programs and to extend the useful life of pavements through use of rejuvenators, slurry seals, and other pavement treatments. This project improves responsiveness to citizen requests for repair and preserves pavement assets.

City Facility Renovation and Repairs - COT DM

Department: 250 Public Services **Dept Priority:** 2 **Project Manager:** France, Cynthia
Agency: 255 City Facility Management **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the continuation of ongoing repairs, alterations, and upgrades to City facilities such as those used by Police, Fire, and Public Services.

Purpose: The purpose of this project is to continue renovations, system replacements, repairs, and upgrades in General Fund City facilities. The Division of City Facility Management maintains and upgrades nearly 80 facilities for Police, Fire, Public Services, City Hall, and Fountain Square. CFM works to keep systems current with future operations considered. Renovations will modernize facilities to extend their useful lives for the next 20 years. Replacements deal with system out of lifecycle and repairs deal with daily wear and tear on the buildings. This continual, yearly work needs to occur until a building is operationally obsolete and a replacement facility can be designed and built.

Fire Station Replacement - COT MSI

Department: 250 Public Services **Dept Priority:** 18 **Project Manager:** France, Cynthia
Agency: 255 City Facility Management **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for the replacement of outdated fire stations.

Purpose: The purpose of this project is to replace outdated fire stations to improve effectiveness for operational use and meet all current earthquake standards for Emergency Shelter Facilities as well as be designed with drive-thru Apparatus Bays. City firehouses have gone through major renovations in past years but are proving to be less effective for operational use. The new firehouses will be built to meet all current earthquake standards for Emergency Shelter Facilities and designed with a drive-thru apparatus bays.

Police Property Room Facility & ECC Renovation

Department: 250 Public Services Dept Priority: 5 Project Manager: France, Cynthia
 Agency: 255 City Facility Management Agency Priority: Start Date: 7/1/26
 Exp Category: Infrastructure(Smale Commission) End Date: 6/30/31

Description: This project will provide resources for a property room for the Cincinnati Police Department and Emergency Communications Center (ECC) renovations.

Purpose: The purpose of this project is for the construction of a property room to provide for proper security, ventilation and backup power of evidence maintained that includes firearms, drugs, and cold storage items such as DNA material, rape kits, and fetal samples. This project would also include the renovation of the ECC, relocation of the police storeroom to a new location with the Police property room and renovation of the current space for the police storeroom at 801 Linn Street to expand the back-up ECC and other related improvements.

Fleet Replacements

Department: 250 Public Services **Dept Priority:** 3 **Project Manager:** Norton, Liam
Agency: 256 Fleet Services **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Equipment **End Date:** 6/30/31

Description: This project will provide resources for the purchase of replacement automotive and motorized equipment for City agencies supported by the General Fund. This funding will be used to replace vehicles and equipment in any of the following major classes: garbage packers, fire pumpers and ladders, ambulances, dump trucks, police beat cars, administrative cars, pickup trucks, vans, horticultural equipment, and large and small specialized equipment. This program will prioritize electric and hybrid vehicle replacements for administrative cars and other applicable vehicles whenever life-cycle cost-effective options exist.

Purpose: The purpose of this project is to provide the City's General Fund agencies with motorized equipment and an efficient automotive fleet that performs at the lowest possible operating and maintenance costs. This project will replace equipment at the prescribed lifecycle. New equipment will help achieve the goal of a cleaner and more fuel efficient fleet. Departments are also able to improve operations when fewer vehicles are out of service for repairs. Increased fuel efficiency, including reviewing hybrid vehicle options, will be a priority of this program.

Fleet Telematics and GPS Improvements

Department: 250 Public Services **Dept Priority:** 10 **Project Manager:** Norton, Liam
Agency: 256 Fleet Services **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Software & Information Systems **End Date:** 6/30/31

Description: This project will provide resources for global positioning system (GPS) technology capable of providing better quality data and supporting a reliable telematics platform integration with the City's routing systems.
Purpose: The purpose of this project is to improve Fleet Services operations through effective use of technology. With improved telematics capabilities, Fleet Services will improve preventative maintenance, provide more accurate data on utilization, and ensure effective integration with the City's routing platform.

