FOR YOUR INFORMATION MEMO

To: Mayor and Members of City Council
From: Patrick A. Duhaney, City Manager 
Copies: Markiea L. Carter, Director, Department of Economic Inclusion
Subject: **2019 1st Quarter Small Business Enterprise (SBE) Report**

Attached is the 2019 1st Quarter SBE Report. The quarterly SBE reports allow the City Administration to make an assessment of where it is in meeting the annual categorical goals and to strategize or plan for the months to follow. This quarterly report is being provided pursuant to CMC 323-1-S3. The City's aspirational annual SBE goals for City spend are 30% construction, 15% professional services and 15% supplies/services. Of the total City spend in Hamilton County for competitively let contracts in the first quarter of this year, which totaled \$41,675,094.66 certified SBEs, SLBEs and ELBEs received 8.23% of the construction spend, 11.62% of the professional services spend, and 13.90% of the supplies/services spend, which represents an overall participation of 9.73% (\$4,056,055.55) of the total City spend for all contract categories.

While the SBE program is a race- and gender-neutral program, the Department of Economic Inclusion tracks expenditures with SBEs by race and gender for those SBEs that voluntarily provide race and gender information. Of the total SBE spend in Hamilton County, 30.34% was paid to firms that self-identified as male- and minority-owned, 16.27% was paid to firms that self-identified as female- and minority-owned, 35.04% was paid to firms that self-identified as male- and Caucasian-owned, 16.28% was paid to firms that self-identified as female- and Caucasian-owned, and 2.07% was paid to firms that did not declare gender and/or ethnicity.

The City is statutorily required to pursue SBE participation on City contracts and report quarterly on utilization activity. This requirement precedes the City's new M/WBE Inclusion Program, on which we have and will continue to provide periodic reports. By design, the M/WBE and SBE policies and activities complement each other with an eye toward achieving overall balance between race/gender and non-race/gender objectives of the City inclusion values.

Additional detail regarding SBE spend, certifications, and outreach and capacity building is provided in the attached report.

Attachment

2019 1st QUARTER SBE REPORT

Presented by the City Manager and
the Department of Economic Inclusion

I. INTRODUCTION

The City of Cincinnati's Small Business and Local Business Enterprise Program is a race -and- gender neutral program that complements the City's race- and -gender-conscious Minority and Women Business Enterprise Program to maximize inclusion in City contracting. While the City historically has had a Small Business Enterprise (SBE) program, Chapter 323 of the Cincinnati Municipal Code was amended effective January 1, 2016 to, among other things, add a local business component with 2 additional certifications: Small Local Business Enterprise (SLBE), and Emerging Local Business Enterprise (ELBE) as defined below.

The data reporting contained herein is strategically focused on City spending linked with competitive transactions. It represents the spending associated with City contracts that were awarded through a competitive process for the purchase of goods and services, after the exclusion of certain categories of expenditures not considered for SBE, SLBE and ELBE spend reporting purposes. The quarterly reports will allow the City Administration to track performance in meeting its aspirational goals for SBE participation in City contract spend of 30% for construction, 15% for professional services, and 15% for non-professional services and supplies. The annual report provides cumulative data for the entire calendar year. All data reported herein is for the period January 1, 2019 through March 31, 2019.

II. DEFINITIONS

For purposes of this report, key words are defined by the Department of Economic Inclusion (DEI) as follows:

"Certified Spend" means total dollars paid to SBEs, SLBEs or ELBEs, less Exclusions.

"Emerging Local Business Enterprise" or "ELBE" means those independently owned and operated for-profit businesses with either a principal place of business¹ or a significant employee presence² within the geographic limits of the City of Cincinnati that have been in existence for fewer than five years, have had no more than 5 full-time employees at any given time, have had annual gross receipts averaged over the life of the business of no more than \$250,000, have not received more than \$250,000 in city payments in the year preceding the application for certification, and meet the other criteria of CMC § 323-1-E1.

"Exclusion" means (1) those expenditures that, by their nature, do not occur on a competitive basis;³ (2) those expenditures made to non-profits, other public agencies or to excluded vendors;⁴ (3)

¹ A principal place of business is a headquarters or physical office from which at least 50% of the gross revenues of the business are coordinated and generated. CMC § 323-1-P1.

