**MOTIONS**

**E. Ryder Motion Dated December 3, 2015**

E. Ryder submitted a motion to the December 3, 2015 Board meeting where it was tabled until after a legal review could be obtained. The motion stated, “All items for action by the Board of Trustees of the Cincinnati Retirement System at a Board meeting must be submitted at least seven days in advance of the meeting and include all supporting documents. The Board Chair may waive this requirement on request by the administration showing good cause for the waiver.

Contemporaneously with such requests, copies must be sent electronically to all Board members. Further, all action items, including supporting documents, shall be deemed public records at the time of their submission to the Board Chair. Board members may address comments on action items to the Chair, copies to all other Board members and to the administration. Any comments received from Board members or the public shall be similarly distributed and deemed public records. Effective January 1, 2016.”

The motion was resubmitted today for the Board’s consideration. The Board restated its recommendation from the December 5, 2015 meeting that submission of items to the Board at least seven days in advance should be considered a guideline rather than a rule. All information can be posted on the Retirement web site as it becomes available except propriety trade secrets and attorney/client privilege information. Administration to verify with Marquette that no proprietary materials are contained in their quarterly reports.

T. Nestor and R. Hardin provided a legal opinion regarding the statements: “Board members may address comments on action items to the Chair, copies to all other Board members and to the administration. Any comments received from Board members or the public shall be similarly distributed and deemed public records.” T. Nestor cautioned Board members from communicating with each other via email about Board business. Discussing business outside of a public forum could be perceived as a violation of the Open Meetings Act. The Solicitor’s Office recommends Board members refrain from emailing each other about Board business. Conduct the discussions in the Board or Committee meeting, in an open forum.

E. Ryder withdrew his motion in lieu of the Retirement Office implementing the practice of posting Board information on the Retirement web site as soon as it becomes available.

**E. Ryder Motion Dated January 7, 2016**

E. Ryder submitted a motion to the January 7, 2016 Board meeting where the motion was tabled until after a legal review could be obtained. The motion stated, “Unless explicitly requested by the Board of Trustees
of the Cincinnati Retirement System in its request for advice from the Solicitor that the Solicitor’s response be privileged and confidential, the Board waives any such claim. Further, such responses shall be subject to the Board’s requirements for the timely submission, distribution and publication of items for action by the Board.

Provided however, if the Solicitor is of the opinion that the disclosure of such advice would be adverse to the best interests of the Cincinnati Retirement System, the Solicitor shall explain his or her reasons to the System’s Executive Director and the Chair of the Board. If and only if the Executive Director and the Chair concur, the Solicitor’s response shall be designated as privileged and confidential. In that event the Board may override such designation and declare it to be public record.”

The motion was resubmitted today for Board consideration. T. Nestor and R. Hardin, Solicitor’s Office, provided a document dated May 5, 2016, from the City Solicitor regarding the Open Meetings Act. The document is protected under the Attorney/Client Privilege. T. Nestor and R. Hardin advised the Board against prospectively waiving their Attorney/Client Privilege as stated in E. Ryder’s motion. The Board currently has the ability to waive an Attorney/Client Privilege with a majority vote.

Replacement Motion
E. Ryder agreed to “withdraw the motion provided that it’s understood that the Board will immediately take up a second motion, a replacement motion, to waive the Attorney/Client Privilege with respect to the May 5, 2016 document from the City Solicitor regarding the Open Meetings Act.” T. Nestor and R. Hardin reiterated that in general, attorneys advise clients not to waive an Attorney/Client Privilege as the documents contain confidential information. OTHER BUSINESS

D. Beets raised questions concerning the following items:

Poverty COLA
When will the Poverty COLA be implemented? CRS is working with City Solicitor’s Office concerning implementation of Poverty COLA. Methods for income verification are still being considered. The benefit will be administered retroactively.

Prescription Coverage Issues
Why has UHC notified some retirees of the denial of certain muscle relaxants drugs? P. Tilsley explained that Medicare Part D Plans are subject to more rigorous rules. Medicare, AARP and other organizations have identified certain medications to be riskier for the older population. To manage these risks, Medicare Part D Rx plans require that certain drugs be subject to prior authorization, quantity limits or step therapy rules. Medicare also provides multiple levels of appeal for participants, to provide additional options in certain circumstances. Prescription coverage for pre-65 participants are not subject to all of the same limits as Medicare Part D programs.

Transfer of Funds to the 115 Retiree Health Care Trust
Were the funds transferred into the 115 Trust? P. Tilsley and B. Moeller confirmed that in accordance with the CSA, funds from the 401(h) health care account were transferred to the 115 Retiree Health Care Trust effective December 31, 2015, less those funds that were moved to the Pension plan, per the CSA.