Firefighter PPE

Department: 270 Fire **Dept Priority:** 2 **Project Manager:** Wilson, LaShaon
Agency: 271 Fire - Response **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Equipment **End Date:** 6/30/31

Description: This project will provide resources for the replacement of firefighter turnout gear, fire helmets, bomb squad gear, and other pieces of personal protective equipment according to National Fire Protection Association standards.

Purpose: The purpose of this project is to remain compliant with the National Fire Protection Association and ensure firefighter safety. CFD must systematically replace approximately 200 sets of turnout gear a year. The systematic replacement of 200 sets per year keeps the standard-compliant turnout gear in service for CFD firefighter/medics and helps ensure an adequate cache of reserve gear damaged beyond repair and/or in case an unexpected larger need arises due to atypical fireground, technical rescue and/or emergency medical hazards that occur over the course of a year for the CFD. Note: Some PPE is damaged with the useful life ending prematurely due to atypical fireground, technical rescue, and/or emergency medical hazards that occur over the course of a year for the CFD.

Parking Facility Upgrades

Department: 240 Enterprise Services **Dept Priority:** 2 **Project Manager:** Fortinberry, Dan
Agency: 248 Parking Facilities **Agency Priority:** 2 **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for off-street parking facilities including asphalt resurfacing, concrete restoration and replacement, installation of security improvements like lighting and cameras, installation of fencing and other parking area barrier controls.

Purpose: The purpose of this project is to provide upgrades to parking facilities not inclusive of normal maintenance and repair items that are funded in the operating budget and are anticipated to have a useful life of at least 10 years.

Airport Infrastructure Improvements

Department: 230 Transportation & Engineering Dept Priority: 46 Project Manager: Edrosa, Jaime
 Agency: 234 Aviation Agency Priority: Start Date: 7/1/26
 Exp Category: Infrastructure(Smale Commission) End Date: 6/30/31

Description: This project will provide resources for improvements to Lunken Airport that are not typically funded by the Federal Aviation Administration (FAA) or Ohio Department of Transportation (ODOT). Improvements will include, but are not limited to, rubber removal, striping, airfield and wayfinding signage, security improvements, vehicular parking lot improvements/ expansion, Airport Road improvements, flood control improvements, and various airfield pavement/drainage improvements.

Purpose: The purpose of this project is to make improvements (airfield and non-airfield) to the airport's infrastructure to ensure an operationally efficient and aesthetically pleasing public airport. This project will also allow the City to meet its commitment to the FAA to maintain a safe and secure facility.

Facility Improvements

Department: 230 Transportation & Engineering **Dept Priority:** 58 **Project Manager:** Edrosa, Jaime
Agency: 234 Aviation **Agency Priority:** **Start Date:** 7/1/26
Exp Category: Infrastructure(Smale Commission) **End Date:** 6/30/31

Description: This project will provide resources for improvements to airport-owned facilities at Lunken Airport that will include, but are not limited to, the following: roofing, plumbing, electrical, ADA wheelchair access, building code upgrades, heating, ventilation and air conditioning (HVAC) improvements, as well as window replacements. The facilities include the Airport Administration Building, City-owned hangars, and the Air Traffic Control Tower and Maintenance Shop. This capital project will cover expenditures such as equipment, engineering and construction items.

Purpose: The purpose of this project is to make improvements to the airport's facilities, not funded by the Federal Aviation Administration (FAA). These improvements will serve to preserve the facilities and reduce the operation expenses associated with deteriorated/inefficient facilities. The project would also ensure that the facilities are brought up to current code standards.

Neighborhood Development Funding - Housing SHPIF

Department: 100 City Manager **Dept Priority:** 4 **Project Manager:** Rudd, Brandon
Agency: 105 Office of Strategic Growth **Agency Priority:** 4 **Start Date:** 7/1/26
Exp Category: Housing Neighborhood Development **End Date:** 6/30/31

Description: This project will provide resources for strategic investment to housing projects throughout the City's neighborhoods. The program will support the rehabilitation or new construction of market rate, workforce, and affordable rental and home ownership units as well as permanent supportive housing.

