MOTION, submitted by Councilmember P.G. Sittenfeld, WE MOVE that the City Administration prepare a report for City Council on the feasibility and advisability of permanently establishing the Twin Lakes area of Eden Park as being solely for the use of pedestrians and cyclists and remaining closed off to vehicular through-traffic. (STATEMENT ATTACHED)
April 15, 2020

MOTION

WE MOVE that the City Administration prepare a report for City Council on the feasibility and advisability of permanently establishing the Twin Lakes area of Eden Park as being solely for the use of pedestrians and cyclists, and remaining closed off to vehicular through-traffic.

Council Member P.G. Sittenfeld

STATEMENT

The City of Cincinnati continues to work to improve safety and quality of life by reducing pedestrian fatalities and injuries, and creating more public areas protected from vehicle traffic. The Twin Lakes area of Eden Park has now a had a trial period without vehicular through-traffic as a result of COVID-19 closures, and that temporary change should now be made permanent.
