CINCINNATI BOARD OF HEALTH
BOARD OF HEALTH MEETING
September 28, 2021

Dr. Edward Herzig, Chair of the Board of Health, called the August 24, 2021, meeting of the Cincinnati Board of Health to order at 6:00 p.m.

I. ROLL CALL:

Board Members Attending: Dr. Surmeet Bedi, Carrie Douglas, Dr. Joe Hackworth, Dr. Edward Herzig, Dr. Phil Lichtenstein, Dr. Monica Mitchell, and Kate Schroder

Absent: Raynal Moore

Others Present: Commissioner Melba Moore, Domonic Hopson, Dr. Maryse Amin, Robert Brown, Kate Burroughs, Dr. Anna Novais, Debi Smith, Dr. Camille Jones, David Miller, Dr. Grant Mussman, Kimberly Wright, Ashanti Salter, Jill Byrd, Andrew Lovell, Harry Barnes, and Antonio Young.

AGENDA

ITEM	TOPIC	RESPONSIBLE PARTY	ACTION/MOTION
Minutes	Motion that the Board of Health approve the minutes of the August 24, 2021, Board of Health meeting.	Ashanti Salter	Motion: Dr. Herzig 2 nd motion: Dr. Hackworth Action: 8-0 vote
Commissioner's Report	Discussion Items: Vaccination Planning: COVID Center team is responding to questions related to isolation, quarantine, scheduling homebound visits, scheduling booster appointments. and directing callers to the closest vaccination and testing sites. CCHMC, Closing the Health Gap, and Cincinnati Public Schools- Youth Engage COVID-19 Back to School Virtual Event and Challenge, where youth had their opportunity to ask questions about vaccines. COVID Testing - June 20, 2020, through November 22, 2020, CHD held 40 pop-up testing events at 36 locations. 17,884 PCR tests were performed; 16,221 PCR tests were negative; 995 PCR test were positive and 670 were indeterminate/unknown PCR result. - December 22, 2020- September 22, 2021, CHD had hosted 642 vaccine events at 111 locations. Resulting in 86,457 total doses administered; 46,646 1st doses and 39,725 2nd doses and 86 3rd doses administered. Environmental Health Update - This year we've had two incidences of mercury release at a private residence. Our Environmental Health team worked closely with Ohio EPA and USEPA to ensure time-critical removal to avoid further contamination of the residence and other units.	Comm. Melba Moore	

COVID-19 UPDATE	Discussion Items: Presentation and Memo were included in the agenda As of September 27, the city of Cincinnati reported 35,557 confirmed and probable cases of COVID transmission continues to be high in the community	Kimberly Wright	
2022 Solid Waste Transfer Licensure for Republic Service of Ohio Hauling, LLC	Memo was included in the agenda Motion: to Approve Waiving of the three readings for approving the Resolution of the Board of Health of the City of Cincinnati granting to Republic Services of Ohio Hauling, LLC a license for the year 2022 to operate a solid waste transfer station at 5701 Este Avenue, Cincinnati, OH. Discussion: This is a solid waste transfer station in accordance with Ohio Revised Code (ORC) Chapter 3734 and Ohio Administrative Code (OAC) Chapter 3745-37. The Facility is operated by Republic Services of Ohio Hauling, LLC. Cincinnati had two inspections this year and there are no complaints. Mr. Young recommends the BOH renew the 2022 license for this facility. Motion to Approve the Resolution of the Board of Health of the City of Cincinnati granting to Republic Services of Ohio Hauling, LLC a license for the year 2022 to operate a solid waste transfer station at 5701 Este Avenue, Cincinnati, OH.	Antonio Young	Motion: Dr. Herzig 2nd motion: Dr. Hackworth Action: 8-0 vote Motion: Dr. Herzig 2nd motion: Dr. Hackworth Action: 8-0 vote
2022 Solid Waste Class II Compost Licensure for Corporation of Findlay Market	Motion to Approve Waiving of the three readings for approving the Resolution of the Board of Health of the City of Cincinnati granting to the Corporation of Findlay Market a license for the year 2022 to operate a Class II Composting Facility at 1801 Race Street, Cincinnati, OH. Discussion: Findlay Market Class II Compost Facility in accordance with Ohio Revised Code (ORC) Chapter 3734 and Ohio Administrative Code (OAC) Chapter 3745-37. The facility is actively composting. Mr. Young recommends that the BOH renew the 2022 license for this facility. Motion to Approve the Resolution of the Board of Health of the City of Cincinnati granting to the Corporation of Findlay Market a license for the year 2022 to operate a Class II Composting Facility at 1801 Race Street, Cincinnati, OH.	Antonio Young	Motion: Dr. Herzig 2nd motion: Dr. Hackworth Action: 8-0 vote Motion: Dr. Hackworth 2nd motion: Ms. Douglas Action: 8-0 vote
Infant Mortality Update	Discussion items: Memo and presentation were included in the agenda - Update on the infant mortality rates in Cincinnati by looking at these rates separately from 2010 to 2020 and then comparing those rates to what we're seeing so far in 2021 - A significant difference between black infant mortality rates at 16.4 compared to white infant mortality at 6.0. - calculate the rates by the top 5 neighborhoods.	Andrew Lovell	
Finance Update	Discussion Items: Memo and materials were included in the agenda Revenue Presentation	Debi Smith	