Purpose: The purpose of this project is to provide leveraged investment in City neighborhoods in order to create diverse housing options to residents at all stages of life.

GLOSSARY OF TERMS

ACCRUAL BASIS: Refers to the timing of the recognition (recording) of revenues and expenditures or expenses. Revenues are recognized in the period in which they are earned, and expenses are recognized in the period in which they are incurred in earning the revenue.

ACFR: See Annual Comprehensive Financial Report.

ADOPTED BUDGET: The budget as approved by the City Council at the beginning of the fiscal year.

AGENCY: An organizational entity of the City of Cincinnati. Usually, it relates to sub-units of Departments of the City (such as the Investigations Bureau in the Cincinnati Police Department, or Neighborhood Operations in the Department of Public Services, etc.). Departmental budgets are appropriated by agency.

AMERICAN RESCUE PLAN (ARP): An act signed into law in March 2021 to address the economic impact of the COVID-19 pandemic in the United States. The federal law provided \$1.9 trillion in stimulus funding with \$350 billion for state and local governments.

ANNUAL COMPREHENSIVE FINANCIAL REPORT (ACFR): A report that summarizes financial data for the previous fiscal year in a standardized format.

APPROPRIATION: Legislation by the City Council approving the budgets for individual funds. Appropriation ordinances authorize spending in the personnel services, non-personnel services, employee benefits, equipment accounts, debt service, and capital categories. Departments cannot spend more money than is approved in these categories. Appropriations can only be adjusted by passage of a subsequent ordinance by the City Council upon recommendation by the City Manager.

ASSET: Includes items that normally last more than one year and cost more than a predetermined dollar amount. The predetermined amount established for the City is \$5,000. Items not meeting both criteria should be classified as operating expenditures.

BALANCED BUDGET: A budget where anticipated revenues match anticipated expenditures, resulting in neither a deficit or surplus at the end of the fiscal year.

BASE BUDGET: See Continuation Services Budget.

BIENNIAL BUDGET: A budget for a two-year period. The City of Cincinnati's biennial schedule was initiated in 1993. The biennial budget cycle is Fiscal Years 2014/2015, 2016/2017, 2018/2019, 2020/2021, 2022/2023, 2024/2025, 2026/2027 and so on.

BOND: A long-term promissory debt obligation issued to generate financing for the construction, rehabilitation, or upgrade of City assets or infrastructure. The sale of bonds is the primary method of financing a capital program.

BOND (CREDIT) RATING: The grading of a debt security with respect to the issuer's ability to meet interest and principal requirements in a timely manner. The three major rating services, Fitch, Moody's, and S&P Global, use AAA as their highest rating and grade down through Bs and Cs. (D is used only by Fitch.) Debts rated AAA, AA, A, and BBB are considered investment-grade. Higher rated bonds have lower interest rates, and therefore provide lower returns, the price an investor pays for reduced risk.

BUDGET: A comprehensive financial plan of operations that attempts to rationalize the allocation of limited revenues among competing expenditure requirements for a given time period.

BUDGET UPDATE: A budget that is completed in the second year of the biennial budget process in order to provide a more current and accurate view of the budget. The budget update cycle is Fiscal Years 2015, 2017, 2019, 2021, 2023, 2025, 2027 and so on.

CAPITAL IMPROVEMENT PROGRAM (CIP): The six-year plan for capital investment in Cincinnati's future through improving City streets, bridges, recreation facilities, parks, health facilities and buildings, and other capital assets, all of which enhance the delivery of services. It coordinates the financing and timing of improvements to maximize their value to the public.

CAPITAL PROJECT FUND: Account for receipt and disbursement of resources used to acquire major capital assets through purchase or construction. Generally, this requires long-term financing such as a new building or the construction of a bridge. A Capital Project Fund would not be used to purchase automobiles, furniture, and minor equipment.

CAPITAL OUTLAY: Expenditure category for the cost of equipment, vehicles and other fixed assets (major object code 7600 in the Cincinnati Financial System).