² A business has a significant employee presence in the City if at least 25% of the total full- and part-time employees are domiciled within the City. CMC § 323-1-S2.

³ Examples of exclusions under this category include payments made by the City for personnel salaries, health care costs, tuition reimbursement, judgments, office rent, training, unemployment benefits, etc. Single Available Source and Direct Award contracts also are excluded under this category.

⁴ This includes payments made to non-profit organizations that receive operating funding from the City, the Cincinnati Public School Board, other municipalities, the state and federal governments, and other vendors specifically identified as providing goods or services outside of the competitive market.

expenditures associated with object codes within the City's coding system that do not fall into the classifications of construction, professional services, or non-professional services/supplies; and (4) voucher payments associated with utilities, travel, interdepartmental and "Finance use only" expenditures. Expenditures excluded during the 1st quarter of 2019 are shown in Attachment V.

"Small Business Enterprise" or "SBE" means those independently owned and operated for-profit businesses with fixed offices in Hamilton County for at least a year that have been in existence for at least one year, have had annual gross receipts and a number of employees averaged over the immediately prior 3 years that do not exceed the SBA size standards, have no owner (including spouse) with a personal net worth in excess of \$750,000, and meet the other criteria of CMC § 323-1-S3.

"Small Local Business Enterprise" or "SLBE" means those independently owned and operated for-profit businesses with either a principal place of business or a significant employee presence within the geographic limits of the City of Cincinnati that have been in existence for at least one year or have owners with at least 3 years of relevant experience, have had no more than 35 full-time employees at any given time during the immediately prior 3 years, have had annual gross receipts averaged over the immediately prior 3 years of no more than \$1,000,000, have not received more than \$500,000 in city payments in the year preceding the application for certification, and meet the other criteria of CMC § 323-1-S4.

"Total City Spend" or "Total Spend" means total dollars paid to all vendors, less Exclusions.

III. 1st Quarter 2019 SBE, SLBE and ELBE CERTIFICATION

As of March 31, 2019, there were 181 certified SBEs⁵ in a pool of approximately 14,039 vendors registered to do business with the City. The SBEs represent only about 1.29% of the total registered vendors. Although DEI continues regularly to process and approve both new and renewal SBE applications, this is a small decline in the number of firms with an active SBE certification as compared to the end of calendar year 2018, and a more significant decline in the total number of certified SBEs as compared to the years prior to the implementation of the MBE/WBE program. Some previously certified SBEs no longer meet the SBE program's personal net worth criteria for certification eligibility due to the financial success achieved by the owners of those firms. Other firms, that also are eligible for MBE or WBE certification, have elected not to provide the personal financial information needed for SBE consideration since they can be considered for certification under the MBE/WBE program without providing personal financial statements or personal income tax returns. Because the two programs offer very different contracting advantages, DEI continues to educate firms about each program and to encourage firms to submit the documents necessary for consideration for each certification type for which they may be eligible.

Of the 181 certified SBEs, 28 (15.47%) also are certified as SLBEs, and 4 (2.21% of all SBEs) are certified as both SLBEs and ELBEs as well. In addition, there are 11 certified SLBE firms that elected not to submit the personal financial statements required for SBE consideration. If there are a sufficient number of SLBEs

⁵ SBEs registered as MSD-SBEs, but not otherwise certified by the Department of Economic Inclusion (DEI) as SBEs, are not included in this number.

certified for work under a particular commodity code, appropriate contracts with a value of no more than \$250,000 can be let through the Sheltered Market Program in which competition is limited to City-certified SLBEs. Sheltered Market opportunities also are available for City-certified ELBEs for appropriate contracts valued at \$50,000 or less.

The SBE, SLBE and ELBE programs are race- and gender-neutral programs. However, certified firms are permitted to voluntarily self-identify ethnicity. A total of 70 (36.46%) of the firms certified under the Small Business Enterprise and Local Business Enterprise Programs of Chapter 323 self-identify as African American. Nine (4.69%) report their ethnicity as Asian, Asian-Pacific American, or Subcontinent Asian American, and 1 (0.52%) identifies as Hispanic American. There are 112 firms (58.33%) that self-identify as Caucasian. As of March 31, 2019, there were no firms that declined to provide ethnicity information.

Only those businesses geographically located within Hamilton County are eligible for certification as an SBE, provided they meet the other criteria set forth in CMC § 323-1-S3. Therefore, to accurately gauge progress toward meeting SBE goals, it is appropriate to compare SBE spend only with total City spend in Hamilton County.