	July 2021 Highlights Ms. Smith highlighted for fiscal year 2021-year CHD ended with a net gain. The biggest contributing factor was the reimbursement of prior year expenses related to COVID. There was a slight increase in personnel which was due to the increase in school nursing and then lower for vacant positions. Ms. Smith there was an increase in spending and contractual services and that was mainly due to the temp services for COVID-19 we also did purchased some more equipment this year than in the previous year that was mostly for dental. Working with Director Scott on a list of all current vaccine costs incurred between January and September 30th. FEMA is reimbursing for the costs.		
Finance Committee Contracts	The Finance Committee discussed the contracts and recommended their approval. Motion to Approve Contract 25x10482-RedSail Technologies	Dr. Bhati	Motion: Dr. Bhati 2nd motion: Dr. Hackworth Action: 8-0 vote
Contracts & Grants	Motion to Approve Contract 25x10487- UC Health/Health Collaborative		Motion: Dr. Phil 2nd motion: Ms. Douglas Action: 7-0 vote Recuse: Ms. Schroder
Contracts & Grants	Motion to Approve Contract 25x10481-Talbert House, Incorporated		Motion: Dr. Hackworth 2nd motion: Ms. Schroder Action: 8-0 vote
Contracts & Grants	Motion to Approve Contract 25x10474-First Amendment Abacus		Motion: Dr. Herzig 2nd motion: Ms. Douglas Action: 8-0 vote
Medical Director Update	Presentation and Discussion Highlights- PowerPoint slides were included in the agenda. Dr. Mussman provided a brief overview of UDS measures, dashboards, summary of QI capacity building, Impact U, and LEAN projects	Dr. Grant Mussman	
Personnel Actions	Motion to Approve the personnel actions dated September 28, 2021	Comm. Melba Moore	Motion: Ms. Schroder 2nd motion: Dr. Bhati Action: 8-0 vote
Executive Session	Motion 7:21 p.m. —That the Board of Health enter an Executive Session pursuant to Ohio Revised Code Section 121.22(G)(1) to discuss personnel matter.	Dr. Edward Herzig	Motion: Dr. Herzig 2nd motion: Dr. Bhati Action: 8-0 vote
Return from Executive session	At 8:07 pm, Board of Health returned to the open meeting of the Board of Health to move forward with discussion and/or action pursuant to information during the Executive session, which included the resumption of the livestream feed on Citicable.		Motion: Dr. Herzig 2nd motion: Dr. Bhati Action: 8-0 vote
New Business and Public Comment	No public comment	Ashanti Salter	

8:08 p.m. adjourned.

Next meeting: Monday October 25, 2021, 6:00 p.m.

Meeting can be viewed and is incorporated in the minutes <https://archive.org/details/boh-meeting-9-28-21>

Minutes Approved by:

Ashanti Salter, Clerk

Edward B. Herzig
Chairperson, Board of Health

DATE: October 22, 2021

TO: Cincinnati Health Department Board of Health

FROM: Kim Wright, Supervising Epidemiologist Communicable Disease Prevention and Control - CHES

SUBJECT: October COVID-19 Update

COVID-19 Data Highlights:

- As of October 21, 2021, the City of Cincinnati has 36,663 COVID-19 confirmed and probable cases (update to State database caused totals to change).
- Transmission of COVID-19 in the community continues to be high. The seven-day cumulative new cases per 100,000 is 143, down from 285, reported last month.
- The 7-day moving average count decreased by half to 62 cases for the City of Cincinnati. The 7-day moving average rate per 100,000 decreased to 20.
- The percent positive for COVID-19 cases in the 14-county area has decreased to 7.1% since last month, with school aged children being the highest age group at 9.6. The number of tests performed still near 3,000 per day.
- The 14-county area R value has decreased to .87.
- Cincinnati continues to report approximately 86% of COVID-19 cases experience symptoms. 89 residents are presently hospitalized.
- Of the % hospitalized in the region, 17% are COVID-19 positive, slightly lower than last month, 31% of ICU patients (same as last month) and 79% of patients on ventilators (slightly down) are COVID-19 positive. 101% of the region's ICU beds were reported occupied on 10/20/2021 and 97% of the region's medical-surgical beds were occupied (both higher than last month).
- CHD is reporting a total of 451 variant cases detected in specimens tested by ODH. Delta continues to be the only variant detected in Cincinnati in the last 2 months and the predominant circulating variant in the country.
- As of 10/21/2021 CHD is reporting a total of 386 vaccine breakthrough cases. 15 cases have been hospitalized. 1 case is deceased.
- **Contact Tracing:**
 - CHD contact tracing remains in surge mode.
 - CHD began mailing initiation of isolation letters to all new cases reported with addresses on September 9th. As of 10/19/2021, 5,463 Initiation of Isolation letters have been mailed to new cases of COVID-19 residing in Cincinnati.
 - CHD is also receiving and following up on positive home test results through the self-reporting result survey published last month.

- **COVID Command Center**

- CHD is currently fielding between 100-150 calls per day from residents seeking vaccination or testing opportunities in Cincinnati. Additionally, our Covid Command Center Team is making 150-200 calls per day through outreach to approximately 2,000 patients eligible to receive Pfizer booster vaccinations who do not have access to email. We are also sending approximately 500 emails per day to the eligible 13,461 patients who have provided an email.
- CHD continues to respond to requests for proof of vaccination or testing as is being required by more employers in the city.
- CHD continues to bring in new staff as needed to meet the needs of the community, supporting schools and daycares, congregate living, and other high-risk settings.
- CHD continues to submit weekly mandated school and long-term care COVID-19 reports:
 - LTCF resident positives decreased to 10 during the week of 10/10/2021 through 10/16/2021, and staff positives increased to 17.
 - As of 10/19/2021 there have been 1409 positive students reported by Cincinnati Schools this school year and 317 positive staff. There have been 351 positive non-public school students and 83 positive staff reported to CHD over the same time.

- **COVID-19 Vaccination:**

- As of October 21, 2021, 4,215 partially vaccinated individuals and 43,112 fully vaccinated individuals have received COVID-19 vaccinations from CHD. One hundred and six 3rd doses have been provided to the moderately to severely immune-compromised, and 686 boosters provided since 9/27/2021.
- CHD continues to prepare for pediatric COVID-19 vaccinations. A survey was developed to gauge the public demand for CHD to provide pediatric vaccinations.
- CHD also continues to prepare to provide Moderna boosters. An estimated 2,000 CHD patients will be eligible to receive Moderna boosters and will also be contact via phone call or email as appointments become available.

Questions?

DATE: October 26, 2021

TO: City of Cincinnati Board of Health

FROM: Debi Smith, Interim CFO

SUBJECT: Revenue Presentation 2021

FINANCIAL STATEMENTS REVIEW FOR THE FISCAL YEAR 2022 - SEPTEMBER

2021 September Highlights:

- Revenue as of the end of September was \$14,035,369.49. Which was a 34.44% increase from September of 2020. Expenses as of September 2021 totaled \$13,261,878.77 which was a 2.43% increase from September 2020. Total net gain was \$1,297,490.72.

Year over Year:

- Food Establishment and Food Service saw huge increases. The annual due date was extended from March 31st to June 30th. Due to the end of the fiscal year ending in June, payments were still coming in at the beginning of the new fiscal year.
- School Nursing also increase in FY22. This is due to invoices for the prior year being paid at the beginning of the current fiscal year. We are also working on bringing an additional 10 Medical Assistants to the schools. These will initially be temporary employees while we work toward hiring full-time employees.
- As of September, we had \$244,087.72 in overtime compared to September of 2020's total of \$365,733.10. The total in overtime is mainly due to Covid-19 activities with \$209,924.06 in disaster overtime. A huge percentage of the overtime is eligible for reimbursement from FEMA. As stated last month, Cincinnati Health Department has been given the task in coordinating the City's collection of expenses in administering the COVID-19 vaccine which is 100% reimbursable by FEMA. Initially it was to be all vaccine expenses through September 30th, 2021, were eligible for reimbursement. However, on August 17th President Biden announced continued support through December 31st, 2021. Several Fiscal members are now working on the FEMA submission. We currently have through August completed and just working on the submission documents. We are aiming to have the January thru August submittal ready by October 31st.
- 7200-Contractual service, the expense that is driving the difference between FY22 and FY21 at 19.35% is due to the timing of invoices. We paid UMADOP and Talbert House over \$145,000 while in FY20 this hit later in the year.
- 7300-Materials, the primary factor for FY22 compared to FY21 being 31.97% higher is due partly due to the timing of invoices being paid. We also paid Cintas \$31,113.85 for clothing for Nurses. Their clothing allowance was for the past 3 years that was written into the new contract. This will be a continuing cost each year but at a lower amount since the current payments include prior years.
- 7400-Fixed Cost, comparison between FY22 and FY21 shows that there is a net difference of 12.86% more than FY21, which is approximately \$54,906.11. Again, this is due to timing of invoices being paid.

EXECUTIVE SUMMARY

Consultant will serve as Accreditation Coordinator through December 31, 2022. The total amount of the contract will be \$66,000.00.

Scope of Work

The Contractor will assist the Board of Health in meeting the required objectives in the PHAB annual reporting and facilitating the strategic planning process.

Consultant Tasks

- Serve as the CHD PHAB Accreditation Coordinator until December 31, 2022, or as mutually agreed upon.
- Provide final documents and technical assistance to CHD that meets all the elements defined in PHAB
- Serve as the Chair for the CHD Policy Committee/Ethics Review Committee

Strategic Plan Management

- Facilitating the strategic planning process with program and Division managers
- Preparing reports for board review

CHD Tasks

- Identify and determine lead contacts for Domains
- Provide relevant documents and feedback
- Meet with Contractor and conference calls/web meetings as needed.
- Review, edit and return draft documents
- Respond to emails and phone calls.

EXECUTIVE SUMMARY

CHD would like to enter into an agreement with UC Physicians Company to provide pediatrician who is also board certified in Psychiatry as well as Child and Adolescent Psychiatry. The proposed scope of services includes provision of pediatric care at Braxton Cann Health Center 4 hours per week. Additional FTE time by a board-certified pediatrician increases the access of patients to pediatric services, increases the level of service provided, and increases the expertise available to mid-level practitioners.

Epidemiology

Infant Vitality Surveillance:

Provisional deaths for 2020:

City 2020 = 44

County (minus the city) 2020 = 33

Total Hamilton County 2020 = 77

The provisional number of births for 2020 (births extracted from Ohio Resident live births database (by residence city/county) as of 10.19.21):

City of Cincinnati = 4,353

Hamilton County births outside of the City limits = 5,977

Hamilton County inclusive of the City = 10,330

The provisional infant mortality rate for 2020 based on our current numbers:

City of Cincinnati IMR = 10.1 per 1,000 live births

Hamilton County outside the City limits = 5.5 per 1,000 live births

Hamilton County IMR = 7.5 per 1,000 live births (inclusive of the city numbers)

The 2020 IMRs may change slightly when births are geocoded.

Provisional deaths for 2021:

City 2021 = 30

County (minus the city) 2021 = 19p

Total Hamilton County 2021 = 49

The provisional number of births for 2021 (births extracted from Ohio Resident live births database (by residence city/county) as of 10.19.21):

City of Cincinnati = 3267

Hamilton County births outside of the City limits = 4636

Hamilton County inclusive of the City = 7903

The provisional infant mortality rate for 2021 based on our current numbers:

City of Cincinnati IMR = 9.2 per 1,000 live births

Hamilton County outside the City limits = 4.1 per 1,000 live births

Hamilton County IMR = 6.2 per 1,000 live births (inclusive of the city numbers)

Communicable Disease

Novel Coronavirus (COVID-19) Summary

Attached is a summary of the COVID-19 update as of 10.20.2021. Cincinnati Health Department continues to participate in weekly conference calls with the Ohio Department of Health and regular briefings of the Cincinnati Health Department's COVID-19 Incident Command Team. Our Command Center and Communicable Disease Unit staff are actively conducting positive case investigations and working with ODH for active monitoring of positive cases and close contacts of the positive cases. We have been working closely with the non-public schools and Cincinnati Public Schools to conduct contact tracing aimed for in-person learning. We are vaccinating all tiers and groups 12+. We have started vaccinating for Pfizer booster doses based on eligibility. We are waiting for approval for the 5-11 age group for Pfizer vaccine and Moderna booster. Currently, immunocompromised are eligible for a third dose as part of their series. We extend great appreciation to the entire CHD team for all their tremendous efforts.