CARRYOVER BALANCE: The net balance in a fund at the end of the fiscal year due to prior year net balance, savings (when total expenditures and encumbrances are less than the appropriations), canceled encumbrances (when a contract is completed for less cost than the encumbered amount or not needed at all), or revenues in excess of estimates for that year.

CDBG: See Community Development Block Grant.

CHRIS: See Cincinnati Human Resources Information System.

CINCINNATI BUDGET SYSTEM (CBS): An automated system used to prepare the biennial Operating and Capital Budgets and related reports. It is supported by the Cincinnati Financial System (CFS).

CINCINNATI FINANCIAL SYSTEM (CFS): An automated system to process financial transactions and prepare related reports. This system supports the Cincinnati Budget System (CBS).

CINCINNATI HUMAN RESOURCES INFORMATION SYSTEM (CHRIS): A citywide Web-based application used to manage and control personnel information and to process the City's payroll.

CIP: See Capital Improvement Program.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG): The Federal grant which supports housing, economic development, health and human services, and planning and administration.

CONSOLIDATED PLAN: The U.S. Department of Housing and Urban Development requires the submission of a consolidated plan for the following Federal entitlement grant programs: Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with Aids (HOPWA). The plan also provides the framework for competitive grant applications for other housing and community development programs.

CONTINUATION SERVICES BUDGET: A budget in which the City provides nearly the same level of services which were provided in the previous year while adjusting for inflation. Referred to as a base budget.

CONTRACT AGENCIES: The City contracts with some agencies to provide services, such as the Southwest Ohio Regional Transit Authority (SORTA). These entities are not City departments, nor do City employees operate them, but the services are paid for in part by City funds and grants received from the City.

CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY (CARES) ACT: An act signed into law in March 2020 to address the economic impact of the COVID-19 pandemic in the United States. The federal law provided \$2 trillion in stimulus funding with \$150 billion for state and local governments. In December 2020, lawmakers passed an additional \$900 billion coronavirus relief package tied to the omnibus Consolidated Appropriations Act of 2021.

DEBT: A debt is created when a creditor agrees to lend a sum of assets to a debtor. Repayment includes interest.

DEBT SERVICE: Scheduled payment of the interest and principal to bond holders which is necessary to retire bond indebtedness.

DEPARTMENT: A basic organizational unit of government which may be sub-divided into divisions, programs, and activities.

DEFERRED RETIREMENT OPTION PLAN (DROP): A voluntary plan for active members of the Cincinnati Retirement System (CRS) who are covered by the Collaborative Settlement Agreement (CSA) entered into by the City of Cincinnati on April 30, 2015. Those who enter the plan can delay their retirement and continue to work for the City of Cincinnati.

EARLY RETIRMENT INCENTIVE PROGRAM (ERIP): The City Manager's Early Retirement Incentive Program (ERIP) was offered in 2007 to employees with 28 years or more of service prior to January 1, 2008 and who are members of the Cincinnati Retirement System. The plan provided two years of service credit to employees who met the eligibility requirements. An Early Retirement Incentive Program (ERIP) was offered in FY 2021 to employees based on years of service and age and who are members of the Cincinnati Retirement System. The plan provided two years of service credit to employees who met the eligibility requirements. These programs were developed due to budgetary constraints and the Administration's desire to provide more efficient and economical City operations and avoid the necessity of layoffs.

EBR: See Executive Budget Review.

EBR-C: See Executive Budget Review - Capital.

EBRT: See Executive Budget Review Team.

EFR: See Executive Finance Review.

EPR: See Executive Performance Review.

EFFECTIVENESS MEASURE: Effectiveness or outcome measures are designed to report the results and accomplishments (including quality) of services provided. Examples could include the percentage of lane miles in good condition, or the number of residents rating City parks and recreation facilities as good or excellent.

EFFICIENCY MEASURE: Indicators measuring productivity. They are defined as indicators that measure the cost (whether in dollars or employee-hours) per unit of output or outcome. Indicates how well the organization is using its resources when compared to benchmarks. Examples could include the cost per million gallons of drinking water delivered to consumers, or the unit cost of each fire inspection.

