 - Favorite thing about Cincinnati

Activity #1 - Photo Share (00:40)

- **In this activity, we want to create an archetype of Cincinnati housing using your experience and expertise.**
- **Presentation - Building Form, Setback, Architecture elements**
- **Form a team of 3-4 group members**
- **Each team member shares their neighborhood photos**
 - Discuss why you chose each house.
 - What are the elements that drew you to those homes?
- **Create a list of common elements from the photos**
 - What do the homes in your neighborhood have in common with homes in other neighborhoods?

- **Full group share out and combine.**
 - Each team will share its list of common elements.
 - The end goal is to create a primary list that combines the common elements across teams or the elements that the group feels strongly about.
 - The primary list will be revisited and used for Meeting #2.

Break Time (00:05)

Activity #2 – Housing Stages of Life (00:20)

- In this activity, we want to learn about what housing layouts and amenities were, are, or are going to be important to you at various stages in your life, including your adolescence (18-25), young adulthood (26-40), middle adulthood (41-60), and late adulthood (60+).