Monthly Infectious Disease Surveillance Summary,^{1,2} September 2021

1) Confirmed and probable cases reported by health care providers and laboratories among residents of the City of Cincinnati by date of event (most frequently, the date of event is the date of illness onset).

2) List includes only reportable conditions for which at least one case was reported in either year; the full list of reportable conditions in Ohio can be found at <https://odh.ohio.gov/wps/portal/gov/odh/know-our-programs/infectious-disease-control-manual>.

*Acquired through international travel

[^]CP-CRE (Carbapenemase-Producing Carbapenem-Resistant Enterobacteriaceae) is a multi-drug resistant condition newly reportable as of March 2018.

[#]Note that sexually-transmitted infections, Human Immunodeficiency Virus (HIV) infections (including AIDS) and Tuberculosis are investigated and reported by Hamilton County Public Health and are not included here.

Accreditation

PHAB Action Plan Update:

CHD has received notice from the PHAB Board that the Action Plan is approved and is now accredited as of May 19, 2021. Many Congratulations to all the hard work over the years to accomplish this goal!

Cincy CHIP Update:

The Cincy CHIP Plan is completed, and implementation began January 1, 2020. The CHIP Plan is posted on the Cincinnati Health Department website and disseminated to our community partners. The CHIP Action Team Chairs have met to discuss how plans can progress. Various Action Teams have postponed activities until mid-2021.

Regional CHNA Update:

CHD is working with the Regional CHNA group lead by The Health Collaborative (THC) to collect data for the upcoming CHNA for 2022.

Quality Improvement/ Quality Assurance

Clinical QI committee has resumed meeting. Public Health QI is working with CCHMC to build the systems dashboard for public health programs. QI training sessions have started for the Healthy Homes and Lead Programs.

Healthy Communities Program - Live, Work, Play Coalition: October 2021

The Live-Work-Play-Cincinnati Coalition met Wednesday, October 13th from 10:00a-12:00p, via Zoom. Approximately 30 attendees.

Presentations:

Ohio Raises the Tobacco Sales Age to 21: Youth Are Protected...Right???

Wendy Hyde, Regional Director
Preventing Tobacco Addiction Foundation – Tobacco 21

Food Access and Distribution

Mona Jenkins & Teresa Martin
Co-Op Cincy

Healthy Eating

- No update

Active Living (AL)

- October 12, 2021 - Attended Mental Health Action Summit at University of Cincinnati
- October 14, 2021 - Attended Safe Routes to School Webinar focused on what is the status of federal funding for Safe Routes to School, Walking, and Bicycling initiatives.

ACEs/Opioids Narrative Project

- September 29, 2021 - Submitted Final invoice for ACEs/Opioids Narrative grant to NNPHI (National Network of Public Health Institutes) for reimbursement of \$5,198.77 to close out the grant

Grant amount: \$90,000

Tobacco 21/Tobacco Retail License Program

- 6 new licenses issued in the last month. Currently in Y2, 291 licenses issued / 302 total retailers (96%)
- 2021-2022 TRL renewal period opened on 10/15/21. Since that date, 36 licenses have been renewed.
- 3 Administrative Hearings conducted regarding appeals to citations: 1 citation upheld, 1 citation waived, 1 To Be Determined
- 3 citations issued to businesses selling tobacco without a valid TRL.
- 4 Interviews conducted with Underage Buyer candidates: 2 were selected and are in the hiring process.
- 9/23/2021 - Meeting with CAGIS to discuss how to increase efficiency of license and signage checks
- 10/4/2021 - T21 Working Group meeting to discuss potential licensing of retailers selling only tobacco paraphernalia.

- 10/14/2021 - Meeting with Washington University T21 program evaluation partners to discuss data reporting and electronic storage methods.

Cribs for Kids

- Cribs for Kid distributed 75 cribs in September.
- Sweet Cheeks Diaper Bank distributed 2800 diapers and 1 potty training kit in September.
- Tidal Babe program distributed 17 menstrual kits in September.