ELECTRONIC GOVERNMENT: (E-Government) refers to a government that uses information and communication technology to provide and improve government services, transactions and interactions with citizens, businesses, and other arms of government.

EMERGENCY RESERVE ACCOUNT: Monies which are set aside within the General Fund to provide a reserve in case of a disaster or fiscal emergency.

EMERGENCY SHELTER GRANT (ESG): Federal funds to provide capital and operating support for emergency shelters and transitional housing for homeless individuals and families.

EMPLOYEE BENEFITS: City-contributed costs for pension and other benefits for City employees. Other benefits include health insurance, unemployment compensation, vision and dental insurance, deferred compensation, and the Public Employees Assistance Program (PEAP) (major object code 7500 in the

Cincinnati Financial System).

ENCUMBRANCE: An amount of money committed for the payment of goods or services ordered but not yet received.

ENTERPRISE FUNDS: A type of restricted fund which is used to account for the expenditures and revenues of enterprise operations such as the City’s Water Works Department and Parking Facilities Division. Enterprise funds are self-supporting from the sale of goods and services.

EQUIPMENT ACCOUNTS: Expenditure categories for “Motorized and Construction Equipment” (MCEA) and “Office and Technical Equipment” accounts (OTEA). MCEA is used for purchases of autos, trucks, backhoes, etc. OTEA is for desks, office partitions, calculators, etc.

ERIP: See Early Retirement Incentive Program.

ESG: See Emergency Shelter Grant.

ESTIMATED ACTUAL: Represents final adjustments made to the current year resources and expenditures based on actual prior year carryover balances, actual prior year cancellations, revised revenue estimates, and actual adjustments to current year appropriations. These current year adjustments are usually made in the final quarter of the fiscal year with the most current information available to be used to help project resources and expenditures for future years.

ESTIMATED PERSONNEL COSTS: This term is used in the Capital Budget to represent the estimated amount of personnel expenses in a capital project that will be used to reimburse the Operating Budget. Examples of personnel expenses that are reimbursable include, but are not limited to capital project management, management of outside contractors, and liaison work with grant organizations.

EXCEPTION REQUEST: Programs and/or items which are not included in the base requested or budget. These include new program proposals or extraordinary increases which could not be included in the budget target. Exception requests can be one-time or ongoing in nature.

EXECUTIVE BUDGET REVIEW (EBR): An opportunity for departments to justify their budget request for baseline services and request exceptions to supplement existing services or request new services. This is a component of Performance Based Budgeting.

EXECUTIVE BUDGET REVIEW - CAPITAL (EBR-C): An opportunity for departments to justify their capital budget requests with a particular focus on Cincy on Track (COT) spending for service delivery needs, neighborhoods, and underserved areas. This is a component of Performance Based Budgeting.

EXECUTIVE BUDGET REVIEW TEAM (EBRT): The members of this group are the City Manager, Assistant City Managers, Budget Director, Director of Finance, Assistant Director of Finance, Director of

Appendices

Appendix: Glossary of Terms

Human Resources, Chief Performance Officer, the Director of Grant Administration and Government Affairs, and Budget Supervisors. The EBRT is the City Manager's administration team to develop budget and policy recommendations for the City Council.

EXECUTIVE FINANCE REVIEW (EFR): An opportunity for the Department of Finance along with departments to review current fee schedules and charges for services considering the true cost of services and to provide better revenue estimates. This is a component of Performance Based Budgeting.

EXECUTIVE PERFORMANCE REVIEW (EPR): An opportunity for departments to tell their performance story by highlighting achievements, communicating challenges, and beginning the discussion of potential budget exceptions. This is a component of Performance Based Budgeting.

EXPENDITURE: The cost for the personnel, materials, and equipment required for a department to function.

FINANCIAL STATEMENTS: Formal records of an entity's financial activities. Includes a balance sheet (Assets minus liabilities = fund balance), and a statement of revenues and expenditures, and a statement of cash flows.

FISCAL YEAR (FY): Any 12-month period designated as a budget year. Cincinnati's fiscal year runs from July 1 through June 30.

FTE: See Full-Time Equivalent.