IV. 1st Quarter SBE, SLBE and ELBE SPEND

A. General SBE, SLBE and ELBE Spend

From January 1, 2019 through March 31, 2019, 9.73% of the total City spend in Hamilton County was paid to SBE, SLBEs and ELBEs. The breakdown by contract type was 8.23% for construction, 11.62% for professional services, and 13.90% for non-professional services and supplies. SBE, SLBEs and ELBEs located within the geographical boundaries of the City of Cincinnati⁶ received 6.03% of the overall spend in Cincinnati, 3.13% of the construction spend, 4.82% of the professional services spend, and 17.85% of the non-professional services and supplies spend. Attachment I compares the total SBE/SLBE/ELBE spend to the total City vendor spend, broken down by geographic boundaries and contract type. Attachment IV provides a further breakdown of SBE spend by department. These reports are generated through the VCCS system supported by the B2Gnow software.

B. SBE, SLBE and ELBE Spend by Race and Gender

Although the SBE program is a race- and gender-neutral program, DEI tracks and reports by race and gender City expenditures with certified SBEs, SLBEs and ELBEs that have voluntarily provided race and gender information through the certification application process.⁷ Of the total SBE/SLBE/ELBE spend in Hamilton County, 30.34% was paid to firms that self-identified as male- and minority-owned, 16.27% was

⁶ The distinction between the City of Cincinnati and Hamilton County for spend reporting purposes is made by zip code, rather than by street address. For each zip code which lies partially within the City and partially outside the City, a determination had been made by DEI as to its classification as a City or County zip code solely for purposes of this spend breakdown by location. DEI utilizes a site-specific determination of location for purposes of certification eligibility.

⁷ Unlike the MBE and WBE certification process, race and gender information reported on the SBE application is not independently verified by DEI unless that business also is requesting consideration for MBE and/or WBE certification.

paid to firms that self-identified as female- and minority-owned, 35.04% was paid to firms that self-identified as male- and Caucasian-owned, 16.28% was paid to firms that self-identified as female- and Caucasian-owned, and 2.07% was paid to firms that did not declare gender and/or ethnicity. Attachment II provides a more detailed demographic breakdown of total SBE/SLBE/ELBE spend by voluntarily identified race and gender.

As compared to total City spend, 2.95% was paid to firms that self-identified as male- and minority-owned, 1.58% was paid to firms that self-identified as female- and minority-owned, 3.41% was paid to firms that self-identified as male- and Caucasian-owned, 1.58% was paid to firms that self-identified as female- and Caucasian-owned, and 0.20% was paid to firms that did not declare gender and/or ethnicity. Attachment III provides a more detailed demographic breakdown for the comparison with total City spend.

C. SLBE and ELBE Spend

Of the total SBE, SLBE and ELBE spend reported herein, \$1,701.00 was paid to an SLBE firm that elected not to submit the personal financial statements necessary for SBE certification consideration. No payments were made this quarter to any firm with an ELBE but not an SBE certification.

V. OUTREACH AND CAPACITY BUILDING HIGHLIGHTS

During the first quarter of 2019 DEI continued to engage in several outreach efforts to encourage eligible businesses to apply for certification and to help build the capacity of those businesses to perform on City contracts. This was especially true as DEI collaborated with some of its community partners to help small businesses in the region expand their opportunities.

A component of sustaining a structure for continued economic inclusion within the region is DEI's Information and Resource Session, formerly known as the Business Training Center. These classes are designed to help small, minority-owned and women-owned businesses better position themselves to take advantage of City procurement opportunities. DEI kicked off the spring series of classes with a class titled, "Discovering and Serving Your Niche". The class instructors were Amber Twitty from Make it Plain Consulting, and Mary Jane Good, from SCORE, who discussed how to identify what your business does best and make a strategic plan to focus and sell that.