Men's Health Program (MHP)

- No update

Tobacco 21/Tobacco Retail License Program

- September 10 – Secondhand smoke/Cessation information distribution at a community BBQ hosted by Cincinnati Metropolitan Housing Authority.
- September 14 - TFL Coordinator presented to home health program about ODH tobacco program for pregnant moms-to-be.
- September 22- The fourth (of ten) "Air We Share" strategic planning workgroup meetings took place via Zoom with community members and business owners from Avondale.
- September 24- TFL Coordinator participated in the One Stop Community event where clients recently released from prison obtained tobacco cessation services.
- September 27- TFL Coordinator participated in independent living simulation with high school students sponsored by Independence City, vape and tobacco booth.
- September 28- TFL Coordinator participated in ODH sponsored Ohio College and University Tobacco-Free Policy Stakeholder Call
- September 29- TFL Coordinator participated in a health fair on the campus of Cincinnati State Community College.

Notes: *PIRA's = Paint Inspection/Risk Assessment. Owner meeting = meeting w/the owner to go over the inspection report/answer questions regarding interim controls/remediation. Compliance checks = Grant projects as well as projects that independent contractors are working on for EBL cases. On Clinic update = Case contacts/follow ups thru' CCHMC's Lead Clinic.

Cincinnati Vital Records and Statistics Program

Vital Records staff assisted 26 customers with birth certificate corrections using the affidavit process.

Vital Records staff assisted 152 customers with birth certificate corrections using the service now correction process.

Vital Records approved and processed 12 unclaimed decedents in September 2021 ten were male and two were female.

Of that total 0 was homeless

Of that total 0 were Veterans

Vital Records issued 309 burial/cremation permits

Of that number 218 were issued by sub registrars

Of that total number 91 were issued by vital records staff

Kiosk Birth Certificates Sales	1658
Kiosk Death Certificates Sales	105
Web Birth Certificates Sales	878
Web Death Certificates Sales	1240
Kiosk total payment Amount	\$48,286
Web Total Payment Amount	\$286,532

*Monthly dashboard is not an account of dollars paid thru the fiscal department and does not reflect refunds, mail, and Vital Check payments.

*This system now includes nonprofit organization (NPO) request.

Public Health Preparedness

- Meeting, Grants, and Employee Safety
 - Revised the COVID Response Supplemental Budget for submittal to ODH for review and approval.
 - Procured Personal Protective Equipment for CHD Respiratory Protection Program
- Training Exercises and Improvement Plans
 - Initiated draft of COVID-19 After Action/Improvement Plan due 10/30/21 (PHEP deliverable)
- Response Activities
 - Provided logistical, planning, and operational support for **48** individual vaccine Points of Dispensing (PODs) in September.
 - Responded to a residential mercury spill with Ohio Environmental Protection Agency. (OEPA) Coordinated the response with OEPA and input from USEPA. Remediation orders were issued, compliance documentation expected 10/19/21.

Environmental Health

The Environmental Health Division strives to provide quality community-based services to Cincinnati citizens through the enforcement of public health laws. Through four offices, the Division issues health permits, investigates complaints and conducts state mandated inspections of Cincinnati's restaurants, food trucks, grocery stores, festivals, composing facilities, tattoo and body piercing parlors, infectious waste facilities, junk vehicles, solid waste open dumps, swimming pools and spray grounds, mosquitoes, rabies exposures, household sewage treatment systems, smoking in public places, mold, no water, no heat, rat and mouse, surfacing sewage, roaches, defective plumbing, schools, unsanitary living conditions, hotels, and institutions, along with other programs. The inspector's focus on prevention, consultation, and educating our thriving community on health risks and maintaining a safe environment.

Food Inspection Program (Events)

- Riverfest - Sawyer Point - September 6th
- Oktoberfest - Banks - September 17th-18th
- Ish Festival - Washington Park -September 26th

*Note: CCP = Critical Control Point Inspections.

Retail Food Establishments (RFE)

FSO/RFE Complaints

*Note: FSO = Food Service Operations; RFE = Retail Food Establishment.

Healthy Homes Program

- The Healthy Homes Office is participating in the LEAN courses through Children's Hospital. Staff is relearning ways to look at our daily work processes/flow, and use the tools learned in class to become more efficient.

*Note: FSO = Food Service Operations; RFE = Retail Food Establishment.

**Note:* Plan Reviews are only completed when there is a new facility or renovation.

**Note:* This data reflects the number of complaints received for the entire City.