FULL-TIME EQUIVALENT (FTE): FTE is a measure of a position by its budgeted hours. For example, 1.0 FTE equals 2,088 hours and 0.75 FTE equals 1,566 hours for budgetary purposes.

FUND: A fiscal and accounting entity with a self-balancing set of accounts to record revenue and expenditures.

FUND ACCOUNTING: Accounting method of providing information on City receipts and disbursements in separate categories or "funds". Governments use fund accounting to segregate sources of revenue and the purposes for which they are to be used. For instance, Water Works Fund 101 only receives funds generated from water charges and only expends funds related to water system activities.

FUND BALANCE: A Budgetary Fund Balance is the difference between estimated revenues and appropriated expenditures. A non-budgetary fund balance is a residual account whose balance is the difference between the assets and liabilities of the organization. At the end of the fiscal year, revenues and expenditures are closed out to this account. The balance in the account is carried forward into the next budget year.

GAAP: See Generally Accepted Accounting Principles.

GASB: See Governmental Accounting Standards Board.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP): Includes the measurement and disclosure principles that apply to financial statement reporting. They govern the recognition of transactions (that is, they specify when a transaction will be recorded and the amounts to be recorded) and dictate the numbers and other information that must be presented in financial statements.

GENERAL FUND: This fund accounts for the current assets, current liabilities, revenues, and expenditures that arise from general government operations. The main revenue sources of this fund are income and property taxes.

GENERAL OBLIGATION (GO) BOND: Debt that is secured by the "full faith and credit" of the governmental unit. The payment of principal and interest on the debt is called servicing the debt.

GFOA: See Government Finance Officers Association.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB): The mission of the Governmental Accounting Standards Board is to establish and improve standards of state and local governmental accounting and financial reporting that will result in useful information for users of financial reports and guide and educate the public, including issuers, auditors, and users of those financial reports.

GOVERNMENT FINANCE OFFICERS ASSOCIATION (GFOA): The purpose of the Government Finance Officers Association is to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and practices and promoting them through education, training, and leadership.

GOVERNMENTAL FUNDS: Established to account for the receipt and disbursement of financial resources to provide services to the general public.

GRANT: Represents contributions or gifts of cash or other assets that must be used or expended for specified purposes, activities, or facilities.

HOME INVESTMENT PARTNERSHIPS PROGRAM: A Federal grant program to provide housing for low-income persons.

HOPWA: See Housing Opportunities for Persons With Aids.

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS (HOPWA): A Federal grant program to provide housing for persons with AIDS.

IJA: See Infrastructure Investment and Jobs Act.

INDEPENDENT AUDIT: An examination of financial statements conducted by an outside Certified Public Accountant (one not employed by the firm being examined) according to generally accepted auditing standards (GAAS) for the purpose of expressing an opinion as to whether the statements are a fair presentation in accordance with generally accepted accounting principles (GAAP).

INFRASTRUCTURE: Long-lived assets such as highways, bridges, buildings, and public utilities. A primary funding source for infrastructure maintenance is provided by a tax of one tenth of one percent on earned income, which was approved by voters in 1988. It is legally mandated that collection of this additional tax is subject to the City spending 90% of a base amount within three years. The base amount is calculated by an established formula. This budget and expenditures requirement to continue the 0.1% income tax is referred to as the “infrastructure mandate.”

INFRASTRUCTURE INVESTMENT and JOBS ACT (IIJA): An act signed into law in November 2021 to address transportation and other infrastructure needs in the United States. The federal law authorized \$1.2 trillion in total spending, including \$550 billion of new spending on hard infrastructure. Local governments are eligible to receive federal resources through a competitive grant process. Infrastructure needs addressed in this act include: Roads, bridges, public transit, freight rail, airports, electric vehicle, broadband internet, power infrastructure, and water storage and cleanliness.

INTERDEPARTMENTAL CHARGES: Accounts for the reimbursement of the cost of services provided to departments by other departments. For example, the Printing Services program might process an interdepartmental bill (I.D. bill) to charge the Recreation Department for printing a brochure.

INTERFUND TRANSFER: The reallocation of an existing appropriation within the fund based on renewing operational plans or need.