In February, DEI held an Information and Resource Session, this time on "City Certifications and How They Can Work for You". This class provided an overview of the City's various certification programs, eligibility requirements, the distinct advantages of each certification type, and the obligations and responsibilities of certified firms. This was followed in March by a class on "Doing Business with the City of Cincinnati," led by Annette Gordon, of Purchasing. Ms. Gordon discussed how to navigate the solicitation process, how to respond to bids, and how to fill out various purchasing documents. The success of this class was recognized for the second year by the state and featured in the "Ohio SBE Doing Business with the City of Cincinnati Webinar". The webinar, hosted by DEI, Division of Purchasing and Department of Community and Economic Development is one of several Ohio SBE holds to promote its statewide "SBE Ohio Business Matchmaker" event in Dayton, Ohio in the month of March.

As part of the Information and Resource Session, DEI, along with the African American Chamber, Ohio Department of Transportation, and U.S. Small Business Administration, rolled out, once again, the “U.S. Department of Transportation Bonding Education Program.” This is the second year US DOT has brought the program to Cincinnati. The program is designed to address what businesses need to do to become bond-ready in order to compete for transportation-related contracts. On February 26, US DOT kicked off the program with an information session and introduced DEI as a local program partner.

As part of DEI’s continuing commitment to educate vendors with city contracts and subcontracts, DEI staff is providing hands-on training on the use of LCP Tracker, the on-line system for submitting certified payroll reports. Newly certified and recertified firms that perform work on City projects subject to state, federal, or local prevailing wage laws, are encouraged to attend these bi-monthly training classes. Two classes were held in the first quarter and are scheduled for the remainder of the year.

DEI is continuing its commitment to collaborate with some of its community partners to help small, businesses in the region expand their opportunities. In January, DEI attended an outreach session sponsored by Terrex Development & Construction and Messer Construction for the Uptown Gateway Development Project at the University of Cincinnati. Nearly 50 MBE/WBE firms turned out to learn about economic inclusion goals on this project and how to become involved.

DEI is leading the City’s efforts to ensure inclusion is a part of the multi-million-dollar FC Cincinnati stadium project. The first information session in 2019 was held on February 25 at Revelation Baptist Church with DEI staff in attendance. More than 60 representatives from various minority and woman owned businesses attended the session along with the African American Chamber, Turner Construction, and Jostin Construction.

At the end of February, DEI, along with DCED, US Small Business Administration, Minority Business Assistance Center, and the Cincinnati African American Chamber held its 2nd annual “Celebration of African American Small Business Achievement & Resource Exhibit” at Mercy Health. This networking event allowed minority and woman businesses of all sizes to network while celebrating the achievements of firms that have overcome adversity and other obstacles to success. The keynote speaker, Kea Frazier, Chief Financial Officer of Frazier homes, the first minority-owned business to be featured in Home-A-Rama spoke on perseverance and focus. Nine minority-owned firms were recognized for being in business for 25+ years. More than 75 people attended this event.

Continued participation in community events is critical to maintain relationships and make new connections to ultimately sustain the growth of the City’s inclusion programs. In March, DEI had multiple opportunities to share information on the City’s certification program. The first event was part of Cincinnati Metropolitan Housing Authority’s Sutterview Redevelopment Project kick-off. The \$12 million project includes 114 units, 22 buildings divided in 12 phases. DEI representatives explained the importance of certification and steps to become City certified to many Section 3 businesses. Later in the month, DEI participated in Start:ME-Evanston’s “Doing Business in Your Community” tradeshow. This tradeshow gives Start:ME entrepreneurs the opportunity to make connections to meet with local

businesses and organizations. DEI participates in this tradeshow every year and provides information on city certification and procurement opportunities. Closing out the month, DEI had the honor of serving as a judge for the SQUARE1 Startup Scholars Pitch semi-final. Startup Scholars runs entrepreneurial educational programs at high schools in greater Cincinnati. This competition featured pitches from top high school ideas and honored a high impact entrepreneur.

DEI understand the value of working with our local development community and participates in opportunities that allow city certified and non-city certified firms' opportunities to engage with prime contractors and developers committed to inclusion on their projects. In March, DEI presented at 3CDC's MBE/WBE mixer, where minority and women owned firms were introduced to key developers in OTR and the Cincinnati community. DEI presented on the importance of certifications and engaged with many interested firms looking to become certified with the City of Cincinnati.

VI. CONCLUSION

The quarterly reports provide a snapshot view of how the City is progressing toward reaching its annual SBE goals. The information gathered each quarter is used to strategize for the coming months. These reports are SBE-specific and do not address certified MBE or WBE spend or certified MBE/WBE award, both of which are separately reported for those programs.
