MOTION, submitted by Vice Mayor Smitherman, WE MOVE that the City Administration evaluate options for removing the Southwest Ohio Regional Transit Authority ("SORTA") from its role as the operator of the City's streetcar system and establish direct City management of the Cincinnati Bell Connector. In order to allow for an informed debate on the merits of terminating SORTA as operator, we request the Administration answer the following questions: 1. Does SORTA desire to continue operating the streetcar? 2. What are the estimated budget (personnel, equipment) cost and indirect costs for the City to assume direct management of the Cincinnati Bell Connector? 3. What is the Federal Transit Administration's role in any such decision and do we know its general position on such a change? 4. What legal or contract considerations are necessary to be considered as part of this discussion? 5. What would be the steps and approximate timeline required to negotiate the termination of SORTA as operator and assume direct City management of the streetcar system? 6. What other considerations, if any should the City take into account?