INTERNAL SERVICE FUNDS: A type of restricted fund used to finance and account for goods and services provided in-house by a City Department, such as the Fleet Services Fund.

LEVERAGED SUPPORT: Leveraged support is financial support from the City of Cincinnati to an external organization 1) as general operating support to fund their work in the City or 2) as funding for a specific program aimed at addressing a public need in the City. This does not include City funding of third parties to perform elements of City Operations-managing city-owned assets or programs.

LOCAL FISCAL RECOVERY FUND: Funding, totaling \$130.2 billion, earmarked in the American Rescue Plan (ARP) stimulus for State and Local Government relief from the coronavirus pandemic.

MERIT INCREASE: An increase to an individual's base pay rate based on performance.

MILL/MILLAGE: A tax that an owner pays based on the value of real estate or personal property being taxed. The tax rate on property is expressed in mills per dollar of the property's assessed value.

MISSION: The Mission Statement of an organization is a short but complete description of the overall purpose and intentions of that organization. It states what is to be achieved, but not how this should be done.

MODIFIED ACCRUAL BASIS: Revenues are recognized either when they are received in cash (licenses, fines, and so on) or when collection of the amount can be reasonably estimated to be received in the near future (such as property taxes). Expenditures are recognized in the period in which goods or services are received or a liability is incurred.

NON-DEPARTMENTAL: Accounts for expenditures that do not relate to any one specific department or activity. Instead, they benefit the organization as a whole.

NON-PERSONNEL SERVICES: Operating expenditure category for non-salary related items, such as office supplies, office space rental, contracts, computer costs, gasoline, etc. (major object code series 7200-7300-7400 in the Cincinnati Financial System).

OPERATING BUDGET: The budget which encompasses day-to-day municipal activities. The Operating Budget includes employee salaries, supplies, and other non-personnel items related to current activities. The Operating Budget also includes debt service and overhead costs for these operations.

OPERATING BUDGET IMPACT: The anticipated personnel or non-personnel costs and/or savings in the Operating Budget that can be attributed to a capital investment.

ORDINANCE: A formal legislative enactment by the governing board of a municipality. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies.

OTHER RESTRICTED FUNDS: Category of funds typically representing grants or single purpose funds which are restricted to meeting the operational requirements of the grants and/or contributions.

PERFORMANCE BASED BUDGETING: Performance Based Budgeting (PBB) is the incorporation of performance information into resource allocation decisions to better achieve the City's goals and objectives.

PERFORMANCE MEASURE: A quantifiable measure to assess how well the organization carries out specific functions or processes.

PERSONNEL SERVICES: Expenditure category for the cost of employee salaries and compensated absences such as vacation leave and sick leave (major object code 7100 in the Cincinnati Financial System).

POSITION VACANCY ALLOWANCE (PVA): An estimate of salaries that are not expected to be spent in a budgeted program due to employee retirements, resignations, terminations, and transfers to other City programs during the year. PVA is budgeted as a reduction from gross salaries.

Appendices

Appendix: Glossary of Terms

PRINCIPAL RESTRICTED FUNDS: Category includes major governmental and proprietary funds established to account for the revenue generated by the funds and expenses incurred from the operations of the funds.

PRIOR YEAR CANCELLATIONS: Obligations from previous fiscal years in the form of purchase orders, contracts, or salary commitments that have not been fully expensed and are terminated. These funds are returned to fund balance.

PRIOR YEAR ENCUMBRANCES: Obligations from previous fiscal years in the form of purchase orders, contracts, or salary commitments which are chargeable to an appropriation and for which a part of that annual appropriation has been reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.

PROGRAM: A group of similar activities, or a type of service, which is organized as a sub-unit of a department for planning and performance measurement purposes.

PROGRAM BUDGET: A budget grouped by similar activities, or type of service, which is organized as a sub-unit of a department for budgeting, planning, and performance measurement purposes.

PROPRIETARY FUNDS: Funds established to account for the delivery of goods and services to the general public (Enterprise Funds) or to other departments or agencies of the government (Internal Service Funds).

