STATEMENT, (EMERGENCY ORDER) submitted by Mayor John Cranley, Upon consultation with and at the request of the City Manager and Chief of Police and based upon the emergency declaration currently existing in the City of Cincinnati, which declaration pursuant to Article III of the City Charter was approved by the City Council and pursuant to Article XVIII of the Administrative Code of the City of Cincinnati, I hereby order the implementation of a curfew from 11 p.m. to 6 a.m. in the City of Cincinnati. The need for this order arises from destruction and violence in several areas of the City of Cincinnati, on May 29, 2020 through June 3, 2020; the threat of continued and escalating violence; the need for security and enforcement support for the Cincinnati Police Department;

These conditions presently constitute a clear and present danger to the health, safety and property of the citizens of Cincinnati and may require enhanced enforcement authority and security resources to protect the lives and property of those who live, work and do business in Cincinnati. Individuals are prohibited from appearing in the public spaces of the City of Cincinnati during the period of the curfew. This order is inapplicable to City of Cincinnati officials, members of the public safety forces, emergency personnel, health care professionals, essential workers, people experiencing homelessness and local government officials engaged in their lawful duties. MOTION, submitted by Councilmembers Sittenfeld, Seelbach, Young, Kearney and Landsman, Smart public policy certainly can't cure every evil or erase the hate in some people's hearts. But it can still do transformative good and we remain hungry, as does our community for new ideas. Here are policies and ideas that we either already support and will sponsor; policies where we need your help and advocacy; and policies which at minimum deserve consideration and review by our City Council in collaboration with the City Law Department: - Strengthening and funding the next phase of our city's Collaborative Agreement - Immediately reconvening the Manager's Advisory Group, the body responsible for providing guidance on policing - to allow for increased community involvement and civilian oversight - Fully funding the Citizen Complaint Authority - Passing an ordinance punishing 'knowingly or recklessly' reporting someone to the police on the sole basis of their race, gender or other bias - Expansion of our Bail Reform policy; Cincinnati City Council has instituted its first-ever bail reform legislation and we believe we should now expand it, ending the system of wealth-based detention. Furthermore, public pressure must be put on Hamilton County, which contains the Prosecutor's office, to do the same as that is where the majority of defendants are processed - Advocacy on next steps for divestment from the private prison industry. Cincinnati City Council has sponsored a divestment policy from private prisons. However, the Cincinnati Retirement System Board has not yet carried out our directive and they must be pressured to do so - Given current Constitutional prohibitions against residency requirements for Police Officers, finding creative ways to facilitate more officers living in the community that they police. The policy of awarding additional points to police applicants who come through our city's Public School safety academy is a good example of this - Similarly, we need to find legally allowable mechanisms to help the composition of our Police Department better reflect the demographics of our City (currently, Cincinnati is ~ 44% black, with a Police Department that is ~ 29% black) -Legislation making it illegal for the Police Department to hire officers who were previously fired or who resigned while being investigated for serious misconduct and/or excessive force - Legislation making it subject to a vote of the City Council for the Police Department to receive military weapons or equipment.