PVA: See Position Vacancy Allowance

RESERVE FOR CONTINGENCIES: An appropriation which is set aside for unanticipated or potential expense items that cannot be deferred until the next budget cycle. This is an account in the General Fund to enable the City Council to adjust the budget during the year without affecting other budgeted services.

RESOLUTION: A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

RESOURCES: Total dollars available for budget purposes including revenues, fund transfers, and beginning fund balances.

RESTRICTED FUNDS: Funds restricted to a specific purpose, such as Parking, Lunken Airport, Municipal Golf, etc.

REVENUE BOND: A revenue bond is a special type of municipal bond distinguished by its guarantee of repayment solely from revenues generated by the specified revenue generating entity associated with the purpose of the bonds. Unlike general obligation bonds, only the revenues specified in the legal contract between the bond holder and bond issuer are required to be used for repayment of the principal and interest of the bonds.

REVENUES: The annual income or receipts of the City from taxes, charges, and investments.

SERVICE CATALOG: The Service Catalog identifies individual services that each department provides (both internally and externally) and ties the services to performance measures and goals.

SERVICE GROUPS: The grouping of individual services that each department provides (both internally and externally) into categories. Service Groups are the mechanism by which performance and the budget are connected.

SHORT-TERM RENTAL EXCISE TAX: The City's 7% tax of gross revenues levied on short-term rentals defined as residential dwelling units offered to the public for rent for a duration of less than thirty consecutive days.

SPECIAL ORGANIZATIONAL REPORTING AUTHORITIES: Agencies of the City which include its various Boards and Commissions, as well as contract agencies and county-wide departments.

SPECIAL REVENUE FUND: Used to account for the proceeds of revenue sources (other than expendable trusts, or those used for major capital projects) that must be spent for a particular purpose. These funds should be used only when required by law, charter, or other commitment. The main purpose of separating these types of activities from those of the General Fund is to maintain control over the collection and use of specific sources of revenue.

STAFFING LEVELS: Estimated number of FTE needed to perform the work at a stated level of service.

STEP INCREASE: Periodic within grade increases of an employee's base pay by advancing from one step of the grade to the next higher step of that grade, after meeting requirements for length of service and satisfactory performance.

STRUCTURALLY BALANCED BUDGET: A budget that provides for annual recurring total expenditures and encumbrances which are equal to or less than the annual recurring revenue estimate for the fund.

TABLE OF ORGANIZATION (T.O.): The organizational structure of a department or agency's personnel.

TAXING AUTHORITY: A statutory authority given to a governmental body to levy and collect taxes for public purposes.

TRANSIENT OCCUPANCY TAX (TOT): The City's 4% tax levied on all rents received by a hotel for lodging furnished to transient guests. Tax receipts are dedicated to financing the operating and maintenance costs of the City's Convention Center, and to help finance the expansion of the Convention Center.

TRUST FUND: A fund to account for assets in which the City acts in a trustee capacity or as an agent for

Appendices

Appendix: Glossary of Terms

other governmental units. The Metropolitan Sewer District (owned by the County but operated by the City) and Pension Trust are examples of trust funds.

UNAPPROPRIATED SURPLUS: The amount of money in a fund not appropriated by the City Council. The balance remains in the fund until the City Council approves spending by passing an appropriation ordinance.

USER CHARGES/FEES: The payment of a fee for direct receipt of a public service by the party benefiting from the service.

VOLUNTARY TAX INCENTIVE CONTRIBUTION AGREEMENT (VTICA): A tax incentive policy that allows property owners in Downtown and Over-the-Rhine to receive tax abatements by entering into a Voluntary Tax Incentive Contribution Agreement with a non-profit organization. The property owner then reinvests a portion of the abatement value into the community, specifically to fund streetcar operations.

WORKING CAPITAL RESERVE: Monies which are set aside to provide a reserve in case of a disaster or fiscal emergency. The policy of the City Council is to maintain a balance in the Working Capital Reserve Fund between 5 and 8 percent of General Fund revenues in each year.

UNFUNDED ACTUARIAL ACCRUED LIABILITY: Results from a variety of factors, such as previous underfunding and benefit increases attributable to earlier years of service that have not yet been fully funded.
